What does a college have to do with presidential elections? If it's the electoral college, a lot! Readers learn all about the electoral college and how it plays a part in our elections.

Is the Bible the inspired Word of God? Is it reliable historically and scientifically? How is the Bible different than other religious writings? By pointing us to the evidence, Brian Broderson shows us how we can be confident the Bible is truly inspired by God, and therefore, truly relevant for each of our lives.

Gabe is a teenage Jehovah's Witness convinced God will kill him at Armageddon for masturbating. But Gabe's not alone: there's Peter, who writes swear words in the margins of his papers; Jihyun, the Korean kid who subsists on Ho Hos and Doritos; and Camille, who follows Gabe around, trying to be his girlfriend. There's also Gabe's mom, who sleeps sixteen hours a day, and his dad, an elder who decides the fate of sinners (like the married couple who confesses to accidentally having anal sex). There's Brother Miller, an elder with a Napoleon complex, who accompanies Gabe from door to door, encouraging him to knock with confidence, and Sister Feeney, who looks forward to the day she can move into a Spanish-style house after its owner dies at the end of the world. Luckily for Gabe, there is Uncle Jeff, who used to tour with Santana and now gives Gabe the only valuable girl advice he ever receives. It's hard when school days are spent dodging questions about your weird religion and weekends mean preaching house to house. Life looks dreary until Gabe falls for Camille's beautiful older sister and begins to see her as the answer to his frustrations.

How is academia portrayed in children's literature? This Element ambitiously surveys fictional professors in texts marketed towards children, who are overwhelmingly white and male, tending to be elderly scientists. Professors fall into three stereotypes: the vehicle to explain scientific facts, the baffled genius, and the evil madman. By the late twentieth century, the stereotype of the male, mad, muddlehead, called Professor SomethingDumb, is formed in humorous yet pejorative fashion. This Element provides a publishing history of the role of academics in children's literature, questioning the book culture which promotes the enforcement of stereotypes regarding intellectual expertise in children's media. This title is also available, with additional material, as Open Access.

"Wallis takes on all the shades of gray. He dissects the experience of this religion with laser precision" - Lisa, igotout.org "Wallis not only shines a light on the psychological turmoil caused by the organization's policies but does so with such intelligence, empathy, and personal understanding" - Allison Del Fium, What the Faith Podcast What is it like to suffer Religious Trauma Syndrome while still inside a High Demand Religious Organization? What causes Religious Trauma Syndrome and what are the risks that come with continuing participation? A Voice From Inside presents the rare voice of a critical insider of the Watch Tower Society, offering an account of the experience, how people are struggling, and what can be done to survive and move forward. Writing under a pseudonym, Geoffrey Wallis courageously explains what has led many to label the Jehovah's Witnesses as a Captive Organization and how the community's policies lead to the phenomenon of Physically-In-Mentally-Out (PIMO). With raw honesty, the author tells the gripping story of his journey through Religious Trauma Syndrome as an active Jehovah's Witness. He discusses the experience of stigmatized LGBTQ+ members, moral injury PTSD in the newly disillusioned, and what it's like to rise up the ranks of the organization's hierarchy. Along the way, he boldly speaks out about how to protect fellow members by calling for regulation to protect the religious freedoms of PIMOs and teaching others to reverse-engineer manipulative psychology with mindfulness practice. Written to help bring change to the Jehovah's Witness community as a whole, but also for anyone struggling with religious trauma, A Voice from Inside is both a witness to the experience of living in an HDRG as well as a clarion call for change and healing in a world that sorely needs it.

Ja Rule, actor, singer, songwriter, and one of the most multi-dimensional rap artists of his time, tells his compelling story—from his youth to his rise to international fame to his transformative two years in Federal prison—and reveals the man beneath the legend. Unruly is two stories that offer one complete picture of a man and his world: the angry, fatherless rapper, Ja Rule who was “raised by the streets”; and Jeffrey Atkins, the insightful, reflective father and loyal husband who learned the hard way how to be a good man. Filled with never-before-revealed anecdotes and sixteen pages of black-and-white photos, Unruly shows the determination that it takes to become a man in today's society. Ja Rule considers the lack of role models for many young black men today—a void that leads to bad choices and the wrong paths. Recalling his youth, he illuminates the seductive pull of the streets and the drug dealers who were his earliest role models. Jeffrey Atkins offers practical wisdom—reflection, growth and hope learned first-hand as an inmate, father, husband, and community role model. He speaks fondly of men who inspired Unruly—the inmates he met in prison whose misguided ideas of masculinity landed them behind bars—and Louis Farrakhan who mediated the televised encounter with Ja Rule's adversary, 50 Cent. Unruly is a compelling, personal look at the duality and conflicts that arise in the African-American male psyche from a man who has enjoyed breathtaking fame and suffered heartbreaking misfortune.

Narrated by a longtime New York City ward boss, this volume reveals the successful application of corrupt practices such as patronage-based appointments and the exercise of power for personal gain.

This work aims to move beyond the monolithic portrayal of globalization protests. With analysis and primary documents from a variety of sources, Robin Broad explores proposals and initiatives coming from protesters.

"A fascinating glimpse into the consciousness of being an outsider in every possible way, and what it takes to find your path into the life you'd like to lead."--Nylon A riveting memoir of losing faith and finding freedom while a covert missionary in one of the world's most restrictive countries. A third-generation Jehovah's Witness, Amber Scoria had devoted her life to sounding God's warning of impending Armageddon. She volunteered to take the message to China, where the preaching she did was illegal and could result in her expulsion or worse. Here, she had some distance from her community for the first time. Immersion in a foreign language and culture--and a whole new way of thinking--turned her world upside down, and eventually led her to lose all that she had been sure was true. As a proselytizer in Shanghai, using fake names and secret codes to evade the authorities' notice, Scoria discreetly looked for targets in public parks and stores. To support herself, she found work at a Chinese language learning podcast, hiding her real purpose from her coworkers. Now with a creative outlet, getting to know worldly people for the first time, she began to understand that there were other ways of seeing the world and living a fulfilling life. When one of these relationships became an "escape hatch," Scoria's loss of faith culminated in her own personal apocalypse, the only kind of ending possible for a Jehovah's Witness. Shunned by family and friends as an apostate, Scoria was alone in Shanghai and thrown into a world she had only known from the periphery--with no education or support system. A coming of age story of a woman already in her thirties, this unforgettable memoir examines what it's like to start one's life over again with an entirely new identity. It follows Scoria to New York City, where a personal tragedy forces her to look for new ways to find meaning in the absence of religion. With compelling, spare prose, Leaving the Witness traces the bittersweet process of starting over, when everything one's life was built around is gone.

This is a high quality enlarged replica reprint of the rare 1924 book by W. E. Van Amburgh, who was the Secretary/Treasurer of

The Watchtower Bible & Tract Society for 43 years. It is worth noting that in his time W. E. Van Amburgh was one of only five members of the Watch Tower Editorial Committee qualified, as the Watch Tower said, "to approve as Truth each and every article appearing in these columns." He must have been very thoroughly familiar with all the Watch Tower's teachings to hold such responsibility. Today many of the doctrines taught in "The Way to Paradise" are no longer taught by Jehovah's Witnesses. This edition includes the biographical supplement, "Who was W. E. Van Amburgh?"
