

## Fallen Angels

Fallen Angels by Walter Dean Myers is a young adult novel about seventeen-year-old Richie Perry, a Harlem teenager who volunteers for the Army when unable to afford college and is sent to fight in the Vietnam War. Perry and his platoon—Peewee, Lobel, Johnson, and Brunner—come face-to-face with the Vietcong, the harsh realities of war, and some dark truths about themselves. A thoughtful young man with a gift for writing and love of basketball, Perry learns to navigate among fellow soldiers under tremendous stress and struggles with his own fear as he sees things he'll never forget: the filling of body bags, the deaths of civilians and soldier friends, the effects of claymore mines, the fires of Napalm, and jungle diseases like Nam Rot. Available as an e-book for the first time on the 25th anniversary of its publication, Fallen Angels has been called one of the best Vietnam War books ever and one of the great coming-of-age Vietnam War stories. Filled with unforgettable characters, not least Peewee Gates of Chicago who copes with war by relying on wisecracks and dark humor, Fallen Angels "reaches deep into the minds of soldiers" and makes "readers feel they are there, deep in the heart of war." Fallen Angels has won numerous awards and honors, including the Coretta Scott King Award, an ALA Best Book for Young Adults, a Booklist Editors Choice, and a School Library Journal Best Book. Fallen Angels was #16 on the American Library Association's list of the most frequently challenged books of 1990–2000 for its realistic depiction of war and those who fight in wars.

Resisting his blood thirst in the refuge of his mortal descendants, vampire Alex Danilov is haunted by memories of his long-lost love Elizabeth, unaware that she has risen from her grave as a vampire as well. Original.

Evil walked the earth when angels fell. Evil stalks us now in disembodied spirits; immortal wraiths once clothed in flesh when angel and women bred; spirits released from their fleshly prisons when their bodies were destroyed for drinking the blood of men. Evil also lives inside of the common man; set free when pride kills reason and eats integrity whole. There is evil that entraps us and evil that tugs from within. But neither have control until we choose to relent. Evil is a choice of action, of thoughts entertained too long, of arrogance pushing aside the last vestiges of compassion. Evil resides within the problem of choice. What is evil? Could it be as simple as pernicious selfishness? Could it be the drive for immediate gratification without regard for others? Man's life is limited; one hundred years or less. But, the souls of angel and watcher are eternal. Consider how much evil can be wrought through the millennia of immediate gratification on an eternal scale. By contrasting and comparing ancient texts such as Enoch, Jasher, Jubilees, the Bible, and various others containing stories of the creation of angels, demons, and man, a full and panoramic history of evil is produced. In this history the startling revelation of the descent of man and angels, and the evolution of evil on earth is clearly revealed.

The strange and enigmatic title "son of man" has intrigued biblical scholars for millennia. What does it mean and how does it describe Jesus in his role as the Christian messiah? Robin Jarrell surveys the mythological roots of the phrase in the ancient Mesopotamian Epic of Gilgamesh and traces its development from the mythology of the Egyptian queen Hatshepsut's birth narrative, to the Baal Cycle in Ugaritic literature, to the story of Pandora, and finally to the story of creation found in the book of Genesis. The key to unlocking the mystery of the phrase "son of man" is embedded in the story of the first "son of man"--Noah--with the reference to "the sons of God" who found wives among the "daughters of men" and whose offspring brought devastation to the earth and the reason for the flood. In the hands of the Christian gospel writers, the parallel "son of man" figure found in the Dead Sea Scrolls reemerges in the identity of the last "son of man"--Jesus of Nazareth.

"Did rebel angels take on human bodies to fulfill their lust for the "daughters of men"? Did these fallen angels teach men to build weapons of war? That is the premise of the Book of Enoch, a text cherished by the Essenes, early Jews, and Christians but later condemned by both rabbis and Church Fathers. Elizabeth Clare Prophet examines the controversy surrounding this book and sheds new light on Enoch's forbidden mysteries. She demonstrates that Jesus and the apostles studied the Book of Enoch and tells why Church Fathers suppressed its teaching that angels could incarnate in human bodies. *Fallen Angels and the Origins of Evil* takes you back to the primordial drama of Good and Evil, when the first hint of corruption entered a pristine world—earth. Contains Richard Laurence's translation of the Book of Enoch, all the other Enoch texts (including the Book of the Secrets of Enoch) and biblical parallels."

Dutch Reformed pastor Balthasar Bekker (1634-1698) has long been recognized as a key figure in the end of the witchcraft persecutions in early modern Europe. With the publication of his monumental four-volume work *The World Bewitched* Bekker argued against the temporal activity of the devil and evil spirits as well as against the reality of witchcraft, sorcery, and spirit possession. Yet Bekker's ideas drew opposition from Dutch Reformed clergymen who charged that his use of Cartesian philosophy to reject the temporal activity of spirits threatened much of traditional religious faith. This book argues that it was Bekker's exegesis of biblical passages in which spirits and spirit activity were mentioned that was a far greater threat than his Cartesian metaphysics to the literal interpretation of the Bible which was the intellectual cornerstone of Dutch reformed confessionality, dominant in the church since the Synod of Dordrecht (1618-1619). With an examination of the ideas of Bekker, his opponents and supporters, this book places the controversy around *The World Bewitched* within the context of the Cartesian debates of the seventeenth century and the growth of confessionality within the Dutch Reformed church.
