That package includes ISBN-10: 013385129X /ISBN-13: 9780133851298 and ISBN-10: 0133877248 /ISBN-13: 9780133877243. For courses in Financial and Managerial Accounting. Expanding on Proven Success with Horngren's Financial and Managerial Accounting Horngren's Financial and Managerial Accounting presents the core content of the accounting course in a fresh format designed to help today's learners succeed. The Eleventh Edition expands on the proven success of the significant revision to the Horngren franchise and uses what the authors have learned from focus groups, market feedback, and colleagues to create livelier classrooms, provide meaningful learning tools, and give professors resources to help students inside and outside the class. First, the authors ensured that content was clear, consistent, and above all, accurate. Every chapter is reviewed to ensure that students understand what they are reading and that there is consistency from chapter to chapter. The author team worked every single accounting problem and employed a team of accounting professors from across the nation to review for accuracy. This edition continues the focus on student success and provides resources for professors to create an active and engaging classroom. Through MyAccountingLab, students have the opportunity to watch author recorded solution videos, practice the accounting cycle using an interactive tutorial, and watch in-depth author-driven animated lectures that cover every learning objective. In addition, all instructor resources have been updated to accompany this edition of the book, including the PowerPoint presentations and Test Bank. Also available with MyAccountingLab® MyAccountingLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

Hansen/Mowen's CORNERSTONES OF COST MANAGEMENT, 4E demonstrates the dynamic nature of cost accounting in today's changing business environment. The book covers functional-based cost and control, and then activity-based cost systems, giving students the skills to manage any cost management system. Developed using extensive research on student learning behavior, this book presents concepts in a unique format that speaks to how students learn. Cornerstones examples in each chapter emphasize the How, Why, and What-Ifs of basic cost management concepts, while delving into the conceptual nature of each equation or topic. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Warren/Reeve/Duchac's MANAGERIAL ACCOUNTING 14E provides a solid foundation in managerial accounting fundamentals, while motivating students to learn by showing how accounting is important to business. Business

examples and a new chapter schema provide context for readers, demonstrating how each chapter's content fits into the big picture, connecting fundamental concepts with real businesses. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The emphasis of MANAGERIAL ACCOUNTING, 6e is on teaching students to use accounting information to best manage an organization. In a practice Hilton pioneered in the first edition, each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter. Known for balanced examples of Service, Retail, Nonprofit and Manufacturing companies, Hilton offers a clear, engaging writing style that has been praised by instructors and students alike. As in previous editions, there is significant coverage of contemporary topics such as activity-based costing, target costing, the value chain, customer profitability analysis, and throughput costing while also including traditional topics such as job-order costing, budgeting and performance evaluation.

Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.

This text is written as an integrated work in managerial accounting, and is intended for use as a basic text for students after completing a first semester or quarter course in financial accounting at either the undergraduate or graduate level. This text is organized around the following major areas of managerial accounting: An Overview of Managerial Accounting. In this section, the text discusses the uses of managerial accounting and contrasts the type and use of information provided by managerial accounting and financial accounting (Chapter 1). Chapter 2 focuses on basic cost information and behavior. In this chapter we distinguish between the different types of costs incurred by organizations. In addition, this chapter discusses the behavior of these costs with changes in activity as well as the effect of cost behavior on managerial decisions. Cost Accumulation. Chapters 3 through 5 illustrate the process through which the organization accumulates costs with its products and services. In Chapter 3, we focus on production and service processes that require different levels of effort across individual jobs (job-order costing). Chapter 4 illustrates the cost accumulation process for manufacturing environments characterized by the production of a large number of similar products (process costing). Chapter 5 focuses on the process through which overhead costs are accumulated with the organization's inventory and services. The dedication of an entire chapter to overhead costs is considered necessary given the importance of controlling overhead costs to organizations in manufacturing inventory and providing services. The Use of Managerial Accounting Information. Chapters 6 through 11 describe various uses of managerial accounting information. Topics discussed in these chapters include variable costing and cost-volume-profit analysis (Chapter 6), standard costing and determination of variances (Chapter 7), budgeting (Chapter 8), responsibility accounting (Chapter 9), short-term managerial decisions (Chapter 10), and capital budgeting (Chapter 11). In these chapters, the basic principles of cost behavior and cost accumulation discussed in the preceding two sections are applied to important decisions facing managers in today's business world.

Make smart business decisions! Recognizing that most students will become managers, and not accountants, Jiambalvo's Managerial Accounting, Second Edition focuses on the knowledge and skills that managers need to make good business decisions. Students and instructors alike have praised the clear and concise writing style – discussions are to the point, ideas are illustrated, and examples are presented to make the ideas concrete. Before you buy, make sure you are getting the best value and all the learning tools you'll need to succeed in your course. If your professor requires eGrade Plus, you can purchase it now at no additional cost. With this special eGrade Plus package you get the new text — no highlighting, no missing pages, no food stains — and a registration code to eGrade Plus, a suite of effective learning tools to help you get a better grade. All this, in one convenient package! eGrade Plus gives you: A complete online version of the textbook Over 1,500 problems from the end-of-chapter problem sets and test bank 2 self-assessment tests per chapter One Demonstration Problem per chapter (a worked out end-of-chapter problem that steps students through that chapter's key concepts) Cases, which promote critical thinking and decision-making skills Learning objectives for each chapter eGrade Plus is a powerful online tool that provides students with an integrated suite of teaching and learning resources and an online version of the text in one easy-to-use website.

The authors have kept the text concise by focusing on the key concepts students need to master. Opening vignettes & 'in action' boxes show realistic applications of these concepts throughout. Comprehensive end-of-chapter problems provide students with all the practice they need to fully learn each concept.

Clear. Accurate. Current. The new twelfth edition of Financial and Managerial Accounting: A Basis for Business Decisions unites this text's long-running standard of excellence with a thorough revision reflecting contemporary concepts and issues in accounting. The managerial accounting section has been expanded making this book appropriate for the 50/50 split accounting principles courses that employ a corporate approach. The hallmarks of this text continue to be exceptional balance between the preparer and user points of view, excellent real-world examples that do not distract students from the text narrative, and clear writing style. This is a reflection of the authors and their well-known dedication to accounting education.

Go beyond managerial accounting theory to the techniques used in management today. Managerial Accounting: Making Decisions and Motivating Performance enables managers and business owners to attain the core skills they need to become integral members of their company's decision-making teams. This new program from established authors Srikant

M. Datar and Madhav Rajan emphasizes decision-making and the effects of decisions. While many texts teach the theories and frameworks of management education, Managerial Accounting goes further by covering the capabilities and techniques necessary for effective management practice, as well as fostering attitudes that typify integrity, honesty, and fairness. 0132816245 / 9780132816243 Managerial Accounting: Making Decisions and Motivating Performance Plus NEW MyAccountingLab with Pearson eText -- Access Card Package Package consists of: 0132829444 / 9780132829441 NEW MyAccountingLab with Pearson eText -- Access Card -- for Managerial Accounting: Making Decisions and Motivating Performance, 1/e 0137024878 / 9780137024872 Managerial Accounting: Making Decisions and Motivating Performance, 1/e

Crosson/Needles, MANAGERIAL ACCOUNTING, 10e, International Edition continuously evolves to meet the needs of today's learner. This edition's new structure is based on research about how to deliver content to students and how to mirror the way instructors have told us they teach! The authors have organized this edition into a NEW! Three Section Approach:The CONCEPTS section focuses on the overarching accounting concepts that require consistent reiteration throughout the course.The ACCOUNTING APPLICATIONS section helps students apply the accounting procedures with features like "Apply It!" and a new transaction analysis model.The BUSINESS APPLICATIONS section illustrates how concepts and procedures are used to make real business decisions.As students walk through the new Three Section Approach, they can gain extra practice with new corresponding TriLevel Problems within CengageNOW. These problems mirror the Three Sections in each chapter. Concepts, Accounting Applications, and Business Applications foster a complete understanding of each section.These substantial changes will make students more efficient learnersand prepare them to face a business world increasingly complicated by ethical issues, globalization, and technology.

Introduction to Managerial Accounting, 4/e by Brewer/Garrison/Noreen is based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. However, this is not simply a briefer book with chapters removed; B/G/N has been rethought and retooled to meet the needs of the market. B/G/N 4/e is a more accessible, yet thoroughly student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course: cost accounting/cost management. Faculty and students alike will find this new edition has retained the hallmark features of the Garrison brand: author-written supplements, excellent readability, terrific examples, and balanced end-of-chapter material.
