PUBLISHERS WEEKLY: "An unusually lighthearted apocalyptic tale." Sam Terra is having a bad week. He lost Molly, the woman he secretly loves, when she vanished before his eyes at the exact same time that ten percent of the inhabitants of Earth disappeared. Naturally upset, Sam follows clues about the global vanishing with questionable help from his friends including a misanthropic co-worker and a childhood pal. When Molly reappears in the body of a man during a night of monster-laden devastation, Sam finally learns the truth. Not just about her, but about the planet Earth and the entire cosmos surrounding it. What we consider mundane reality, others consider a game . . . and not a very good one. The whole thing is about to be shut down.

****Buy the Paperback and get the eBook version free****The iPhone XR, XS and XS Max were launched at same period each with its amazing features and beauty. While Apple used the LCD display on the iPhone XR, they quickly corrected this with the iPhone XS and XS Max that brought back the beautiful Super Retina HD display screen that current users are familiar with. With the launch of the iPhone XS Max came the introduction of the biggest screen ever seen in the iPhone series. With its 6.5 inches screen display, the iPhone XS Max has stood tall amongst its counterparts. Apple also ensured that the phones come with an improved battery capacity from the iPhone X and XR. Learn to take great photos with your iPhone—the camera you always have with you!

Imagine if someone took the same photographic techniques, principles, and tools used by high-end and professional photographers, but applied them to shooting with an iPhone. Imagine the type of images you'd be able to create using those same ideas. Well, finally, somebody has.

The world's #1 best-selling photography techniques author is about to break all the rules as he shows you how to apply the same techniques today's top pro photographers use to make stunning images. You're going to learn exactly how to use these techniques to create images that people will just not believe you could actually take with a phone (but with the quality of the iPhone's camera, you absolutely can!).

Scott leaves all the techno-speak behind and, instead, treats the whole book as if it were just you and he out on a shoot with your iPhones, using his trademark casual, plain-English writing style to help you unlock the power of your iPhone to make the type of pictures you never thought could be done with a phone. You'll learn:

- Which tools to use to make pro-quality portraits in any lighting situation.
- How to create stunning landscape shots that people will swear you took with an expensive DSLR or mirrorless camera.
- Proven posing techniques that flatter your subject and make anyone you photograph look their very best in every shot.
- How to organize and edit your photos like a pro!
- The pros' top tips for making amazing shots of everything from flowers to product shots, from food photography to travel shots, and everything in between.

Each page covers a single concept, a single tool, or a trick to take your iPhone photography from snapshots to shots that will make your friends and family say, "Wait...you took this?!"
