however. In premodern times, atrocious physical punishment, exile, and unspeakable torture were the tools used all too often by those called upon to enforce society's correctional philosophies-especially the strongly felt need for vengeance. Only within the past 30 years have conscientious corrections practitioners begun to embrace the notion of professionalism-wherein ethics, a sense of high purpose, a personal longterm career commitment, a respect for the fundamental humanity of those supervised, and widely agreed-upon principles and standards guide the daily work of correctional personnel. Corrections professionalism, although not yet as well-known as police professionalism, has garnered support from policymakers and is winning respect among the public. It serves as this textbook's organizing principle"--
