Ryan wakes up to find his contractor dad building walls to turn their big old house into a duplex. The family that moves into the other side includes Bizzy Horvat, the pretty girl he has a crush on at school. Bizzy claims her mother is a witch with the power to curse people with clumsiness or, in Bizzy's case, astonishing beauty. When a bee gets caught in Bizzy's hair, Ryan acts so quickly and radically to save her from getting stung that he attracts the attention of a group of micropotents—people with micropowers. He soon realizes that Bizzy and her mother also have such powers. It becomes Ryan's job, with the help of the other micropotents, to protect the Horvats from a group of witch hunters from their native country, who are determined to kill Bizzy, her mother, and all the other "witches"—micropotents—who have gathered to protect them.

Based on 30 years of research, Brian May's painstaking excavation of exquisite stereo photographs from the dawn of photography transports readers to the lost world of an Oxfordshire village of the 1850s. At the book's heart is a reproduction of T. R. Williams' 1856 series of stereo photographs, "Scenes In Our Village." Using the viewer supplied with this book, the reader can become absorbed in a village idyll of the early Victorian era: the subjects seem to be on the point of suddenly bursting back into life and continuing with their daily rounds. The book is also something of a detective story, as the village itself was only identified in 2003 as Hinton Waldrist in Oxfordshire, and the authors' research constantly reveals further clues about the society of those distant times, historic photographic techniques, and the life of the enigmatic Williams himself, who appears, Hitchcock-like, from time to time in his own photographs.

As two clever boys exploit a clerical oversight, each one discovers new perspectives on selfhood, friendship, and honesty. Identical twins Ray and Jay Grayson are moving to a new town. Again. Ray's not on the attendance lists and doesn't have a locker, or even a student folder. Jay decides that this lost information could be very...useful. And fun. Maybe even a little dangerous.

Michael is content to live in the shadow of his best friends, James and Becky. Plus, his brother, Connor, has already been kicked out of the house for being gay and laying low seems to be Michael's only chance at avoiding the same fate. To pass the time before graduation, Michael hangs out at The Echo where he can dance and forget about his father's angry words, the pressures of school, and the looming threat of AIDS, a disease that everyone is talking about, but no one understands. Then he meets Gabriel, a boy who actually sees him. A boy who, unlike seemingly everyone else in New York City, is interested in him and not James. And Michael has to decide what he's willing to risk to be himself.

Two thousand miles and fifteen years of building a new life in the quiet backcountry of the Rocky Mountains should have been enough to put the memory of Bennett Crawford out of his mind forever, but old wounds run deep and when Bennett suddenly reappears in his life as part of a wilderness expedition Xander is guiding, the scars he thought long healed break wide open. I'd only ever wanted to protect Xander from getting hurt again. I never considered the one he needed protection from was me... As the only son of one of the wealthiest families in New England, he should have had the world at his feet, but losing his best friend at the tender age of fourteen changed everything. And even though Bennett's managed to hide behind a mask of contentment as he takes his place at his father's side in the family business, inside he's searching for the piece of himself that's been missing ever since Xander Reed walked out of his life. Bennett's only saving grace is his work with a group of inner city kids, and when he's given the chance to show the troubled teens that there's a bigger world out there waiting for them if they just have the courage to reach for it, he takes it. But when he steps off that bus for what was supposed to be a week of fun and adventure, he's instantly returned to the past when he discovers their expedition guide is none other than the boy he let go so long ago. Only, the soft-hearted, insecure little boy Bennett once knew is gone, and in his place is a brooding, bitter man who isn't interested in second chances. People leave. I know that now and nothing Bennett has to say to me will change anything... All Bennett wants is another chance to show Xander that friendship was only the beginning. But when a stubborn Xander refuses to even hear him out, Bennett realizes he's going to need to fight dirty. Because now that he's found Xander again, he's not letting him go a second time...
