

American History A Survey Online Book 10th Edition

Connect students to the experience of history. Connect students to success in history. Alan Brinkley's American History demonstrates that history is a dynamic story rather than a static collection of names and dates. American History shows an ongoing narrative, exploring historical evidence that teaches us about the past while revealing connections to the present. Known for its clear, single, balanced voice and impeccable scholarship, American History, Alan Brinkley's best-selling survey text propels students to think critically about the many forces that continually create and re-create the history of the United States. In this wide-ranging narrative, Alan Brinkley shows the diversity and complexity of the nation and of our understanding of its history—an understanding that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This 14th edition features a new series of Consider the Source essays, superior in-text learning tools, four new America in the World essays, and extensive content updates that demonstrate how a new generation of historians and of historical actors continues to shape the American story. And now, the most exciting of all, Alan Brinkley's American History offers Connect History, an innovative online assignment and assessment platform, which combines a fully integrated eBook with powerful learning and teaching tools. Tools that make assessment easier, learning more engaging, and studying more efficient. For example within Connect History, a groundbreaking adaptive diagnostic, LearnSmart, provides a personalized study experience for each student ensuring the mastery of basic chapter content. Additionally with Connect History, engaging interactivities such as Critical Missions immerse students in pivotal historical events, asks them to explore these situations, and then, make recommendations based on their findings. Connect History sharpens students' analytical skills, increases historical understanding, and improves overall course success.

American History Unbound is a survey of the United States from its beginnings to the present, as revealed by Asian American and Pacific Islander history as opposed to European history. This is a work of history and anti-history, a narrative that fundamentally transforms our understanding of U.S. history, while remaining an accessible and clear text for students. It is filled with engaging stories and themes that draw attention to key theoretical and historical interpretations. Amongst other reinterpretations it positions Asians and Pacific Islanders within a larger history of people of color in the United States and it narrates U.S. History in the context of World History and oceanic worlds. This is the ideal book for students of U.S. History, American Studies, Ethnic Studies, and Asian American Studies.

supports the death penalty, that half of all marriages end in divorce, and that four out of five prefer a particular brand of toothpaste. But remarkably, such data--now woven into our social fabric--became common currency only in the last century. With a bold and sophisticated analysis, Sarah Igo demonstrates the power of scientific surveys to shape Americans' sense of themselves as individuals, members of communities, and citizens of a nation.

Discusses the impact of Franklin Roosevelt, Robert Penn Warren, T. Harry Williams, Huey Long, Allard Lowenstein, and Oral Roberts upon American political culture

New York Times Bestseller In the most ambitious one-volume American history in decades, award-winning historian and New Yorker writer Jill Lepore offers a magisterial account of the origins and rise of a divided nation, an urgently needed reckoning with the beauty and tragedy of American history. Written in elegiac prose, Lepore's groundbreaking investigation places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. And it rests, too, on a fearless dedication to inquiry, Lepore argues, because self-government depends on it. But has the nation, and democracy itself, delivered on that promise? These Truths tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore traces the intertwined histories of American politics, law, journalism, and technology, from the colonial town meeting to the nineteenth-century party machine, from talk radio to twenty-first-century Internet polls, from Magna Carta to the Patriot Act, from the printing press to Facebook News. Along the way, Lepore's sovereign chronicle is filled with arresting sketches of both well-known and lesser-known Americans, from a parade of presidents and a rogues' gallery of political mischief makers to the intrepid leaders of protest movements, including Frederick Douglass, the famed abolitionist orator; William Jennings Bryan, the three-time presidential candidate and ultimately tragic populist; Pauli Murray, the visionary civil rights strategist; and Phyllis Schlafly, the uncredited architect of modern conservatism. Americans are descended from slaves and slave owners, from conquerors and the conquered, from immigrants and from people who have fought to end immigration. "A nation born in contradiction will fight forever over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. "The past is an inheritance, a gift and a burden," These Truths observes. "It can't be shirked. There's nothing for it but to get to know it."

Now in its third edition, American Military History examines how a country shaped by race, ethnicity, economy, regionalism, and power has been equally influenced by war and the struggle to define the role of a military in a free and democratic society.

Organized chronologically, the text begins at the point of European conflict with Native Americans and concludes with military affairs in the early 21st century, providing an important overview of the military's role on an international, domestic, social, and symbolic level. The third edition is fully updated to reflect recent developments in military policy and the study of military history and war and society, thus providing students a foundational understanding of the American military experience. This book will be of interest to students of American history and military history. It is designed to allow instructors flexibility in structuring a course.

America's past is full of politics as well as personal stories. That's why Conlin's THE AMERICAN PAST: A SURVEY OF AMERICAN HISTORY teaches history the way it happened: real people with real stories. Through short narratives from political figures' lives, you'll discover how our nation grew from a colonial project to an international superpower. Along the way, you'll find the human dimension emphasized with the stories of men and women of different regional, socioeconomic, and ethnic

backgrounds described in colorful detail. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

In this Second Edition of this radical social history of America from Columbus to the present, Howard Zinn includes substantial coverage of the Carter, Reagan and Bush years and an Afterword on the Clinton presidency. Its commitment and vigorous style mean it will be compelling reading for under-graduate and post-graduate students and scholars in American social history and American studies, as well as the general reader.

This history of Native Americans, from the period of first contact to the present day, offers an important variation to existing studies by placing the lives and experiences of Native American communities at the center of the narrative. Presents an innovative approach to Native American history by placing individual native communities and their experiences at the center of the study. Following a first chapter that deals with creation myths, the remainder of the narrative is structured chronologically, covering over 600 years from the point of first contact to the present day. Illustrates the great diversity in American Indian culture and emphasizes the importance of Native Americans in the history of North America. Provides an excellent survey for courses in Native American history. Includes maps, photographs, a timeline, questions for discussion, and "A Closer Focus" textboxes that provide biographies of individuals and that elaborate on the text, exposing students to issues of race, class, and gender. ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Serves as a foundation for undergraduate courses in American military history. American Military History is uniquely tailored to American military history courses. Organized chronologically, the text begins at the point of European conflict with Native Americans and concludes with military affairs in the early 21st century. The content and style will appeal to history majors and non-majors and is designed to allow instructors flexibility in the structure of their course. Learning Goals Upon completing this book readers will be able to: Understand the central themes and events in the American military history Relate these themes to American history as a whole Know the issues beyond war that have contributed to the American military experience How can we understand the history of film? Historical facts don't answer the basic questions of film history. History, as this book shows, is more than the simple accumulation of film titles, facts and figures.

Specifically designed to help your Advanced Placement students prepare and succeed in achieving a high score on the AP Exam, this three-part guide works together with the core text American History: A Survey, to provide your students with: An introduction to the American History Advanced Placement Course and Exam, including tips on essay writing for the free-response section of the Exam. A discussion of the AP Themes within the chapter, a chapter summary, as well as practice multiple-choice, free-response and document-based questions with detailed answers in every chapter. Two complete practice exams parallel the AP American History Exam in terms of question type and number of questions. Each practice exam is also similar to the AP Exam with regard to content, style, and format, and it includes thorough explanations for your students.

A survey of U.S. history from its beginnings to the present, American History Unbound reveals our past through the lens of Asian American and Pacific Islander history. In so doing, it is a work of both history and anti-history, a narrative that fundamentally transforms and deepens our understanding of the United States. This text is accessible and filled with engaging stories and themes that draw attention to key theoretical and historical interpretations. Gary Y. Okihiro positions Asians and Pacific Islanders within a larger history of people of color in the United States and places the United States in the context of world history and oceanic worlds.

An Atlas and Survey of Latin American History provides a comprehensive, accessible introduction to both the human and physical geography of Latin America and the social, cultural, political and economic events that have defined its history. Featuring 77 maps and accompanying text, the book provides topical overviews of the key developments and movements in Latin American history, ranging from the earliest human settlement to the present day. The fully updated second edition includes a new chapter on Latin America in the 21st century, featuring maps and essays on topics ranging from sports and telenovelas to the growth of the Latin American middle class and the rise and ebb of left-leaning political movements. Highly readable and beautifully designed, An Atlas and Survey of Latin American History 2e remains an engaging resource for students and others interested in Latin American history, politics, and culture.

Now in its fourth edition, this leading reader has been updated to tighten the focus of each chapter on a major interpretive problem. This edition includes an entirely new chapter, "Historical Memory," which allows readers to revisit the era of the Cold War from a contemporary perspective, and the chapters on nationalism and globalization have been thoroughly revised. The book continues to offer a rich variety of materials that can be tailored to the needs of individual instructors. By focusing each chapter on a single interpretive problem, the book painlessly engages students in document analysis and introduces them to historiography. With its innovative combination of primary and secondary sources and editorial analysis, this text is designed specifically to stimulate critical thinking in a wide range of courses on Latin American

history since independence.

Article abstracts and citations of reviews and dissertations covering the United States and Canada.

This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which – for better or worse – lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves – and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives – and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

Considering studying history at university? Wondering whether a history degree will get you a good job, and what you might earn? Want to know what it's actually like to study history at degree level? This book tells you what you need to know. Studying any subject at degree level is an investment in the future that involves significant cost. Now more than ever, students and their parents need to weigh up the potential benefits of university courses. That's where the Why Study series comes in. This series of books, aimed at students, parents and teachers, explains in practical terms the range and scope of an academic subject at university level and where it can lead in terms of careers or further study. Each book sets out to enthuse the reader about its subject and answer the crucial questions that a college prospectus does not.

Includes the "AP Advantage 3-Step Solution, 1 Platform" formula for learning.

An Atlas and Survey of Latin American History makes the geography, the demography, and the political, social, and economic history of the region easily accessible in clearly drawn black-and-white maps and accompanying text. Fully up to date, it provides a topical overview of Latin American development from earliest times to the present day, bringing to light patterns of continuity and change. The Atlas is ideal for beginning through advanced college students, area specialists, and secondary school AP students. It demonstrates the close linkages between Latin American history, culture, economic development, and geographic realities. Each entry and map is accompanied by a brief, carefully selected bibliography.

The Ethnic Dimension in American History is a thorough survey of the role that ethnicity has played in shaping the history of the United States. Considering ethnicity in terms of race, language, religion and national origin, this important text examines its effects on social relations, public policy and economic development. A thorough survey of the role that ethnicity has played in shaping the history of the United States, including the effects of ethnicity on social relations, public policy and economic development Includes histories of a wide range of ethnic groups including African Americans, Native Americans, Jews, Chinese, Europeans, Japanese, Muslims, Koreans, and Latinos Examines the interaction of ethnic groups with one another and the dynamic processes of acculturation, modernization, and assimilation; as well as the history of immigration Revised and updated material in the fourth edition reflects current thinking and recent history, bringing the story up to the present and including the impact of 9/11

From one of our most acclaimed and original colonial historians, a groundbreaking book--the first to look at the critical "long year" of 1774 and the revolutionary change that took place from December 1773 to mid-April 1775, from the Boston Tea Party and the First Continental Congress to the Battles of Lexington and Concord. A WALL STREET JOURNAL BEST BOOK OF 2020 Mary Beth Norton keenly focuses on the sixteen months during which the traditional loyalists to King George III began their discordant "discussions" that led to their acceptance of the inevitability of war against the British Empire and to the clashes at Lexington and Concord in mid-April 1775. Drawing extensively on pamphlets, newspapers, and personal correspondence, Norton reconstructs colonial political discourse as it happened, showing the vigorous campaign mounted by conservatives criticizing congressional actions. But by then it was too late. In early 1775, governors throughout the colonies informed colonial officials in London that they were unable to thwart the increasing power of the committees and their allied provincial congresses. Although the Declaration of Independence would not be formally adopted until July 1776, Americans, even before the outbreak of war in April 1775, had in effect "declared independence" by obeying the decrees of their new provincial governments rather than colonial officials.

Brinkley's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

American History: Connecting with the Past McGraw-Hill Humanities/Social Sciences/Languages

New edition provides a clear pathway through the content to maximize class time and minimize preparation time with lesson plans, activities and assessment based on the research of Jay McTighe, co-author of Understanding by Design.

A peer-reviewed open U.S. History Textbook released under a CC BY SA 3.0 Unported License.
