This book is my story, perception, experiences, and manifestation based on my willingness to forgive and no longer define myself as a victim of circumstances. God gives that which is good when we seek to follow the good path. It is verified in the Psalm of David: Mercy and truth have met together; Righteousness and peace have kissed. Truth shall

spring out of the earth, And righteousness shall look down from heaven. Yes, the Lord will give what is good; And our land will yield its increase. Righteousness will go before Him, And shall make His footsteps our pathway. (Psalm 85:10-13) We all have domination over our choice to live life at a higher frequency. The fundamental elements of transformation are perception, experiences, and manifestation. Our view of life shapes our desire to live our life to the fullest. Perception shapes our degree of saying yes to life. Reflection allows us to recognize, forgive, and let go to shift our present view of life to a higher vibration. The higher vibration creates a higher degree of desire to live and let life unfold. Life events are lessons or blessings that shape our journey. Storytelling is adding the sequence and details to our experiences to understand. Sharing those stories with others builds collective hope to change unjust conditions or become a better person. Transformation is seen in the manifestation of our life structures. We see shifts in our financial, egoistic, livelihood, health, spiritual beliefs, world views, community, and relationships. We grow stronger in who we are and become beneficial to the community by giving the gift that our soul came to give. We say yes to life at a higher level and create more happiness and fulfillment in our lives. This is transformation and this is the 8 Degrees of Yes!

Get the most out of your nurse assisting textbook, and review for your certification exam! Corresponding to the chapters in Sorrentino and Remmert's Mosby's Textbook for Nursing Assistants, 9th Edition, this workbook reinforces your understanding with numerous exercises and review questions. Checklists help you study skills — with a checklist for each of the 100+ procedures in the text. The Competency Evaluation Review section helps you prepare for the CNA exam with a review of content, a skills evaluation review, and two practice exams. Answers are included for all review questions and practice exams! Comprehensive review corresponds chapter-by-chapter to the textbook. Competency Evaluation Review section includes a content review and review questions for all key topics, a skills evaluation review, and two practice exams that help to prepare you for the written certification exam. A wide variety of exercises enhances learning and keeps you interested in the material. Skills checklists help you review and practice the procedures required for certification. Independent learning activities in every chapter allow additional review and practice. Optional learning exercises are provided for longer programs and/or higher-level students. NEW review chapters are added to correspond to the five new chapters in the textbook.
