Get an inside look at the real beginning of outlaw biker culture with this "raucous and heartfelt recounting of the early days of biker clubs" (Roadbiker). The story starts one weekend in 1947, at a motorcycle race in Hollister, California. A few members of one club, the no-holds-barred "Boozefighters," got a little juiced up and took their racing to the street. Word of the fracas spread, and soon enough Life magazine was on hand to tell the world, with sensational (albeit posed) pictures of the outlaws. And then the "Hollister riot" made its way into the movies, immortalized in Marlon Brando's "The Wild One." What was the reality behind the myth? Through interviews with the surviving members of the Boozefighters, current member Bill Hayes and club historian Jim "JQ" Quattlebaum take readers right into the fray for a firsthand account of what happened in Hollister, and the formation of the Boozefighters, where the outlaw biker culture truly began. The book, "with its great stories and entertaining real-life characters" (MotorcycleUSA.com), is "mandatory reading for anyone interested in American motorcycling history "(Minnesota Motorcycle Monthly).

Mantle or Mays? A-Rod or Jeter? Biggio or Morgan? Clemens, Maddux, and Randy Johnson -- or Pedro, Palmer, and Carlton? These are questions baseball fans can spend endless hours debating. Former All-Star pitcher and National League Manager of the Year Larry Dierker has his own opinions, and he shares them in *My Team*, his fascinating discussion of the greatest players he has seen in his four decades in the major leagues. Dierker selects twenty-five players for *My Team* and another twenty-five for the opposition, the Underdogs, or "Dogs." There are two players at each position, five starting pitchers, and four relievers. (When your starters are the likes of Roger Clemens, Greg Maddux, Bob Gibson, Tom Seaver, Nolan Ryan, and Juan Marichal, you don't worry about bullpen depth.) All are players that Dierker has played with or against or watched in his years as player, coach, manager, and commentator. Each athlete must have played at least ten years in the major leagues to qualify, and players are judged on their ten best seasons. Leadership skills and personality -- critical components of team chemistry -- are highly valued. So how is it possible to select two teams composed of outstanding ballplayers from the past forty years and not have room for Sandy Koufax, Reggie Jackson, Carl Yastrzemski, or Cal Ripken Jr.? Dierker explains his choices, analyzing each position carefully, always putting the team ahead of the individual player. He provides statistics to back up his selections, and often relates personal anecdotes about the players. (From his first All-Star Game in 1969, Dierker offers a wonderful anecdote about Hank Aaron, by then an All-

Considering Jesus's relational model for choosing the twelve disciples, Relational Intelligence will walk you through how to assess your relationships, define them, discern them, align them, and finally activate your relationships to unlock your greatest potential. Years of ministry leadership experience and personal experience have convinced Dr. Dharius Daniels: there's no such thing as a casual relationship. All relationships are catalytic - either pushing us forward into our God-given purposes or holding us back. Our spiritual, physical, financial, emotional, and professional progress is greatly impacted by who we allow to be a part of our lives and

what part we allow them to play. With our destiny on the line, relationships are too consequential to nonchalantly roll the dice in managing them. Relational Intelligence is your action plan for getting smart about your purpose partners.

Relationships were God's idea, writes Daniels, and when we understand and apply what God has to say about them we end up avoiding unnecessary relational turmoil, advancing in all areas of our life, and accomplishing our God-given purpose. When your purpose is on the line, the cost of relational unintelligence is too great to pay. In this book, you will explore and learn how to activate the relational intelligence you need for the life of purpose you want.
