"The flight attempts of Finnish photographer Janne Lehtinen (*1970) with the strangest handmade apparatuses made people all over the world smile. Lehtinen's ironic allusions to the old dream of flying, published by Hatje Cantz, was promptly awarded the German Photography Book Prize." "In his new, autobiographical project, Lehtinen takes us to Lehtiskyla, his hometown in the south of Finland, where people believe that all residents will eventually meet with a sad, usually sinister, and absolutely inevitable fate. The images and the accompanying memories - his sick uncle's little bottles of pills, the corpse in the river, the last meal eaten by Veikko the old horse, a schoolmate's accident - do not promise better things to come, yet there is a certain beauty to the "curse" of Lehtiskyla. This is a very personal, melancholy album, whose quiet images show Lehtinen and his cousin's journey to the house and places of their childhood."--BOOK JACKET.

Mal, Evie, Dizzy, Celia, and even Uma have a special bond. After all, friendships are like family when your parents are wicked. Through the power of friendship, these Isle of the Lost ladies have shown the girls of Auradon, like Jane, what it means to be a loyal and true. Follow their poignant and funny stories in this friendship anthology that prove love, trust, and support often comes from the person you'd least expect--even a villain. Evil tree. Bad Apple? Twenty years ago, all the evil villains were banished from the

kingdom of Auradon to the Isle of the Lost--a dark and dreary place protected by a force field that makes it impossible for them to leave. Stripped of their magical powers, the villains now live in total isolation, forgotten by the world. Mal learns from her mother, Maleficent, that the key to true darkness, the Dragon's Eye, is located inside her scepter in the forbidden fortress on the far side of the island. The eye is cursed, and whoever retrieves it will be knocked into a deep sleep for a thousand years. But Mal has a plan to capture it. She'll just need a little help from her "friends." In their quest for the Dragon's Eye, these four kids begin to realize that just because you come from an evil family tree, being good ain't so bad.

There's no place like home. Especially if home is the infamous Isle of the Lost. Mal, Evie, Carlos, and Jay haven't exactly turned their villainous noses up at the comforts of Auradon after spending their childhoods banished on the Isle. After all, meeting princes and starring on the Tourney team aren't nearly as terrible as Mal and her friends once thought they would be. But when they receive a mysterious invitation to return to the Isle, Mal, Evie, Carlos, and Jay can't help feeling comfortable in their old hood—and their old ways. Not everything is how they left it, though, and when they discover a dark mystery at the Isle's core, they'll have to combine all of their talents in order to save the kingdom.

Ride with the tide! Deep beneath the waves, King Triton's powerful trident has passed through the magical barrier that surrounds the Isle of the Lost—keeping villains in and magic out. And when Mal's longtime rival Uma, daughter of Ursula, gets wind of this, she can't believe her luck. The tide has dragged in something good for a change, and Uma is determined to get her wicked hands on it. But first, she needs a pirate crew. A storm is brewing back in Auradon, and when Mal, Evie, Carlos, and Jay hear that the trident has been washed away, they realize they'll have to find it before anyone from the Isle does. Luckily, they seem to have a talent for locating missing magical objects. As Uma readies for the high seas alongside Harry, son of Captain Hook, Gil, son of Gaston, and the toughest rogues on the Isle of the Lost, the reformed villains of Auradon devise their own master plan. And with King Ben away on royal business, they won't have to play by all the rules. Using bad for good can't be totally evil, right? The thrilling, perilous race to the trident pits old friends—and current enemies—against each other with the future of Auradon on the line. Both teams might like to make waves, but only one will come out on top of this one.

For anyone who wants to know more about what Mal is really thinking, this diary gives readers a special glimpse inside her world with super-secret journal entries and Mal's doodles and drawings. Plus bonus pages for the reader to write down her own thoughts and feelings!

Practical everyday magic spells for the young fans of Harry Potter, Descendants, Sofia the First, and other books and films of the magic fantasy genre. These spells use only safe everyday objects and substances you have at home or outside (like milk, sugar, salt, mirror, a ring, a ribbon, tree leaves, rocks, etc.); absolutely no use of fire, or

anything gross, or any ingredients or items you may not have in your kitchen at the moment (like rosewater, or sage, or a crystal ball). These spells are not based on any witchcraft, New Age, or esoteric religion lore or rituals. This is fantasy-fiction-style educational activity material for kids ages 7-12, that helps them develop imagination, and engage in fantasy play which is vital for their intellectual and emotional development; Introduces to them a few facts of math, sciences, and history; Helps develop their interest in reading, and grow their reading fluency with an easy, 1st-2nd grade core vocabulary. If a kid in your life runs around waving a magic wand, talks about "dark chronicles," "immortal secrets," dragons and hidden chambers filled with ancient manuscripts... If your kid recites Harry Potter spells in pseudo-Latin, and mixes magic potions in your kitchen sink... Your kid is ready for magic training. Buy this spell book for that child without delay! Your young magician will stop wasting your dish detergent, and start using actual classical Latin to punctuate his/her powerful spells. By the way, is this kid resistant to reading? Well, resistance is futile when you are dealing with a real ancient hands-on practical spell book, where you read a couple sentences, then do what you've just read about, then read again, and do again, read-do, read-do.... In addition to its easy vocabulary, the book is beautifully illustrated to increase your kid's reading enthusiasm. Just like the ancients who made most of the great discoveries in math, the sciences, and arts in pursuit of magic, your child will play with the ideas of intelligence in nature, and the great unknown beyond, and develop curiosity about the world. Upon working with this 30-page book, your student of magic arts will know a fact or two about sciences and history, will be able to recite the Pythagorean Theorem and the Fibonacci Sequence (no kidding), and will answer many questions you've always had, like: How to find the North star? Why does your breath fog up the mirror? Who introduced Arabic numerals to replace Roman Numerals in Medieval Europe? What kind of writing system did Ancient Egyptians have? What are fractals? Who spoke Latin (besides Harry Potter at Hogwarts)? What is divination? How numerologists predict the future? Who was Pythagoras? When were the Middle Ages? What is an Ankh? What are the phases of the Moon? What are the directions of the wind in your area? Why do oil and water never mix?... And more! If you are curious about my qualifications for offering this spell-binding collection of actual real true spells to advance your kid's magical training, here is all you need to know about me. Currently residing in New York City, I've spent my life doing magic and taming dragons at home and at work. With an M.A. in Linguistics and years spent perusing Gothic manuscripts in underground library cells at universities on both sides of the Atlantic, I have a decent command of classical Latin and Greek, with a few European languages thrown in. But the most important thing about me is that I am the mother of a magic-obsessed 6-year old. My son hates reading, but he will read if the book contains the secret magical lore not available on the Disney Channel, or in his Catholic school curriculum. I started writing this book for him during summer vacation, to help him get fluent in reading, so that one day he may understand that the only magic in the world that opens all doors is... knowledge. The deluxe POB format features 192 pages of spells, sketches, and notes added by the characters!

But Auradon's biggest threat is still at large... Trapped on the other side of the barrier, Uma is more desperate than ever to get her long-awaited revenge against Mal.
