

## English Essentials Canadian Edition

How do we teach English Language Learners (ELLs) and how do our ELLs learn? This book answers those questions. "Essentials For Successful English Language Teaching" is about how we teach English Language Learners (ELLs) and how our ELLs learn. Farrell and Jacobs encourage those involved in teaching English to develop, maintain and rediscover the reasons that led them to take up the profession. They focus on the essentials in teaching the English language that teachers can implement in their instruction so that their students can excel in their learning: encourage learner autonomy; emphasize the social nature of learning; develop curricular integration, focus on meaning; celebrate diversity; expand thinking skills; utilize alternative assessment, and, promote English language teachers as co-learners along with their students. These essentials are best implemented as a whole, rather than one at a time and so they are interwoven with each other to encourage a holistic teaching approach. Highly accessible, each chapter comes with case studies and a range of activities to encourage the reader to put each of the essentials into practice. This reflective and engaging book will be invaluable to postgraduate students of TESOL and applied linguistics, and in-service language teachers.

Brief, accessible, and value-priced, The Little, Brown Essential Handbook, 3rd Canadian Edition answers the common and not-so-common questions about usage, grammar, research writing and documentation. Thoroughly adapted to reflect Canadian spelling, culture, geography, and history, this pocket-sized member of the Little, Brown family is an indispensable tool for Canadian writers across the disciplines and beyond their academic careers.

Roy Daniells (1902-1979), an English professor who finished his career at the University of British Columbia, and an outstanding scholar, teacher and poet, influenced at least four generations of students.

Human Form, Human Function is the first essentials level text that seamlessly weaves together form (anatomy) with function (physiology), an approach that caters to how instructors teach and students learn. Authors Tom McConnell and Kerry Hull incorporate real-life case studies as the vehicle for learning how form and function are linked. Through careful organization, thoughtful presentation, and a conversational narrative, the authors have maintained a sharp focus on communication: between body organs and body systems, between artwork and student learning, between content and student comprehension. Each feature reinforces critical thinking and connects anatomy and physiology to the world of health care practice. This original text offers an exceptional student learning experience: an accessible and casual narrative style, dynamic artwork, and a complete suite of ancillaries help build a solid foundation and spark students' enthusiasm for learning the human body.

Essentials of Chinese Materia Medica and Medical Formulas: New Century Traditional Chinese Medicine presents specific knowledge about the source, medicinal nature, action and application of more than 800 commonly-used Chinese materia medica, as well as the efficacy and application of more than 740 kinds of commonly-used Chinese medical formulas. Notably, all of the content is presented in table form, making the information easier to access, understand and apply. Each primary herbal medicine is introduced with color pictures, and each primary formula is presented with efficacy analysis pictures. The book provides readers with essential information on Chinese materia medica and formulas and how to use them accurately, including the most common Chinese materia medica used in clinics and in commonly used clinical formulas. This is an essential reference for traditional medical professionals and those interested in traditional Chinese medicine, including advanced undergraduate and postgraduate students. Includes over 800 Chinese materia medica and 740 medical formulas with their essential information Combines 514 color pictures of medicine material crude slices and 255 formulary efficacy analysis pictures Organized with concise forms, facilitating understanding and memorization

John Langan's English Essentials offers guidance through the grammar, punctuation, and usage skills needed for success in college and beyond. In short, English Essentials is an efficient, accessible, and helpful guide to mastering practical English skills. The book is divided into four parts -- Part One covers fifteen basic skills; Part Two offers more in-depth information about those and other skills; Part Three presents the essential skills of proofreading, and Part Four covers spelling improvement and dictionary

use. This student-friendly organization and structure makes the book easy to navigate and a flexible guide. Each section provides essential instructions followed by ample activities to encourage learning in the best possible way: by doing.

IN A PLACE OF PEACE DURING A TIME OF WAR THE UNFORGIVEN WILL NOT GO FORGOTTEN. Edenville, 1940. In a rural hamlet where the majority of men are overseas to fight Hitler's Nazi war machine, someone is killing veterans of the first world war. Wartime Special Constable 'Lame' Eddie Sommers, a crippled rich boy and the butt of derision, is doing his best to fill a uniform he believes in, yet wears too large. Inexperienced and out of his depth, he turns to a former detective and veteran of the western front for assistance. Involving Marshall Geary might be his biggest mistake. Marshall wears a copper mask, as much to hide behind as to conceal his disfigurements. He struggles against howling flashbacks and the lingering stench of his own concealed crimes. In a town meant for sanctuary, repressed horrors awaken like worms in a collapsing coffin. The closer they get to the truth, the nearer everyone is dragged to their limits, their failings and their buried pasts.

English is increasingly becoming the world's lingua franca. If we are not native speakers of one of the many varieties of English, then we may be students of English, or use English regularly for academic or business purposes. The English Language series, which is international in focus, aims to synthesize the wealth of existing linguistic research both on and in English. Each volume in the series is designed to present these findings in an accessible, enlightening and entertaining way not only to students of English linguistics but to learners and users of English across the globe. The English Writing System describes how writing is not simply ancillary to other aspects of language but vitally important to almost everything we do, from signing our wills to sending a text message. This book discusses the mechanics of the writing systems of English; the different ways people process words on a page and the mistakes they can make; how children and second language learners acquire these systems; the historical development of the language and the progress of writing technology: in short, the effectiveness of the writing systems of English. Combining an academic perspective from linguistics and psychology with insights into everyday spelling mistakes, The English Writing System will interest students and teachers of linguistics, literature, the English language, psychology and education.

This book is about how to teach English as a second language and how second language students learn. With Communicative Language Teaching (CLT) at its centre, it takes a practical approach to second language teaching backed up by clearly explained theory. Presenting eight essential principles across twelve chapters, the book covers Learner Autonomy, Social Learning, Integrated Curriculum, Meaning, Diversity, Thinking Skills, Alternative Assessment and Teacher Co-learning, and shows how technology and reflective teaching can be used to support and enhance these essentials in the classroom. Combining theory and practice, Essentials for Successful English Language Teaching explains how these principles interweave and support each other within the CLT paradigm, demonstrating why they are best implemented as a whole, rather than one at a time. Now revised and brought fully up to date, this new edition includes: - A brand new chapter covering technology and cooperation in teaching practice and how they support CLT-based activities - Vignettes for each essential principle to consolidate theory and demonstrate best practice - Updated real world examples, drawing on teaching experiences from North America, Africa and Asia Taking a 'big picture' view that assumes no prior knowledge of linguistics or language education, Essentials for Successful English Language Teaching is an energising and fun guide for language practitioners.

Besides the Privacy & Data Protection Essentials Courseware - English (ISBN: 978 940 180 457 8) publication you are advised to obtain the publication EU GDPR, A pocket guide (ISBN: 978 1 849 2855 5). Privacy & Data Protection Essentials (PDPE) covers essential subjects related to the protection of personal data. Candidates benefit from a certification that is designed to impart all the required knowledge to help ensure compliancy to the General Data Protection Regulation (GDPR). This regulation affects every organization that processes European Union personal data. Wherever personal data is collected, stored, used, and finally deleted or destroyed, privacy concerns arise. With the European Union GDPR the Council of the European Union attempts to strengthen and unify data protection for all individuals within the European Union. Within the European Union regulations and standards regarding the protection of data are stringent. The GDPR came into effect in May 2016 and organizations had until May 2018 to change their policies and processes to ensure that they fully comply with the GDPR. Companies outside Europe also need to comply the GDPR when doing business in Europe. One of the solutions to comply on the GDPR is to train and qualify staff. Certified professionals with the right level of knowledge will help your organization to comply the GDPR. The EXIN Privacy & Data Protection program covers the required knowledge of legislation and regulations relating to data protection and how this knowledge should be used to be compliant. The EXIN Privacy & Data Protection Essentials is part of the EXIN qualification program Privacy and Data Protection.

REA's Essentials provide quick and easy access to critical information in a variety of different fields, ranging from the most basic to the most advanced. With an emphasis on written and oral communication skills in our technologically enhanced workplace, the ninth Canadian edition of Essentials of Business Communication is designed to help students gain confidence in their communication skills, better preparing them for both their academic career and beyond. Our complete learning package is supported by three components: a textbook, an integrated workbook, and MindTap, our online digital platform. Within our complete solution, we provide students with the instruction and guidance to understand how important and necessary strong communication skills are for success in one's career. Using real-life business examples, we bring the instruction to life and allow students to immerse themselves in an experiential learning environment. For instructors, we have a well-developed and curated site of additional resources that are built to support any course using our learning resources. Guffey, Loewy, Almonte: your authoritative and trusted brand in Business Communication!

An authoritative dictionary that includes colloquial expressions, terms, and a phonetic symbol guide along with the usual vocabulary entries. REA's Essentials provide quick and easy access to critical information in a variety of different fields, ranging from the most basic to the most advanced. As its name implies, these concise, comprehensive study guides summarize the essentials of the field covered. Essentials are helpful when preparing for exams, doing homework and will remain a lasting reference source for students, teachers, and professionals. English Language reviews the fundamentals of English language, including grammar, vocabulary, punctuation, and sentence structure. Other topics include capitalization, numbers, troublesome word usage, and commonly misspelled words.

Putting a Canadian face on grammar instruction. English Essentials profiles real Canadian students' personal stories accompanied by photographs of real people whose lives have been changed by reading and writing. The Canadian author, Dr. Lisa Salem-Wiseman, interviewed students across the country and wove their personal life stories into the fabric of this book. Not only do students learn grammar through practice, they have an opportunity to engage and relate to the instruction and exercises for each skill. Reflecting the faces, challenges, and triumphs of its reader, this text inspires students to improve their writing skills. Student photographers snapped the photo essays of many of the students featured in this textbook. This book is made for students, by students.

AMERICAN GOVERNMENT AND POLITICS TODAY: THE ESSENTIALS, 2017-2018 Edition, inspires students to join the exciting process of being active, informed citizens. Unbiased, concisely organized, and updated with Election 2016 coverage, the text's fundamental theme continues to be the importance of participating in active citizenship, emphasizing critical thinking about political issues and encouraging students to become involved in the political process. With a keen understanding of the needs and interests of today's students, the authors incorporate compelling and thought-provoking current examples to stimulate learning and excitement. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

"English is so illogical!" It is generally believed that English is a language of exceptions. For many, learning to spell and read is frustrating. For some, it is impossible... especially for the 29% of Americans who are functionally illiterate. But what if the problem is not the language itself, but the rules we were taught? What if we could see the complexity of English as a powerful tool rather than a hindrance? --Denise Eide Uncovering the Logic of English challenges the notion that English is illogical by systematically explaining English spelling and answering questions like "Why is there a silent final E in have, large, and house?" and "Why is discussion spelled with -sion rather than -tion?" With easy-to-read examples and anecdotes, this book describes: - the phonograms and spelling rules which explain 98% of English words - how English words are formed and how this knowledge can revolutionize vocabulary development - how understanding the reasons behind English spelling prevents students from needing to guess The author's inspiring commentary makes a compelling case that understanding the logic of English could transform literacy education and help solve America's literacy crisis. Thorough and filled with the latest linguistic and reading research, Uncovering the Logic of English demonstrates why this systematic approach should be as foundational to our education as  $1+1=2$ .

REA's Essentials provide quick and easy access to critical information in a variety of different fields, ranging from the most basic to the most advanced. As its name implies, these concise, comprehensive study guides summarize the essentials of the field covered. Essentials are helpful when preparing for exams, doing homework and will remain a lasting reference source for students, teachers, and professionals. Microeconomics includes the fundamentals of supply and demand, consumer theory, production, perfect competition, the monopoly, and factor prices.

Essentials of Mastering English: A Concise Grammar is both an ideal companion for undergraduate students wishing to acquire a high level of grammatical proficiency and a readily accessible reference work for teachers of English at all levels. It provides an introduction to basic grammatical terms and to elementary syntactic description, enabling students to analyse sentences and utterances down to word level with a specification of both the form and the function of all constituents.
