

Composizione Interfund Crescita Protetta

A trio of women forge a friendship based on private troubles, including Tiffany, whose mad shopping spree places her dangerously in debt; Abbey, a minister's wife who is blackmailed with details from her sordid past; and Loreen, who hides the truth about her one-time hire of a male prostitute in Las Vegas. Reprint.

In the sixties, Fitzhugh Mullan was an activist in the civil rights struggle. While in medical school, Mullan was shocked by gaps in what the students learned, and the lack of humanity in the classroom. Later, Dr. Mullan was outraged at the conditions he discovered when he began to practice. He helped found the Student Health Organization, organized the Controversial Medical Collective at Lincoln Hospital in the Bronx, and struggled to offer improved medical care to those who needed it most and could afford it least. This landmark book charts the state of medical school and practices in the 1960s and 70s. This new edition is updated with a preface in which Dr. Mullan reflects on the changes in the medical field over the last thirty-plus years. Fitzhugh Mullan is Murdock Head Professor of Medicine and Health Policy at George Washington University. He worked at the U.S. Public Health Service where he attained the rank of Assistant Surgeon General (1991-1996). Dr. Mullan is the co-founder of the National Coalition for Cancer Survivorship and the author of numerous books, including *Plagues and Politics: The Story of the United States Public Health Service*, and his most recent book, *Narrative Matters: The Power of the Personal Essay in Health Policy*.

Do you cringe when a talking head pronounces "niche" as NITCH? Do you get bent out of shape when your teenager begins a sentence with "and"? Do you think British spellings are more "civilised" than the American versions? If you answered yes to any of those questions, you're myth-informed. In *Origins of the Specious*, word mavens Patricia T. O'Conner and Stewart Kellerman reveal why some of grammar's best-known "rules" aren't—and never were—rules at all. This playfully witty, rigorously researched book sets the record straight about bogus word origins, politically correct fictions, phony français, fake acronyms, and more. Here are some shockers: "They" was once commonly used for both singular and plural, much the way "you" is today. And an eighteenth-century female grammarian, of all people, is largely responsible for the all-purpose "he." From the Queen's English to street slang, this eye-opening romp will be the toast of grammarphiles and the salvation of grammarphobes. Take our word for it.

This volume examines attempts to identify genetic risk factors and environmental components contributing to the development of psychiatric disorders. It explores the symptoms, courses, outcomes, treatment responses and aetiologies of a range of psychiatric illnesses to improve disease classification schemes.

How to Find Out About the Arts: A Guide to Sources of Information discusses the main sources of information, printed or otherwise, in the field of the arts. The book begins by describing where information on art careers can be found. Separate chapters then discuss how information on art can be traced in libraries by means of the catalogue and classification scheme; and turning to bibliographies when information on a particular aspect of art cannot be traced by these means. Subsequent chapters deal with sources such as encyclopedias and dictionaries, general indexes to reproductions and portraits, works on iconography, periodicals, directories, yearbooks, and sales records. This book aims to serve some of the needs of the student of art, the experienced artist, and indeed all of those with an intelligent interest in the arts. In particular, it should help those in libraries, colleges, and other educational institutions whose task it is to guide others to the right sources.

A BRILLIANT new DOG MAN book for World Book Day 2020 packed with three hilarious stories.

New York Times and USA Today best-selling author Cynthia Eden continues her dark and sexy "Mine" romantic suspense series with...MINE TO HOLD. She was one man's obsession... Nine years ago, Claire Kramer's lover brutally killed her family, and he tried to kill her. She escaped, but she's been haunted ever since that attack. Too afraid to trust another man and too worried that her past will catch up with her, Claire never gets too close to anyone. But then she meets Noah York. He must have her. Noah York is a man with secrets. The world sees him as a billionaire hotel tycoon, but Noah has a dark and dangerous side. For years, he worked covert military operations before he built his fortune. When it comes to death, Noah is a master. He knows that he should steer clear of Claire, but the white-hot attraction Noah feels for the delicate beauty is instant—and consuming. He will never let her go. Someone else is just as consumed by Claire—someone who will kill to possess her. And if Noah can't stop the hunter in the darkness, he may just lose the one woman that he can't live without. Author's Note: MINE TO HOLD is a dark and sexy romantic suspense novel. It contains a twisted killer, a hot hero, and a heroine who has been pushed to the edge. Adult language and sexy situations are included. Please consider yourself warned. Ultraviolet and Visible Absorption Spectra: Index for 1960-1963 aims to provide supplement with more than 25,000 references to spectra and their locations and listings that have been published from 1960 to 1963. The index entries are arranged in an alphabetical order, allowing for easy reference. Also indexed are the names of well-known chemistry journals published during 1960-1963, as well as their abbreviations. The monograph is recommended for chemists who would like to know more about the spectra of different compounds, as well as chemists who would like to be informed of different publications in the field within 1960 to 1963.

Thoroughly updated for its Third Edition, this popular quick-reference handbook remains a staple for medical students on psychiatric rotations as well as psychiatric residents and practitioners. In an easy-to-scan outline format, the book presents the etiology, epidemiology, clinical characteristics, and treatment of all psychiatric disorders. Additional chapters cover the psychiatric examination, special populations, psychotherapy, biological therapies, medication-induced

movement disorders, legal issues, and laboratory tests. The book is replete with tables and includes color photographs of psychiatric drugs. Each chapter ends with suggestions for further reading, which include cross-references to specific page numbers in Kaplan and Sadock's Comprehensive Textbook of Psychiatry, Seventh Edition.

This work looks at the policies and projects of the Asian Development Bank, which, like the other multilateral banks, has come under growing criticism from grassroots organisations, environmental groups and others.

Tangents within a framework...

The highly readable is more than a bibliography. Written in a narrative style, it is as well a short history of the Loyalists: who they were, why they left, where they settled, and what their legacy is.

A range of electronic corpora has become accessible via the WWW and CD-ROM. This coincides with improvements in standards governing the collecting, encoding and archiving of such data. This book develops similar standards for enriching and preserving 'unconventional' data: the fragmentary texts and voices left to us as accidents of history.

This volume offers a historical, philosophical, and practical critique of public and civic journalism--a movement that gained momentum in the final decade of the 20th century. During that period, proponents of the movement have published nearly a dozen books expanding upon and expounding the virtues of journalism, seeking to repair what is thought to be the torn social, political, and moral fabric in America. Although previous works have established a strong practical underpinning for public and civic journalism, none has examined its philosophical roots or challenged its methodology and grounding in neoliberal constructs. This volume does just that, tracing its origins in early philosophy to the current newsroom policies and practices that conflict with traditional constructs in libertarian press theory. Twilight of Press Freedom postulates that institutionalized journalism is fading away and world journalism--prompted by the people--is veering toward more order and social harmony, and away from the traditional idea of the great value of press freedom. The volume provides a critical examination of the trend toward public journalism and considers how press freedom will be impacted by this trend in coming years. Scholars and students in journalism, public opinion, and media studies will find this book insightful and invaluable.

Over the last 20 years, Examination Notes in Psychiatry has become one of the leading texts for trainee psychiatrists. The 4th edition maintains the core of valuable information that is required by any would-be psychiatrist, but has been completely revised and updated. Assessment and diagnosis form the foundation to each section, but are now enhanced by the inclusion of treatment algorithms and evidence based medicine. Changes to the nomenclature have been made to reflect current practice. The fully revised reading lists lead the reader to the latest papers and publications, and a glossary of relevant websites will provide even further resources - whether during the revision process, or for the professional requiring a rapid reference between consultations. The sheer volume of essential information, provided in a structured, focused format, makes Examination Notes in Psychiatry 4e essential reading for trainees, psychiatrists, and mental health professionals alike.

Kaplan & Sadock's Study Guide and Self-Examination Review in Psychiatry is a comprehensive review of the specialty and perfect for stand-alone review or as preparation for the PRITE in-service, ABPN Part I, and recertification examinations. The book contains more than 1,600 multiple-choice questions and answers, with explanatory discussions of correct and incorrect responses. Chapters parallel the essential corresponding chapters in Kaplan & Sadock's Synopsis of Psychiatry, a staple of psychiatry education around the globe. Terms and definitions are consistent with DSM-IV-TR and ICD-10.

FROM NOTATION TO MUSIC tells the story of one composer's search for meaning in the musical notations of the late 20th Century. Radical departures from the traditional composer-performer relationship contributed to a re-evaluation of traditional notation. Ralph Blauvelt recounts his confrontation with these issues and the development of his own philosophy in the music he composed between 1964 and 1981. He traces the evolution of his ideas through more than eighty compositions. After working to master the notation of traditional music and the highly determinate notations of serial music, he describes the influence of Karlheinz Stockhausen on his first compositions with indeterminate notations. Studies with Lejaren Hiller and experiments with computer and electronic music inspired new compositions. With over 190 photographs and illustrations Ralph Blauvelt describes his journey and the ideas that led to his text pieces and graphic 'visual' scores.

Dr. Hunter S. Thompson is considered to be the first gonzo journalist. But, fact is, there were writers doing first-person stories long before his writing got tagged as "gonzo" in 1970. Shirrel Rhoades, for instance. Gonzo journalism is a style of writing in which the writer is part of the story. According to the definition, the personality of the writer is as important as the event being chronicled. That certainly describes Hunter Thompson's writing. But back in the mid-'60s when Rhoades was doing this kind of writing for the Florida Times-Union, his editor called it "participatory journalism." Here is a collection of some of the features stories that earned him that little-known place in literary history.

In Enid Blyton's bestselling school series Elizabeth Allen is sent away to boarding school and makes up her mind to be the naughtiest pupil there's ever been. In book seven, the school's strawberry plants are vandalised and a lost blazer button at the scene of the crime leads straight to the Naughtiest Girl. It is hers, but how did it get there - and why would anyone want to pin the blame on Elizabeth? Between 1940 and 1952, Enid Blyton wrote four novels about Naughtiest Girl, Elizabeth Allen. Books 5-10 are authorised sequels of the series written by Anne Digby in 1999. Both cover and inside illustrations were created by Kate Hindley in 2014. Bonus material: A rare, complete serial story about a very special school. An interview with Enid Blyton about her school days. Enid Blyton's experiences as a teacher. A timeline of the author's life. Photos from Enid Blyton's younger days.
