The study of Cambodian religion has long been hampered by a lack of easily accessible scholarship. This impressive new work by Ian Harris thus fills a major gap and offers English-language scholars a booklength, up-to-date treatment of the religious aspects of Cambodian culture. Beginning with a coherent history of the presence of religion in the country from its inception to the present day, the book goes on to furnish insights into the distinctive nature of Cambodia's important yet overlooked manifestation of Theravada Buddhist tradition and to show how it reestablished itself following almost total annihilation during the Pol Pot period. Historical sections cover the dominant role of tantric Mahayana concepts and rituals under the last great king of Angkor, Jayavarman VII (1181–c. 1220); the rise of Theravada traditions after the collapse of the Angkorian civilization; the impact of foreign influences on the development of the nineteenth-century monastic order; and politicized Buddhism and the Buddhist contribution to an emerging sense of Khmer nationhood. The Buddhism practiced in Cambodia has much in common with parallel traditions in Thailand and Sri Lanka, yet there are also significant differences. The book concentrates on these and illustrates how a distinctly Cambodian Theravada developed by accommodating itself to premodern Khmer modes of thought. Following the overthrow of Prince Sihanouk in 1970, Cambodia slid rapidly into disorder and violence. Later chapters chart the elimination of institutional Buddhism under the Khmer Rouge and its gradual reemergence after Pol Pot, the restoration of the monastic order's prerevolutionary institutional forms, and the emergence of contemporary Buddhist groupings.

An engaging and enigmatic historical review of the way in which some countries have become economic successes, leaving others in their wake.

Cambodia's economic performance over the past decade has been impressive, and poverty reduction has made significant progress. In the 2000s, the contribution of agriculture and agro-industry to overall economic growth has come largely through the accumulation of factors of production---land and labor---as part of an extensive growth of activity, with productivity modestly improving from very low levels. Despite these generally positive signs, there is justifiable concern about Cambodia's ability to seize the opportunities presented. The concern is that the existing set of structural and institutional constraints, unless addressed by appropriate interventions and policies, will slow down economic growth and poverty reduction. These constraints include (i) an insecurity in land tenure, which inhibits investment in productive activities; (ii) low productivity in land and human capital; (iii) a business-enabling environment that is not conducive to formalized investment; (iv) underdeveloped rural roads and irrigation infrastructure; (v) a finance sector that is unable to mobilize significant funds for agricultural and rural development; and (vi) the critical need to strengthen public expenditure management to optimize scarce resources for effective delivery of rural services.

". . . the most comprehensive guide I have ever read for solving any conceivable trying scenario!" --Julie Jansen, bestselling author of *You Want Me to Work with Who?* and *I Don't Know What I Want, but I Know It's Not This* You can't stop office madness, but you can stop the madness from getting to you. Gossipy coworkers, unmanageable managers,

and cranky clients have got you pulling your hair out and gnawing your nails down to nubs. Al Bernstein shows you how understand the situation, how to keep the craziness from bothering you, how to keep things from getting worse, and how you can make them better.

Problems/solutions discussed inside: Coworkers who don't like you? Feed them! Hidden agendas? Unleash the power of "cc:" mail! Unpleasant supervisors? Tell them only what they want to hear! Office gossip? Dish out positive gossip about other people! Lying coworkers? Buy into their lies and watch what happens! And ninety-five more!

Katie likes to believe she's invisible. It seems so much safer than being exposed as who she is: shy, poor, and vulnerable. So getting up in front of audience as the lead in her school's production of *The Taming of the Shrew* should be complete torture. But as Katie tells it, something totally unexpected happened when she stepped on stage: "My head exploded. I loved it. Acting hit me like a sucker punch and I loved, loved, loved it! Invisible Katie became visible Katherina." Evan is, as they say, another story. He knows just what it takes to get noticed, and he uses every one of the skills he's perfected from years of being the new kid at yet another new school. Rich, smart, and ridiculously charming, he's like nothing and no one Katie has ever encountered. How then could someone like him possibly be interested in someone like her? But before she knows it they are inseparable. Over the dizzying course of their relationship, Katie must confront the fact that the power of love can conceal darker truths.

"In today's hypercompetitive world, kids often internalize the message that their worth is attached to their accomplishments and that messing up is something to be ashamed of, rather than a normal part of life, which can lead to critical self-talk. Listening with My Heart reminds us of the other golden rule--to treat ourselves like we would treat a friend. When we do this, we are practicing self-compassion."--

By analyzing conceptual transfer this volume offers new insight in areal linguistics. Mainland Southeast Asia unifies great linguistic richness consisting of numerous languages and countless varieties of genetically diverse language families. Nevertheless, the area is known as a prime example for linguistic convergence. Exemplified by spatial reference in Thai, Khmer, Lao and Vietnamese, this study reveals conceptual borrowing due to language contact as an areal defining feature. The results from the field-based data analysis may help answer what extent cultural impact can be used as evidence for the existence of linguistic areas. A speaker's cultural background might have a stronger impact on the choice of spatial language encoding than expected. Method and structure of argumentation can provide a model for similar questions addressing the existence of linguistic areas as well as to other cognitive dimensions within the Southeast Asian area under consideration. Therefore, the study can be seen as a significant contribution to analyze possibly existing conceptual areas empirically and exemplarily. Additionally, the investigation can serve as an important complement to empirical assumptions of conceptual transfer.

In 2008, Angie Smith and her husband Todd (lead singer of the group Selah) learned through ultrasound that their fourth daughter had conditions making her "incompatible with life." Advised to terminate the pregnancy, the Smiths chose instead to carry this child and allow room for a miracle. That miracle came the day they met Audrey Caroline and got the chance to love her for the precious two-and-a-half hours she lived on earth. Upon receiving the original diagnosis, Angie started a blog (Bring the Rain) to keep family and friends informed of their journey. Soon, the site exploded in popularity, connecting with thousands who were either experiencing their own heartbreaking situations or simply curious about how God could carry someone through something so tragic. *I Will Carry You* tells the powerful story of a parent losing her child, interwoven with the biblical story of Lazarus to help those who mourn to still have hope—to find grace and peace in the sacred dance of grief and joy. Endorsement "This is a beautiful and tender book that would touch any woman's heart, no matter her age or realm of experience. It is about a relationship so intimate with God that it carves a safe place for crises of faith, for faith proved genuine and for divine callings willed, sealed and fulfilled. Yes, this is one mother's moving story. This one mother also happens to be a true writer. We will hear more from her. Angie, I am so proud of you. May Christ continue to tip the ink jar toward your gifted quill." - Beth Moore Best-selling author and speaker

Hanna and Andreas will do anything to leave oppressive East Germany behind. There's one escape route open to them, but can they survive it? Hanna and Andreas have always been friends. When they're expelled from school for activism directly challenging the socialist state in East Germany, they end up doing factory work. But what kind of life do they have to look forward to without education or opportunity? Especially when they aren't allowed a voice? The choice to risk imprisonment or death by escaping to the democratic West seems like a risk worth taking. They set out to swim twenty-five hours across the choppy waters of the Baltic Sea. Linke's storytelling achieves a delicate balance between heightened moments of danger--searchlights, jellyfish, a Russian helicopter, a violent summer storm--and the monotony, ineffable fatigue, physical pain, cramping, fear, and hope that fill the rest of the journey. A memorable tale of two people risking all for a chance at freedom.

Michael's older brother dies at the beginning of the summer he turns 15, but as its title suggests *The Incredible Here and Now* is a tale of wonder, not of tragedy. Presented as a series of vignettes, in the tradition of Sandra Cisneros' Young Adult classic *The House on Mango Street*, it tells of Michael's coming of age in a year which brings him grief and romance; and of the place he lives in Western Sydney where 'those who don't know any better drive through the neighbourhood and lock their car doors', and those who do, flourish in its mix of cultures. Through his perceptions, the reader becomes familiar with Michael's community and its surroundings, the unsettled life of his family, the girl he meets at the local pool, the friends that gather in the McDonalds parking lot at night, the white Pontiac Trans Am that lights up his life like a magical talisman.
