In almost 35 years of adult life, I have had the unique experience of working in as many as 22 different (and often quiet varied or unconnected) industries/sectors. I have had the opportunity to travel to almost all Indian states and all five continents, and the chance to interact with "famous" people such as Bill Clinton to PV Narasimha Rao, Sathya Sai Baba to Kanchi Shankaracharya, Sunil Dutt to Amitabh Bachchan,

Mukesh Ambani to Kumar Mangalam Birla and Cyrus Mistry. Thus, I've had the opportunity to see, listen and learn, which has been much more beneficial than college education. Having studied journalism, I am a news freak who is glued to TV without sleeping 72 hours when incidents such as 9/11 or 26/11 happen. In my opinion (and I have been known for being outspoken), India is nowhere close to greatness. At the risk of sounding like a naysayer, I would say we were (until May 2014), and in many ways still are, closer to anarchy and chaos. I have read many books and opinion pieces, watched many TV interviews and heard a lot of gyaan from several gyaanis, but no one has come close to explaining what all is wrong with India, or how to fix it. I do not profess to be a philosopher or a visionary. But I do have some ideas, which I want to share with my countrymen ... and a lot of the same would probably apply in many other nations as well. All I heard was "the system is wrong ... and it can't be fixed". After just 51 months of Modi as Prime Minister, people are wondering what WAS going on for 67 years before him. Yes, the system is wrong ... but IS BEING fixed, and this book just gives some additional ideas to Mr. Modi, but I wouldn't be surprised if he knows most of it and has it on his agenda. This book outlines 72 items which are pending action from the governments over the years, as India nears 72 years of independence from the

prospects. Achievement in this qualification is benchmarked against the Council of Europe's Common European Framework of Reference for Languages (CEFR). The framework has been developed as a design tool. Please refer to the Council of Europe website for more information. This examination series targets a range of abilities; from level B1 (intermediate) to C1 (advanced) of the CEFR. Based on our many years' experience in HSK and IGCSE Chinese teaching and course contents preparation, we find vocabulary level classification is so important. Students can use CEFR levels for self-assessment so that they can more clearly define what they need to work on, and work out what they would like to achieve in their target language. Our Classified Chinese vocabulary list HSK and IGCSE has total 5000 vocabularies with the Best English Translation for better understanding. Many students call it "LIFE SAVING STRAW" for their exam. This book is a great success and encourages us to work beyond it. Based on our pass experience and data collection, by referring the authoritative resources like Cambridge and Oxford dictionary, here is our painstaking effort!

Written to cover the IGCSE syllabus, Business Studies: IGCSE is divided into five sections, which are in turn divided into units that provide convenient and flexible areas of learning. Each unit has a brief introduction followed by a business-in-context section and questions designed to help students understand the implications of the topic. Each unit contains definitions of key terms and ends with a summary of the topic covered.
