A step-by-step guide to writing treatment plans that meet the requirements of most insurance companies and third-party payers.

This widely used book is packed with indispensable tools for treating the most common clinical problems encountered in outpatient mental health practice. Chapters provide basic information on depression and the six major anxiety disorders; step-by-step instructions for evidence-based assessment and intervention; illustrative case examples; and practical guidance for writing reports and dealing with third-party payers. In a convenient large-size format, the book features 74 reproducible client handouts, homework sheets, and therapist forms for assessment and record keeping. The CD-ROM enables clinicians to rapidly generate individualized treatment plans, print extra copies of the forms, and find information on frequently prescribed medications. New to This Edition\*The latest research on each disorder and its treatment.\*Innovative techniques that draw on cognitive, behavioral, and mindfulness- and acceptance-based approaches.\*Two chapters offering expanded descriptions of basic behavioral and cognitive techniques.\*More than half

of the 74 reproducibles are entirely new.

This valuable professional resource makes it easier than ever for professionals who treat chemically dependent patients to write polished, effective treatment plans that satisfy all the demands of HMOs, managed care companies, third-party payers, and state and federal review agencies. This comprehensive planner provides problem definitions, treatment goals, objectives, interventions, and DSM-IV diagnoses for 29 substance-abuse related problems.

Help clients develop the skills they need to work through addiction problems The Addiction Treatment Homework Planner provides an array of ready-to-use, between-session assignments designed to fit virtually every treatment setting and therapeutic mode including individual therapy, family therapy, and group counseling. This easy-to-use sourcebook features: 100 ready-to-copy exercises covering the most common issues encountered by clients suffering from chemical and nonchemical addictions, such as anxiety, impulsivity, occupational problems, and childhood problems A quick-reference format – the interactive assignments are grouped by behavioral problems including alcoholism, nicotine dependence, and substance abuse, as well as those problems that do not involve psychoactive substances, such as problem gambling, eating disorders, and sexual addictions Offers special attention to the patient placement Criteria (PPC) developed by the American Society of Addiction Medicine (ASAM). A checklist included in the Appendix helps evaluate clients on each of the ASAM six assessment dimensions Expert guidance on how and when to make the most efficient use of the exercises A download code that contains all the exercises allows you to customize the exercises to suit you and your clients' unique styles and needs

Help clients suffering from chemical and nonchemical addictions develop the skills they need to work through problems The Addiction Treatment Homework Planner, Second Edition arms you with an array of ready-to-use, between-session assignments designed to fit virtually every therapeutic mode. This easy-to-use sourcebook features: 78 copier-ready exercises covering the most common issues encountered by clients suffering from chemical and nonchemical addictions A quick-reference format—the interactive assignments are grouped by behavioral problem, such as gambling, alcoholism, nicotine dependence, substance abuse, and many others Expert guidance on how to make the most efficient use of the exercises Assignments that are cross-referenced to The Addiction Treatment Planner, Second Edition—so you can quickly identify the right exercise for a given situation or behavioral problem A CD-ROM that contains all the exercises in a word-processing format—allowing you to customize them to suit you and your clients' unique styles and needs

SUBSTANCE ABUSE COUNSELING, Fifth Edition, is at the cutting edge of the addiction field, combining a focus on the most current empirical studies with a firm belief that clients must be treated with a collaborative and respectful approach. These core values lay the basis for individualized treatment planning, attention to the client's social environment, a

multicultural perspective, and a recognition that client advocacy is part of the counselor's role. Authors Lewis, Dana, and Blevins believe strongly that clients differ not only in the specific behaviors and consequences associated with their drug use but also in culture, gender, social environments, physical concerns, mental health, and a host of other variables. Using an integrated approach, the authors describe innovative methods for meeting clients' needs through personalized assessment, treatment planning, and behavior change strategies, showing students how to select the most effective treatment modalities for each client. Updated with new references, this edition features a stronger emphasis on motivational interviewing, expanded material on ethical considerations, coverage of cultural and diversity considerations in every chapter, and digital downloads of key forms that appear throughout the text. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ready-to-use therapeutic exercises for overcoming parenting deficits The Parenting Skills Homework Planner provides complete, customizable, copy-ready exercises for use with parents in therapy. Designed as a companion for the Parenting Skills Treatment Planner, this invaluable resource can also be used alone to facilitate counseling and help clients take a more proactive role. Organized by topic, each section provides specific goals for each exercise and suggests additional exercises that may help clients organize their thoughts and behaviors surrounding complex family dynamics. From behavioral problems and negative relationships to career development, blended families, grandparenting, and much more, this book provides practical tools for therapists helping clients navigate the landmines of parenthood. In an era of brief therapy, tangible homework assignments help clients continue their therapeutic work outside of the session, offering a quicker, more effective route to solving parenting skills deficits. This book provides insightful prompts and helpful exercises designed to uncover the root of the problem, focus on a solution, and help clients think deeply and critically about past and ongoing behaviors and habits. Use tested homework assignments independently, or in alignment with the Parenting Skills Treatment Planner Customize each exercise to suit each client's situation using downloadable files Help clients get more out of therapy by using time between sessions productively Tackle issues relating to abuse, depression, school difficulties, divorce, poverty, and more Today's complex family structures, combined with increased childhood pressures from school, peers, and the general culture, make parenting a more difficult job than ever before. Homework assignments extend therapy into family time, and facilitate constructive thought and discussion outside of the session. With 60 customizable exercises tailored to specific parenting problems, the Parenting Skills Homework Planner is an essential resource for the family therapist.

This timesaving resource features: Treatment plan components for 44 behaviorally based presenting problems Over 1,000 prewritten treatment goals, objectives, and interventions-plus space to record your own treatment plan options A

All of the requisite forms addiction treatment professionals need—a crucial time-saver in today's healthcare system Treating addiction in today's healthcare environment means that mental health professionals must manage an imposing amount of paperwork. Government and private grant funding, insurance and benefits programs, regulatory compliance, and the need for data on treatment effectiveness (evidence-based treatment) all require proper documentation. If these forms are missing, the results can range from bureaucratic headaches to problems serious enough to close a practice. Now fully updated and revised, The Addiction Counselor's Documentation Sourcebook: The Complete Paperwork Resource for Treating Clients with Addictions, Second Edition provides the most useful and current forms for accurate and comprehensive documentation and record keeping. These ready-to-use forms will save you and your practice hours that would otherwise be spent creating and collating them, freeing you to devote more energy to the important matters of treatment. A companion CD-ROM includes all documents in Word? format so you can customize them according to the unique needs of your practice. Covering every aspect of mental health practice for addiction treatment, this fully revised Second Edition also includes: Critical forms updated to help providers achieve HIPAA, JCAHO, and CARF compliance Unique handouts, exercises, and facilitator guides for use in individual and group therapy A comprehensive CD-ROM featuring all forms in Word format, as well as PowerPoint slideshows for every psychoeducational presentation in the book

The Addiction Counselor's Documentation Sourcebook, Second Edition is an essential timesaving resource that allows any professional practicing or working in the field of addiction treatment the freedom to give more of their time and energy to the people they serve.

A substance use problem exists when one experiences any type of difficulty related to using alcohol, tobacco, or other drugs including illicit street drugs or prescribed drugs such as painkillers or tranquilizers. The difficulty can be in any area of life; medical or physical, psychological, family, interpersonal, social, academic, occupational, legal, financial, or

spiritual. This expanded new edition of the successful Graywind Publications title provides the reader with practical information and skills to help them understand and change a drug or alcohol problem. Designed to be used in conjunction with therapy or counseling, it focuses on special issues involved in stopping substance use and in changing behaviors or aspects of one's lifestyle that keep the substance use problem active. The information presented is derived from a wealth of research studies, and discusses the most effective recovery strategies from the examination of cognitive-behavioral treatment. *Treatments That Work™* represents the gold standard of behavioral healthcare interventions! DT All programs have been rigorously tested in clinical trials and are backed by years of research DT A prestigious scientific advisory board, led by series Editor-In-Chief David H. Barlow, reviews and evaluates each intervention to ensure that it meets the highest standard of evidence so you can be confident that you are using the most effective treatment available to date DT Our books are reliable and effective and make it easy for you to provide your clients with the best care available DT Our corresponding workbooks contain psychoeducational information, forms and worksheets, and homework assignments to keep clients engaged and motivated DT A companion website ([www.oup.com/us/ttw](http://www.oup.com/us/ttw)) offers downloadable clinical tools and helpful resources DT Continuing Education (CE) Credits are now available on select titles in collaboration with PsychoEducational Resources, Inc. (PER)

The flexible format of The Severe and Persistent Mental Illness Progress Notes Planner, 2nd Edition enables you to choose between evidence based and traditional “best practice” treatment approaches for your patients. Fully revised to meet your needs as a mental health professional working in today’s long-term care facilities, this time-saving resource will save you hours of time-consuming paperwork without sacrificing your ability to develop customized progress notes. This guide is organized around 31 behaviorally based issues, from employment problems and family conflicts, to financial needs and homelessness, to intimate relationship conflicts and social anxiety.

The Integrated Intervention Planner Drug abuse and addiction are very complex disorders requiring multimodal treatment alternatives. Many of these addicted individuals also suffer from mental health, occupational, health, and/or social problems that make their addictive disorders much more difficult to treat. Even if there are few associated dual problems, the severity of the addiction itself ranges widely among the general population. Because of addiction's complexity and pervasive consequences, addiction treatment programs must take an Integrated Intervention approach. This coordinated effort provides for a comprehensive range of integrated services including counseling, case management, medications, housing, vocational rehabilitation, social skills training, as well as, family interventions that are modified to include both diagnosis. It is, therefore, the intent of the Intervention Planner to assist the clinical professional in writing inventive, individually tailored intervention treatment plans. Through the use of the Intervention Planner you will enhance the clarity, precision, and vividness of your reports. The planner will also help in the following areas:\* It serves as a guide to help organize your thoughts when writing, to ensure that you have addressed all of the relevant topics.\* It can structure a report to make certain that you haven't missed anything of importance.\* It can suggest individual goals, objectives and therapeutic interventions to help personalize a report or description.\* Also, the planner is organized in a manner that you can actually do a mini-mental status examination by selecting from the offered questions. Finally, use of the Intervention Planner will assist the clinically competent professional in carrying out his/her report writing tasks and at the same time making sure that they are writing better, more comprehensive reports.

Family Drug Courts: An Innovation of Transformation offers a wealth of information about the struggles of real people who have been drawn into the court system and have lost their children due to substance abuse. You will read about their personal journeys and a courtroom that gave them hope, and then gave them their lives and their children back. This book is for the professional who works with these families. It is for anyone that wants to get a front-row seat to what happens in this ordinarily confidential setting and for those who have had their own battle with mental health and addiction. This book is full of inspiration, and it contains a model for change that can transform individuals and communities everywhere.

Practice Planners: The Bestselling treatment planning system for mental health professionals Help clients suffering from chemical and nonchemical addictions develop the skills they need to work through problems.
