A crisis manager explains how to overcome a personal crisis, whether a relationship crisis or business disaster, by recognizing one's worst qualities and dealing with them appropriately. Like speech, the species-specific vocalizations or calls of non-human primates mediate social interactions, convey important emotional information, and in some cases refer to objects and events in the caller's environment. These functional similarities suggest that the selective pressures which shaped primate vocal communication are similar to those

The most terrifying horrors are revealed in the pages of history. After killing over 100,000 people during his first reign as Prince of Walachia, Vlad has returned, ready to inflict tortuous death on anyone he chooses. Only Nicolae and Maria, drawn together through mutual tragedies both inflicted by the ruthless Prince Dracula, dare try to stop him. Can Nicolae fulfill his plan of justice and revenge while winning the heart of the lovely Maria, or will he become the Impaler's next victim? With heart-stopping danger at every turn, detailed historical accuracy combined with fictional characters, and a myriad of surprises, *Tribute in Blood* is sure to keep you on the edge of your seat. Order this historical thriller romance today!

High interest-low vocabulary books.

In the traffic court, a police officer is either the prosecutor or will present testimony against the person to prove that he or she did commit the infraction that caused the ticket. A comprehensive tutorial for traffic officers who wish to present their cases in traffic court, and, be able to pass constitutional muster in the process.

Factionalism is widely understood to be a distinguishing characteristic of Chinese politics. In this book, Jing Huang examines the role of factionalism in leadership relations and policy making. His detailed knowledge of intra-Party politics offers a new understanding of still-disputed struggles behind the high walls of leadership in Zhongnanhai. Critiquing the predominant theories on leadership and decisionmaking, he explains that it is not power struggles that give rise to factionalism, but rather the existence of "factionalism that turns power into an overriding goal in CCP politics."

This Trace Coloring Numbers and Letters book includes: Trace Letters and numbers help kids to learn letters and numbers with colorful and a fun way Coloring pages: perfect for kids who want to learn to read and write in a fun way perfect Dotted Lined pages for kids to learn how to shape characters and alphabets. 80 worksheets Large size 8.5x11 much easier for kids to practice writing. This book is aimed at amateur PHP developers with a desire to get a firm understanding of the Lavarel 4 framework. Basic knowledge of PHP will be helpful, however in-depth knowledge is not a must.

This Japanese architecture and design book is a wonderful source of new styles and ideas for those looking to add a distinctively Zen flair to their home. Limited spaces, unlimited technology, a tradition of innovation, and sheer Japanese panache have combined to inspire the 26 stunning homes featured in *Japan Houses*. Conceived by 24 of Japan's leading architects and designers, each of the houses forecasts and defines a new trend in residential architecture, reinventing the meaning and use of space, material, and function. Traditional lifestyles are challenged, domestic functions such as cooking and entertaining are moved out of the house into the public domain, while laptops bring work back in. Zen minimalist is juxtaposed with comfortable opulence,

time-honored workmanship is coupled with exciting new materials, resulting in a recognizable style that belongs to Japan, reflecting its culture and craftsmanship, while at the same time being avant-garde and international. The spirit of each of these astonishing houses is captured in beautiful photographs, plans and commentary. This practical manual for teaching acting is really a drama course or two in a book, and can be used by veteran teachers, new teachers, actors from junior high through college, and little theater groups. Written by an award-winning high school drama teacher with over twenty-five years of experience, it contains both an introductory course and an advanced course, in a lesson-by-lesson format, as well as sections on scene study and relaxation/warm-up exercises which are basic to both. These separate courses are sequential and cumulative but complement each other and are adaptable to any group. Each lesson - twenty-nine in the beginning course, and forty in the advanced - includes lists of materials needed, step-by-step procedures, and outlines of the objectives, all tempered with the practical advice of a wise and compassionate teacher. Sample charts, diagrams, forms, and worksheets are here, too. Theater games found in the introductory course may be used as warm-ups, or, in fact, entire classes, in either of the two courses. But apart from teaching acting techniques; blocking; stage areas; creating characters; improvisation; and all the skills of the stage, Mr. Schlusberg never loses sight of the fact that theater is meant to encourage growth. With subtlety and deftness he shows how acting training can increase awareness of character, environment, senses, and emotions in developing more fulfilled human beings. This coloring book features: 60 Pages with sized at 8.5" X 11" 28 unique designs. Each page is printed on a single side making them easy to remove for display. Each page is professionally composed to provide the highest quality. Why You Will Love this Book In This Fancy Coloring Book, you will have 28 beautiful tropical fish illustrations. Best Buying Experiences. There are two pages for sample images in this book. One is back cover and another one is inside this book to look what you are going to have. So, take a look before buying. thought. For her own good, they ended the relationship when they returned to duty. Their decision devastated her. Now they're back and want her, but can she trust them with her fragile heart? When Sanford hires her to run his mayoral campaign, their passion burns and desire reignites. The problem is, Vicki is the poster child for vanilla sex, and the totally buff brothers are Doms. She's gained a lot of weight since their departure, and she fears they'll not be attracted to her anymore. All goes well until the men misstep, and Vicki believes she can never be their perfect sub. Clint and Sanford will do anything to win back her love, even throw away their cuffs and blindfolds, but will it be enough? Note: There is no sexual relationship or touching for titillation between or among siblings. ** A Siren Erotic Romance

Dismissed from the university where she served as Professor of Romantic Languages, Dr. Molly Whitcomb travels west to start over in the secluded mountain town of Timber Ridge, Colorado, where she'll be teaching children. Her train stops in Denver, and on a whim, Molly purchases a wedding band--an attempt to cover a mistake, but also a chance at a fresh start. Sheriff James McPherson was eager to hire a schoolteacher, but Dr. Molly Whitcomb isn't what he expected. His instincts about people--which rarely miss the mark--tell him she's hiding something. And when Molly's secret is revealed, her reinvented life begins to unravel. What's more, she risks losing her newfound relationship with the sheriff and her renewed faith in God.

A candid, comprehensive, and insightful explanation of what library school students need to do in order to maximize their chances of getting a professional position immediately after graduation.

Environmental Technologies Handbook provides environmental, health and safety professionals with a straightforward, easy-to-use reference guide to new and emerging pollution prevention and control technologies that will help them to meet regulatory obligations, increase sustainability, and ensure social responsibility. An international array of experts explain emerging and proven technologies for multi-media pollution and how they work, allowing readers to evaluate and choose technologies based on their needs and the technologies' cost and labor requirements. This book focuses on recent technology successes, including gasification, pyrolysis, electrochemical processes, photocatalysis, and advanced wastewater treatment technologies. Readers will find extensive coverage of the concepts of risk assessment to environmental media and the impact of advanced concepts of dose-response exposures to risk reduction practices. They will also find an explanation of the methodology and computation methods available for life cycle costing analyses and proper environmental cost accounting.

Been to Thailand? Is this your first time? Sick of reading about the same old places to go, same same things to do? Doesn't matter. This book is a refreshing twist on the generic ho-hum "Travel Guides" that inhabit book shelves world wide. Sure it may have some places and experiences that you may of heard about before but I guarantee you that you haven't heard them told in this style. How can I say that with that type of assurance you ask? Easy. No-one else is me. Unless you are on some sort of parallel plane/universe as the one that I'm on, then you could not have had the exact same experiences that I v'e had. Do you want to just have the "postcard" tour of Thailand and it's many wonders? Or do you want to hear about travelling on the wild side and have entralling stories to tell your friends when and if you survive your tour? If you are up for it, these tales will inform you on what you can achieve if you have the fortitude and imagination that can make your trip truly one to remember. Chok Dee Khup!!

Take your time with Road Trips France and discover 24 leisurely drives through the country's beautiful towns and stunning landscapes. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Communication is both a prerequisite and manifestation of social organization and in this sense several chapters of this volume are aimed to investigate the way vocal communication serves its ultimate function of maintaining social organization. Although manifold parallels exist to vocal communication in birds, additional mechanisms of vocalization are found in primates. Treating the various psychological, ecological, behavioral, and neurobiological aspects of vocalization this book provides an interdisciplinary approach for the understanding of biocommunication in primates including humans. Conceptual as well as methodological considerations are given in a balanced way. The addition of a comprehensive glossary gives an overview also to nonspecialists in this field.

“The Social Network meets Hammer of the Gods” in this story of a 1990s web titan who made a fortune and lost it all—and what happened afterward (The Independent). One day in February 2001, Josh Harris woke to certain knowledge that he was about to lose everything. The man Time magazine called “The Warhol of the Web” was reduced to a helpless spectator as his fortune dwindled from 85 million dollars to nothing, all in the space of a week. Harris had been a maverick genius preternaturally adapted to the new online world. He founded New York’s first dotcom, Pseudo.com, and paved the way for a cadre of twentysomethings to follow, riding a wave of tech euphoria to unimagined wealth and fame for five years—before the great dotcom crash, in which Web 1.0 was wiped from the face of the earth. Long before then, though, Harris’s view of the web had darkened, and he began a series of lurid social experiments aimed at illustrating his worst fear: that the internet would soon alter the very fabric of society—cognitive, social, political, and otherwise. In *Totally Wired*, journalist Andrew Smith seeks to unravel the opaque and mysterious episodes of the early dotcom craze, in which the seeds of our current reality were sown. Drawing on in-depth interviews with Harris and those who worked alongside him in downtown Manhattan’s “Silicon Alley,” the tale moves from a compound in Ethiopia through New York, San Francisco, Las Vegas, London, and Salt Lake City, Utah; from the dawn of the web to the present,

taking in the rise of alternative facts, troll society, and the unexpected origins of the net itself, as our world has grown uncannily to resemble the one Harris predicted—and urged us to evade. “Raucous, whimsical, sad and very funny...a fascinating account of what could have been, what briefly was, what almost lasted.” ?TheWall Street Journal “Told with verve and style...A valuable history.” ?Kirkus Reviews “A brilliant exploration of madness and genius in the early days of the web.”?The Guardian “Dark and compelling.”?Daily Mail “This is a book whose time has come.”?Sunday Times The grandson of the famous World War II general discusses a little-known chapter of U.S. military history and describes how American privateering, or pirating, during the Revolutionary War ravaged the British economy and helped America win independence. Reprint.

The Pulitzer Prize winner and New York Times bestselling author of *Let's Take the Long Way Home* now gives us a stunning, exquisitely written memoir about a dramatic turning point in her life, which unexpectedly opened up a world of understanding, possibility, and connection. *New Life, No Instructions* is about the surprising way life can begin again, at any age. Look for special features inside. Join the Random House Reader's Circle for author chats and more. “What do you do when the story changes in midlife? When a tale you have told yourself turns out to be a little untrue, just enough to throw the world off-kilter? It's like leaving the train at the wrong stop: You are still you, but in a new place, there by accident or grace, and you will need your wits about you to proceed. “Any change that matters, or takes, begins as immeasurably small. Then it accumulates, moss on stone, and after a few thousand years of not interfering, you have a glen, or a waterfall, or a field of hope where sorrow used to be. “I suppose all of us consider our loved ones extraordinary; that is one of the elixirs of attachment. But over the months of pain and disrepair of that winter, I felt something that made the grimness tolerable: I felt blessed by the tribe I was part of. Here I was, supposedly solo, and the real truth was that I had a force field of connection surrounding me. “Most of all I told this story because I wanted to say something about hope and the absence of it, and how we keep going anyway. About second chances, and how they're sometimes buried amid the dross, even when you're poised for the downhill grade. The narrative can always turn out to be a different story from what you expected.” Praise for *New Life, No Instructions* “Brimming with insights and wisdom . . . As far as I'm concerned, Caldwell can write about whatever she pleases. . . . Unabashed dispatches from lifelong single women are a fairly recent phenomenon. Caldwell has so much more to teach us.”—Kate Bolick, *The New York Times Book Review* “Gail Caldwell offers the kind of wisdom and grace you'd wish a friend, sister, or mother might deliver. . . . Fans and new readers alike will find comfort in Caldwell's voice.”—*The Boston Globe* “Quiet but powerful . . . an absorbing meditation on grief and rebirth in midlife.”—*More* “Eloquent and uplifting . . . [a story] to inspire you.”—*Good Housekeeping* “Graceful and reflective.”—*USA Today* “[Caldwell] confronts, with pluck and fortitude, the hurdles that life throws her way.”—*Publishers Weekly* “An uplifting journey . . . This book celebrates finding support where you least expect it.”—*Woman's Day* “[A] beautifully written memoir.”—*Parade* “[A] thoughtful, wide-eyed view of the world . . . [Caldwell] ably explores the shifts of our hearts.”—*Kirkus Reviews* “Getting old, as they say, is not for sissies, and no one would call Pulitzer Prize-winner Caldwell a wimp. . . . There may not have been a road map for the life-changing trip [she] was about to take, but . . . Caldwell realized she had the power to endure.”—*Booklist*

Pocket Posh® King James Puzzles pair faith and fun in the best-selling Pocket Posh® format that has sold over 1.5 million copies since 2008.
