

# Blackjack Card Counting How To Be A Professional Gambler

Blackjack is one of the world's most popular casino games because not only is it easy to learn and fun to play, but you bear a chance of keeping some of your earnings. And to flip the odds in your favor? Impossible you say? Nope. Welcome to card counting. Card counting is a simple but powerful exercise that, when executed correctly, gives you a 1% edge over the house. This may seem small, but with the correct betting this technique can get you the best odds in the casino and win you a nice chunk of change. But what about the fact that card counting has been portrayed as a strategy exclusive to geniuses from MIT? Guess what - it isn't. Here you will find all the tools you need to refresh your basic blackjack strategy, perfect your card counting skills, play it cool in the casino, and rake in the dough. Let's get started!

Provides information on blackjack, covering everything from the basics of playing the game to card counting at a professional level, in order for people to improve their skills and increase the odds of winning the game in casinos.

Playing the various games inside a casino can be an exhilarating experience. The adrenaline rush that you get after winning a huge bet for example, can be extremely addictive. One particular casino game that brings about such excitement is Blackjack. A lot of people play Blackjack in the casinos because the mechanics of the

## Download Free Blackjack Card Counting How To Be A Professional Gambler

game is easy to understand. In addition, a lot of gamblers think that a player has a higher chance of winning against the house as long as you know how to make mental mathematical computations in your head. This book will teach you everything you need to know about Blackjack. To understand Blackjack better, we'll start by talking about what it is, how the game came to be, where it originated, and what its basic rules are. It is a well-known fact that someone can win big in Blackjack with just pure luck. However, the frequency at which you'll win with luck is far lesser than when you apply some basic strategy to it. This book will discuss the Blackjack basic strategies that will help you win against the house; strategies that when applied in a game would greatly increase your chances of winning than when playing with luck alone. To further increase your win rate, we'll also teach you the best technique ever created to beat the game: Card counting. We'll discuss the different card counting methods, betting strategies and play deviations that would help you win and at the same time avoid being backed off by the casino pit bosses. With that being said, let's begin your training on how to win in Blackjack by counting cards. Scroll to the top and click the "BUY" button

Whether you're new to casino gaming or a casino veteran, blackjack is one of the simplest and most fun card games casinos have to offer. The objective in blackjack is to beat the dealer by getting a hand as close to 21 as possible without going over. To play casino blackjack, you need only a basic understanding of the rules and a desire to have fun. Discover everything you

Complete with a blackjack quiz, a percentage strategy chart, and glossary of terms, this is the ultimate guide to the most popular casino game in America today. Book & CD. This book contains Speed Count, the easiest advantage blackjack method ever developed for the general public. It will forever change the way average players play blackjack. If you are an average blackjack player wishing you could get an edge at the game without all the hard work of learning how to count cards with difficult existing systems. If you have tried card counting and found it too difficult, time consuming or impossible to master. If you want to have fun when you play and not have to do the laborious job of using a

## Download Free Blackjack Card Counting How To Be A Professional Gambler

traditional card counting system. Then this book is for you! The easiest advantage-play method ever created for blackjack is now available in this book. . . Speed Count. Maybe you have heard of card counting at blackjack, or even tried it. Blackjack books all say how easy it is, and at first glance it might seem simple enough? Just add numbers, subtract numbers, then divide numbers, and maybe multiply numbers, then keep track of the total. Then calculate how much you should bet. And then also memorise 18 to 200 or more changes to basic strategy according to the various counts. Then try not to have the casino bosses know you are counting cards and changing your strategy based on the count. Whew! That's a lot of work! Introducing the revolutionary SPEED COUNT, the easiest advantage blackjack method ever developed and now available in print for the general public!

How to become a professional blackjack card counter. The good news is you don't have to be a mathematical genius to learn how to count cards, the bad news is many of the Hollywood movies depicting the life of a card counter as fast cash and penthouse suites make it all seem a little too easy. This book will give you a realistic look at what it takes to be a professional card counter. I will take you step by step through the entire process. As a former educator, I came up with a simple progressive learning model using a basic Hi-Lo level one count system that in combination will make it much easier for you to learn how to count cards. I broke the entire system down

## Download Free Blackjack Card Counting How To Be A Professional Gambler

to make it as easy as possible so you can get into the casino quicker. Many times people do not even attempt to learn card counting because they think it is too hard. If they do attempt it, they get frustrated after a short time because the system is so complex they get lost in the mathematics. The only two things you need to be able to do to learn card counting are memorize and practice. This book isn't filled with hypothetical theories, it shows you the exact steps you need to take to learn to count cards. Now don't get me wrong, learning everything in this book will not be easy but most people can do it if they dedicate themselves to learning. However, card counting is much more than simply learning the process, the hard part is finding the right games and not being detected by the casinos. Those areas will be covered as well. Don't worry, the courts have ruled that counting is not cheating or illegal, but in Vegas they can throw you out because it is a private establishment, not because you are doing anything wrong. Counting cards is simply using your mind in a game of skill. If using your mind is cheating than I don't know how else to play. This book is for those of you familiar with blackjack that want to find out what card counting is all about. If you're tired of losing and are ready to take your game to the next level so you have the advantage over the casino, this book is for you. If you can already count cards, you may pick up a few tips here and there but you probably already

"An elegant and amusing account" of how gambling has been reshaped by the application of science and revealed the truth behind a lucky bet (Wall Street Journal). For the past 500 years, gamblers-led by mathematicians and scientists-have been trying to figure out how to pull the rug out from under Lady Luck. In *The Perfect Bet*, mathematician and award-winning writer Adam Kucharski tells the astonishing story of how the experts have succeeded, revolutionizing mathematics and science in the process. The house can seem unbeatable. Kucharski shows us just why it isn't. Even better, he demonstrates how the search for the perfect bet has been crucial for the scientific pursuit of a better world.

correct way can play against the house at almost even level. When you add blackjack card counting to the mix, you can actually have a slight advantage over the house. Card counting in blackjack can easily be learned and our Interactive Games quiz book makes it fun. You will learn blackjack counting basics in a True or False format. As you progress through the quiz you will learn all the basics of card counting in blackjack and we end the book showing a real life example and how to do the proper count. Blackjack card counting books are usually boring, but not ours! So if blackjack games interest you give our book a read!

Blackjack Card Counting is an easy-to-understand reference book for players to use to gain an advantage at casino blackjack by counting cards. The method works because if the dealer reveals more small cards than large cards, the average value of the remaining cards increases. If there are relatively more high cards remaining, the probability of a blackjack paying 3 to 2 increases, the probability of winning on a doubled-down bet increases, and the probability of the dealer busting with a 12 to 16 showing increases. Topics include blackjack basics, counting cards, the running count, the true count, betting strategy, and player decisions. The book includes charts showing the optimal blackjack strategy depending on the card count. The author is a mathematician with experience as a consultant to

A deliciously wry, edge-of-the-seat memoir of making a fortune with card counters across a wide swath of blackjack in America. At twenty-four, Josh Axelrad held down a respectable and ominously dull job on Wall Street. Adventure was a tuna fish sandwich instead of the usual turkey for lunch. Then one night, a stranger at a cocktail party persuaded him to leave the nine-to-five behind and pursue an unlikely dream: the jackpot. The stranger was a blackjack card counter, and he sold Axelrad on the vision of Vegas with all its intrigue, adventure- and cash. Repeat Until Rich is Axelrad's taut, atmospheric, and darkly hilarious account of ditching the mundane and entering the alternative universe of professional blackjack. Axelrad has one thing in common with his team: Jon Roth, the leader and a former options trader; Neal Matcha, a recovering lawyer; Aldous Kaufman, a retired math Ph.D. candidate. They all thrived in the straight world, found success boring, and vowed to make life more exotic. Axelrad adopts Roth's philosophy-"repeat until rich"-and from his strategy and skill spring hasty

## Download Free Blackjack Card Counting How To Be A Professional Gambler

retreats across casino floors, high-speed car chases, arrests on dubious grounds, and the massive cash paydays that make it all worthwhile. Along the way, he unveils the tactics and debunks the myths of professional card counters. In team play, he's either the "big player," who bets the big money, or the "controller," who subtly coordinates the team's betting while wagering only the minimum himself. Counting is not illegal, and it's less intellectually daunting than its MIT-level mystique suggests. With clarity and wit, Repeat Until Rich proves the old gambler's maxim that "if you can tip a waiter, you can count cards." But it also proves how zealous, even forceful, casino bosses can be in "backing off" counters-seeing past their undercover methods and banning them from the tables. Josh soon grows to love all this trouble, and discovers, more than the money, what he needs most of all is the rush. Filled with actual bad guys, chase scenes, and high stakes, Repeat Until Rich offers an intoxicating, unprecedented view of the dangerous allure of living off the cards and one's wits.

This is the most talked-about book on the Blackjack scene. This book has sold more copies since its initial release than any other gaming book. Prior to this new edition there was no foolproof way to learn how to play Blackjack accurately. This is the only Blackjack book that is easy to understand and completely accurate, written for the beginner or for

Author Nathaniel Tilton was just a regular guy with a regular job when he read *Bringing Down the House* and decided he wanted to do what the players in that book did. A journey through the inner world of card counting, the lessons of teamwork, and the clandestine pursuit of beating the odds, in *The Blackjack Life* Tilton relates the story of his personal journey through the smoke-filled casinos in which he and his playing partner gambled, to the seedy backrooms that he hoped he would never see. More than just wins and losses, *The Blackjack Life* is about the growth of a man who discovered himself through the unlikeliest of places – the world of professional blackjack -- and who now shares his informed view of the opportunities that still exist for skilled players and what it's really like to travel that road today.

Demonstrates an easy-to-use system of playing and winning at blackjack, showing how to gain an unbeatable edge on the house, and includes a country-by-country guide to casinos of the world

## Download Free Blackjack Card Counting How To Be A Professional Gambler

Philip Reed is coasting toward retirement, looking for one last adventure, when he meets Bill Palis, a professional blackjack player and former member of the legendary MIT team that took the casinos for millions. At a blackjack table in a strip casino, Phil sees Bill win \$1,600 in 20 minutes of play—and he’s intrigued. Initially, he plans to write the book as a spectator, but Bill encourages him to overcome his fears, learn to count cards, and get a piece of the action for himself. The two men form a friendship and begin traveling and playing blackjack together, often with Father Andy, who kicks in money so they can play out of a \$30,000 bankroll. Phil, who has adult ADD, and flunked math in high school, adopts the challenge of card counting as a way to banish the old ghosts of his poor self-image and build new synapses in his aging brain. With Bill as his tough mentor, Phil struggles to learn the game and secretly track the cards. As Phil's play improves, Bill teaches him to disguise his wins and avoid scrutiny from casino security and the Orwellian “eye-in-the-sky” security cameras. Philip Reed punctuates *My Piece of the Action* with short, funny, informational sections on various gambling-related subjects. These sections step outside the main story and add depth by investigating different card counting systems, the danger of gambling addiction, interviews with memory experts, and secrets of dealers, pit bosses, and casino surveillance specialists. Throughout, he

## Download Free Blackjack Card Counting How To Be A Professional Gambler

takes a humorous look at casino characters, even as he begins to sink into the gambling world himself.
