overwhelming majority said YES! It is a bit different in it's layout as well with the images facing each other so that one can be used as a reference for the other (also requested by many). Most images are fairies, two are mermaids and one is a maiden in the wind. Some are more simple than others and some also have some added backgrounds that did not appear in the original paintings and so the backgrounds on the line art pieces (in some) might be a bit different than the grayscale images. This coloring book is suitable for adults and kids who have good fine motor control. I recommend using colored pencils, alcohol markers, chalk pastels, chalk, even eye shadow. Gel pens add a nice touch. Even though these images are printed single sided, please put a piece of heavy paper or a few sheets of regular printer paper between the pages to prevent bleed through. Also, you are welcome to scan the images on your scanner and print them out on heavy card stock paper or even watercolor paper if your printer will accept it. I also have this book in PDF version in my Etsy shop etsy.com/shop/mollyharrisonart. From the Artist: As an artist, color is a thing of magic in my life. Color creates shapes, forms, and feelings in the artworks I paint. Laying color onto a blank page is when I feel closest to true magic, when I feel happiest and most relaxed, and it's through what I create that I share my love of magic with the world. Through my coloring

books I want to share that same magic with you. The artworks in my books are based on my completed paintings, which I have painted over the last ten years as a professional artist. I have created the coloring designs to be intricate and detailed but still fun and accessible. There is something for lovers of meditative detail while simple enough to not be overwhelming for younger colorists. When designing my books I decided to print them with two copies of each design, because I know as an artist there are always so many possibilities! I wanted to give everybody the chance of a do-over with every design, because I also know mistakes can happen, and even the fear of mistakes can hamper creativity. I want you to be able to create without fear! Try a different medium, or a different color scheme. The double pages are also a chance to share the magic with a friend, child, parent, sibling. Because sharing your creativity and joy of color is the best magic of all.

Acclaimed author Graham Joyce's mesmerizing new novel centers around the disappearance of a young girl from a small town in the heart of England. Her sudden return twenty years later, and the mind-bending tale of where she's been, will challenge our very perception of truth. For twenty years after Tara Martin disappeared from her small English town, her parents and her brother, Peter, have lived in denial of the grim fact that she was gone for good. And then suddenly, on Christmas Day, the doorbell rings at her parents' home and there, disheveled and slightly peculiar looking, Tara stands. It's a miracle, but alarm bells are ringing for Peter. Tara's story just does not add up. And, incredibly, she barely looks a day older than when she vanished. Award-winning author Graham Joyce is a master of exploring new realms of understanding that exist between dreams and reality, between the known and unknown. *Some Kind of Fairy Tale* is a unique journey every bit as magical as its title implies, and as real and unsentimental as the world around us.
