Singh brings his passion to the pages as he delves into under-employment, wage suppression, age discrimination and CEO compensation. It is also a must read for all corporate professionals and graduating college students. Notes From The Author: With all of the problems that are based on decades of Wage Stagnation and Discrimination, with Ageism (Age Discrimination) now growing into an epidemic, I found it necessary to write this book that will shine light on covered up problems that plague our country's corporate culture and society in general. Age Discrimination is not about older people today - it has grown into a Multi-Generational issue that now Ageism effects all ages in the 21st Century. America's Wage Inequality is one of the highest growing dilemma's facing the nation today. I am actively working to bring the awareness of these issues as Societal Root Causes for the massive outcomes that manifest as mental and physical human distress. After years of being in the trenches of corporate human resources and talent acquisition, taking the past 2 years digging into research as well, I want to propose alternative solutions from various angles that the entire society can take part in - so everyone can have a voice. In closing, I think it is that right of not only every American but every human being to have a blissful life and ability to make an honest living. These issues have to be addressed NOW as we are at a tipping point - we can have the American Dream back.

An alternative autobiography of the well-loved actor and man of the theatre. In *My Life in Pieces* Simon Callow retraces his life through the multifarious performers, writers, productions and events which have left their indelible mark on him. The story begins with Peter Pan – his first ever visit to the theatre – before transporting us to southern Africa and South London, where Callow spent much of his childhood. Later, he charms his way into a job at the National Theatre box office courtesy of his hero, Laurence Olivier – and thus consummated a lifetime's love affair with theatre. Alongside Olivier, we encounter Paul Scofield, Michael Gambon, Alan Bennett and Richard Eyre, all of whom Callow has worked with, as well as John Gielgud, Ralph Richardson and Alec Guinness, David Hare, Simon Gray and many more. He writes too about figures he did not meet but who greatly influenced his life and work, figures such as Stanislavsky, Nureyev and Cocteau,

as well as Charles Laughton and Orson Welles. And he even makes room for not-quite- legit performers like Tony Hancock, Tommy Cooper, Frankie Howard – and Mrs Shufflewick. The result is a passionate, instructive and beguiling book which, in tracing Simon Callow's own 'sentimental education', leaves us enriched by his generosity and wisdom. 'first rate... the best writer-actor we have' David Hare 'Simon Callow combines zest, originality and passion and has elegantly turned his views and life in the theatre into an astonishing memoir' Richard Eyre

Gabi's a girl in pieces. She wants a lot of things. Will she find the thing she needs most?

Named a Debut Book to Look Forward to This Summer by Bustle "Audaciously human and raw. The Way She Feels is a rainbow during the rain." —Mara Altman A witty and one-of-a-kind debut graphic memoir detailing and drawing the life of a girl with borderline personality disorder finding her way—and herself—one day at a time. What does it feel like to fall in love too hard and too fast, to hate yourself in equal and opposite measure? To live in such fear of rejection that you drive friends and lovers away?

Welcome to my world. I'm Courtney, and I have borderline personality disorder (BPD), along with over four million other people in the United States. Though I've shown every classic symptom of the disorder since childhood, I wasn't properly diagnosed until nearly a decade later, because the prevailing theory is that most people simply "grow out of it." Not me. In my illustrated memoir, *The Way She Feels: My Life on the Borderline in Pictures and Pieces*, I share what it's been like to live and love with this disorder. Not just the hospitalizations, treatments, and residential therapy, but the moments I found comfort in cereal, the color pink, or mini corn dogs; the days I couldn't style my hair because I thought the blow-dryer was going to hurt me; the peace I found when someone I love held me. This is a book about vulnerability, honesty, acceptance, and how to speak openly—not only with doctors, co-patients, friends, family, or partners, but also with ourselves.

A "marvelously macabre" (Kirkus Reviews) history of the bizarre afterlives of corpses of the celebrated and notorious dead. For some of the most influential figures in history, death marked the start of a new adventure. The famous deceased have been stolen, burned, sold, pickled, frozen, stuffed, impersonated, and even filed away in a lawyer's office. Their fingers, teeth, toes, arms, legs, skulls, hearts, lungs, and nether regions have embarked on voyages that crisscross the globe and stretch the imagination. Counterfeiters tried to steal Lincoln's corpse. Einstein's brain went on a cross-country road trip. And after Lord Horatio Nelson perished at Trafalgar, his sailors submerged him in brandy—which they drank. From Alexander the Great to Elvis Presley, and from Beethoven to Dorothy Parker, *Rest in Pieces* connects the lives of the famous dead to the hilarious and horrifying adventures of their corpses, and traces the evolution of cultural attitudes toward death.

This is the second instalment of the author's free-wheeling comments and off-the-cuff remarks on various matters under the sun, appearing in certain social media and other publications or just popping up in his mind, through which he could share his knowledge, reminiscences, ideas, opinions, fantasies, guidance (when sought!) and an occasional jest or two, freely and frankly -- all with a view to inform and entertain his readers, hopefully leaving them some little residue of positive value. The theme of this book, 'Bits and Pieces of Life', covers his generally serious reports and occasionally whimsical explanations of author's experiences in his 87-year old life in three lands. The cover story describes author's eighty-year old journey in photography and photo-journalism. Academics and graduate students may find his essays on research useful, and lifestyle followers may find his short and long responses to serious concerns, including his letter to grandchildren worldwide, quite worthwhile.

"Nothing short of riveting...an engrossing first-person account by one of our finest actors" (Huffington Post)—both a coming-of-age story and a meditation on creativity, devotion, and craft—Bryan Cranston, beloved and acclaimed star of one of history's most successful TV shows, *Breaking Bad*. Bryan Cranston began his acting career at the age of seven, when his father, a struggling actor and sometime director, cast him in a commercial for United Way. By fifth grade he was starring in the school play, spending hours at the local movie theater, and re-enacting favorite scenes with his brother in their living room. Cranston seemed destined to be an actor. But then his father left. And his family fell apart. Troubled by his father's missteps, Cranston abandoned his acting aspirations and resolved to pursue a steadier career in law enforcement. Then, on a two-year cross-country motorcycle journey, Cranston re-discovered his talent for acting and found his mission and his calling. In this "must-read memoir" (*The Philadelphia Inquirer*), Cranston traces the many roles he inhabited throughout his remarkable life, both on and off screen. For the first time he shares the story of his early years as an actor on the soap opera *Loving*, his recurring spots on *Seinfeld*, and his time as bumbling father Hal on *Malcolm in the Middle*, to his tour-de-force, Tony-winning performance as Lyndon Baines Johnson in Broadway's *All the Way*, to his most iconic role of all: *Breaking Bad*'s Walter White. "An illuminating window into the actor's psyche" (*People*), Cranston has much to say about creativity, devotion, and craft, as well as innate talent and its challenges and benefits and proper maintenance. "By turns gritty, funny, and sad" (*Entertainment Weekly*), ultimately *A Life in Parts* is a story about the joy, the necessity, and the transformative power of simple hard work.

Each square represents snapshots of life capturing time within each border. *Peace in Pieces* is a collection of forty-one poems that grapple with the complexity of living. Writing has been Peggy Belles's uncensored outlet throughout her life. Documented here in captivating verse are the immense challenges and indelible experiences of one woman's journey from a childhood marred by abuse, family addiction, and death into adulthood and the pursuit of a purposeful life for herself by helping others. Much like squares of a quilt, each poem in *Peace in Pieces* serves as a story of its own—a distinct sliver of Belles's life—but together they illustrate the humbling lessons that come with experience. Loss, shame, abuse, and regret are influences of Belles's words, but ultimately the power of vulnerability and the cyclical nature of blame and forgiveness are the prizes waiting in reflection. The poems run the gamut of some of life's most tragic themes. But through shimmering stanzas comes a sense of triumph amid challenge and the uplifting notion that inner peace is only waiting to be discovered. Ultimately, Belles's autobiography as told through her poetry is much more than it seems. *Peace in Pieces* captures a powerful sense of self—a deep consciousness and awareness that reveals that true inner strength is more than the mere ability to march on through adversity.

A Sunday Times top-five bestseller 'This is a remarkable book . . . profound and deeply moving . . . It has as much to tell us about mental illness as it does about policing' Alastair Stewart John Sutherland joined the Met in 1992, having dreamed of being a police officer since his teens. Rising quickly through the ranks, he experienced all that is extraordinary about a life in blue: saving lives, finding the lost, comforting the broken and helping to take dangerous people off the streets. But for every case with a happy ending, there were others that ended in desperate sadness, and in 2013 John suffered a major breakdown. *Blue* is his memoir of crime and calamity, of adventure and achievement, of friendship and failure, of serious illness and slow recovery. With searing honesty, it offers an immensely moving and personal insight into what it is to be a police officer in Britain today.

"Ok GOD!!! WHAT IN THE WORLD ARE YOU DOING IN MY LIFE? Why can't I have my own life? Trying to do this your way is too much! You keep showing me all this stuff, you keep getting my hopes up, I shout and fall out but then I run into consecutive brick walls. Why must you insist on playing in my face fam? You keep telling me to do all of this stuff, that I didn't sign up for and with little resources; do you not see my present state? Oh right, you don't care about that huh? THIS IS FRUSTRATING!" In the height of my frustration concerning what God was showing me about my future, he instructs me to buy a complex puzzle, A whole puzzle. I HATE PUZZLES! But in spite of the randomness and the many doubts running through my mind, I obeyed. As I worked on the puzzle God, literally, began giving me practical answers to all of my questions birthed out of frustration and revealed to me the "Why". I was trying to fulfill destiny, in full picture, which is why I was frustrated most of the time. I kept looking at my now but God was in the future, while still very present with me, showing me that Destiny is fulfilled in the working of the pieces that result in a full picture. If you are one of destiny and you are honest enough in your relationship with God to say "Hey, you know God, this actually sucks". This is the book for you, seriously. *DESTINY IN PIECES* is a practical, real, and humorous commingling of personal stories and testimonies equally yoked with Biblical principles that will provide context and language for what you're really feeling as a Destiny Walker. It is literally the GPS that rerouted the vehicle of my thoughts and feelings while sojourning the convoluted path to becoming who God called me to be. It won't reduce God's timing or alter his plan for you but you will learn to enjoy the ride!

In 1989 a woman named Karen showed up at author and psychiatrist Richard Baer's practice, terribly frightened and at breaking point. She explained that her husband beat her, her mother stole from her; she was in tremendous physical pain and wanted to die. Within a few sessions she also revealed that her father and grandfather had raped and tortured her repeatedly over the course of her childhood, frequently in the company of other neighbourhood men. She was now married with two children, but often could not account for stretches of minutes, hours, sometimes even days. As Karen's story unfolded over the following months, Baer realised that he was dealing with a severe case of Multiple Personality Disorder. Although it would take time and deep, hard-won trust before any of Karen's alternate personalities presented themselves in her psychiatrist's office, over the next five years Baer would encounter seventeen distinct personalities, all of whom had been living inside Karen since she was a young child, shielding her from an otherwise unbearable life. In the tradition of Oliver Saks and Irvin Yalom, Baer chronicles his nine years of work with Karen and all her distinct personalities, his often futile efforts to use the tools of his trade, and his patient's ultimate invention of her own cure. An unforgettable story of unimaginable suffering and ultimate recovery, *A Life In Pieces: How One Woman's Personality was Shattered by Years of Abuse* is the first full account of life with Multiple Personality Disorder written by the treating psychiatrist.
