It also supplies information that helps one know whether or not his/her service tech is qualified to make an educated analysis of the problems and is able to do the repairs successfully with the least amount of cost available to the consumer. Geared to assist any individual anytime, anywhere, Average Joe's RV Refrigerator: Troubleshooting & Repair Guide is a handy book that will be of use for both personal and business needs. Book Review: "Average Joe's RV Refrigerator Troubleshooting and Repair Guide made me feel confident that I (an average Joanne) could pull out my own RV refrigerator and know what I was looking at, what to check first depending on the problem, and where to proceed from there. Without the guide, I'd never know where to start. There are a lot of photos and the troubleshooting charts are easy to read, with a column for symptoms, possible problem areas, and causes and remedies. They identify specific problems for which I need to call on a repair specialist but I was surprised to see that many of the remedies are simple enough that I would not be afraid to tackle them myself. This guide will help anyone assess problems with thier RV refrigerator and try, first, to fix it yourself, thereby saving on costly repair bills." frugal-rv-travel

VIV & RON MOON have spent much of their lives exploring and writing about Australia's wild and remote areas. In their travels they combine many interests such as 4wd touring, camping, canoeing, photography and camp fire cooking. Since 2007 they have spent over 8 years Overlanding around the world. Their adventures both within Australia and overseas continue today. Viv commenced writing her Camp Fire Cooking column in 4x4 Australia magazine well over 35 years ago, and her column appeared in the magazine for 30 years and was one of the magazine's most popular features. Over the last 35 years or more Viv has been called upon to cater and cook on a number of large 4WD expeditions and for TV documentary shoots in remote areas. Planning and preparation were essential, with no supermarket or roadhouse nearby to replenish supplies, and many skills, not only cooking, were honed during those trips. Her meals and cooking prowess are highly regarded by many far and wide. Viv put all that expertise and knowledge into two cookbooks - Viv Moon's OUTDOOR Cookbook and TRAVELLERS' Cookbook. Both cookbooks have been hugely popular with many editions. Now it's time to combine both of these amazing cookbooks, along with many more recipes, so that all the fabulous recipes, hints and ideas are combined into one extraordinary 533 page cookbook. Viv Moon's OUTDOOR & TRAVELLERS' Cookbook is written specifically to help you get the most out of cooking during your travels, whether you are 4WD touring, camping, caravanning or simply holidaying; or even at home. The recipes throughout the book are easy, simple and delicious, using ingredients that are readily available wherever you may be travelling and have been carefully selected and adapted to suit cooking in a wide range of circumstances. Discover how simple it is to use a camp oven to make great bread, fluffy scones, succulent roasts and more. Learn the skills needed to cook well over an open fire, or simply enjoy the recipes that can be cooked on top of your gas stove, on the BBQ or in your caravan's kitchen. This book will enable you to cook confidently and successfully as well as expand your cooking skills and help you serve up simple yet interesting and satisfying meals to your family, while on your travels, or at home. Viv & Ron's knowledge of all things to do with touring Australia, including cooking in the great outdoors, is vast and extensive. Together they have also written 18 guidebooks, produced a variety of videos and write for a wide range of magazines. Now with Viv's two cookbooks combined into one - Viv Moon's OUTDOOR & TRAVELLERS' Cookbook, you have at your fingertips 516 recipes in one outstanding cookbook which is a culmination of many years of outdoor cooking experience and expertise, now passed onto you.
