

Five Days Until You By Monica Murphy

"Sometimes what you least expect is just what makes life interesting, like opportunity knocking. If you're lucky, it'll only knock you for a loop. Then again, it could knock the door completely off its hinges as everything blows up in your face, trigger a sudden turn of events, an unsuspecting chain reaction and the last day of the rest of your life-interesting!" Welcome to Mick Lannigan's crooked little corner of the world, where he keeps a silent partner handy to do all the talking for him; a charismatic private-eye who played his cards like an ace until an ex-girlfriend and her new male acquaintance were murdered-blown sky-high-in an apartment explosion. Based on motive and opportunity, he was the only legitimate suspect the police could implicate, but that was the least of his worries. Unbeknownst to Mick, the young man who was killed was the son of Mafioso boss, G. Luciano Fandano, and catching up with the detective - already stumbling through unfamiliar territory and in way over his head - Fandano gives him until midnight the next day to track down, and deliver, the real assassin if he ever wants to see another sunrise...

Want to sell more books on the world's biggest retailer? Fancy Amazon doing the selling for you instead? Amazon Decoded: A Marketing Guide to the Kindle Store will show you how. * Learn about Visibility Marketing and how understanding Amazon's philosophy can boost your sales. * Discover the algorithms that really go into Sales Rank and dispel some remarkably common myths. * Decode the ways Amazon recommends millions of books to readers every single day. * Understand the critical differences between the Best Seller list and the Popularity list. * Implement proven marketing plans, optimized for maximum Amazon visibility. Whether you are exclusive to Amazon and chasing those page reads, or a wide author trying to survive the onslaught of Kindle Unlimited titles, Amazon Decoded will share the secrets of the Kindle Store and how you can sell more books.

Unsure. That's how I'm feeling about my entire life. Just when everything's good and I have it all under control, my girl Chelsea decides she's going to leave me for the summer. Despite my disappointment, I have to support her. It's what she wants, an opportunity she can't say no to and no way will I be the one to stop her. I love her too much to hold her back. Opportunities are happening for me too, though. A big one that my brother-in-law Drew says I can't pass up. I'm working extra hard. So is Chelsea. It's like we don't have any time to get together. We keep making the same promise—only five more days until we see each other again. But we keep breaking that promise. Is our relationship strong enough to survive all of these changes?

From three design partners at Google Ventures, a unique five-day process--called the sprint--for solving tough problems using design, prototyping, and testing ideas with customers.

A NEW YORK TIMES BESTSELLER A Good Morning America, FabFitFun, and Marie Claire Book Club Pick "In Five Years is as clever as it is moving, the rare read-in-one-sitting novel you won't forget." —Chloe Benjamin, New York Times bestselling author of The Immortalists ?Perfect for fans of Me Before You and One Day—a striking, powerful, and moving love story following an ambitious lawyer who experiences an astonishing vision that could change her life forever. Where do you see yourself in five years? Dannie Kohan lives her life by the numbers. She is nothing like her lifelong best friend—the wild, whimsical, believes-in-fate Bella. Her meticulous planning seems to have paid off after she nails the most important job interview of her career and accepts her boyfriend's marriage proposal in one fell swoop, falling asleep completely content. But when she awakens, she's suddenly in a different apartment, with a different ring on her finger, and beside a very different man. Dannie spends one hour exactly five years in the future before she wakes again in her own home on the brink of midnight—but it is one hour she cannot shake. In Five Years is an unforgettable love story, but it is not the one you're expecting.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

In Living under the Evil Pope, Martina Mampieri presents the Hebrew Chronicle of Pope Paul IV, written in the second half of the sixteenth century by the Italian Jewish moneylender Benjamin Ne'emiah ben Elnathan (alias Guglielmo di Diodato) from Civitanova Marche.

Josh is a twelve-year-old with dyslexia who spends the summer on a remote island in Maine with his teasing older brother Simon and grandparents he hardly knows. He spends the worst and the best summer of his life on Seal Island, far out to sea off the coast of Maine.

Deals with research and scholarship in economic theory. Presents analytical, interpretive, and empirical studies in the areas of monetary theory, fiscal policy, labor economics, planning and development, micro- and macroeconomic theory, international trade and finance, and industrial organization. Also covers interdisciplinary fields such as history of economic thought and social economics.

"An illuminating portrait of Baltimore in the aftermath of the April 2015 death of Freddie Gray . . . Readers will be enthralled by this propulsive account."—Publishers Weekly **LONGLISTED FOR THE PORCHLIGHT BUSINESS BOOK AWARD • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY LIBRARY JOURNAL** From the New York Times bestselling author of The Other Wes Moore, a kaleidoscopic account of five days in the life of a city on the edge, told through eight characters on the front lines of the uprising that overtook Baltimore and riveted the world When Freddie Gray was arrested for possessing an "illegal knife" in April 2015, he was, by eyewitness accounts that video evidence later confirmed, treated "roughly" as police loaded him into a vehicle. By the end of his trip in the police van, Gray was in a coma from which he would never recover. In the wake of a long history of police abuse in Baltimore, this killing felt like the final straw—it led to a week of protests, then five days described alternately as a riot or an uprising that set the entire city on edge and caught the nation's attention. Wes Moore is a Rhodes Scholar, bestselling author, decorated combat veteran, former White House fellow, and CEO of Robin Hood, one of the largest anti-poverty nonprofits in the nation. While attending Gray's funeral, he saw every stratum of the city come together: grieving mothers, members of the city's wealthy elite, activists, and the long-suffering citizens of Baltimore—all looking to comfort one another, but also looking for answers. He knew that when they left the church, these factions would spread out to their own corners, but that the answers they were all looking for could be found only in the city as a whole. Moore—along with journalist Erica Green—tells the story of the Baltimore uprising both through his own observations and through the eyes of other Baltimoreans: Partee, a conflicted black captain of the Baltimore Police Department; Jenny, a young white public defender who's drawn into the violent center of the uprising herself; Tawanda, a young black woman who'd spent a lonely year protesting the killing of her own brother by police; and John Angelos, scion of the city's most powerful family and executive vice president of the Baltimore Orioles, who had to make choices of conscience he'd never before confronted. Each shifting point of view contributes to an engrossing, cacophonous account of one of the most consequential moments in our recent history, which is also an essential cri de coeur about the deeper causes of the violence and the small seeds of hope planted in its aftermath.

Dove Award—Winning artist says, "You can still trust Him." Beloved worship leader Don Moen offers comfort to those wondering where God is when life is hard. At some point, most of us will face a seemingly

insurmountable situation—the death of a loved one, the loss of a job, an unexpected divorce, or a poor report from the doctor. It is at these very times, Don asserts, that God has not forgotten us. In *God Will Make a Way*—the same title as his popular worship song—Don explains that God is always working in ways we cannot see to bring hope and healing to his children. For some, their wounds are self-inflicted. They may think they've gone too far and are now merely damaged goods. Don flips that thought on its head, insisting we serve a God of second chances and no one is too far from his reach. Through heartfelt stories and hope-filled Scripture verses, "Papa Don," as he's called by many, weaves a blanket of gentle comfort for readers looking for answers. He has learned to lean on God's promises in good times as well as bad. *God Will Make a Way* is a message for the worldwide church that the God who saved Moses and the panicked children of Israel at the Red Sea is the same God we serve today—and nothing is too difficult for him.

In his first book, Joshua Thomas expertly explains the dangers lurking within modern Mental Health Services and guides you towards sound and useful Psychological Therapy. The author has distilled hidden problems, including the awful lack of regulation, the dash for cash, the disregard for you as an individual, and the use of bad science to justify Bad Psych. The author also describes what makes a Good Psychologist and Good Psychology, so you can get Good Psych, the therapy that does you good. At the core of the book is a fearless insight into real therapy with real case studies. Each case provides unique insights into the murky world of psychological therapy. "A refreshingly honest appraisal of the dysregulated mental health services that the public and practitioners are faced with. Essential reading for individuals and families to increase their chances of connecting with the right psychology practitioner and avoiding poor practices. Interestingly, the book is a useful text for new and established psychologists in appreciating and assessing their own readiness to provide good therapy." - Dr Jake Anderson, B.B.Ns, Ph.D, M.Psych (Clinical)
