

## Mantra Yoga And Primal Sound Secrets Of Seed Bija Mantras

JOURNEY WITHIN is the story of our spiritual ascent, both as individuals and collectively. With equal parts instruction and inspiration, the book beautifully describes how we have gotten where we are today and our essential next steps.

In the popular "Little Bit of" series: a fresh, accessible introduction to the practice of chanting mantras. Chanting a mantra repeatedly can actually affect your state of mind, elevating your consciousness, altering your emotions, and bringing you peace. A Little Bit of Mantras presents an introduction to these sacred, spiritually empowering words, phrases, and sounds. It explores the history of mantras and how they work, and gives you chants that you can use with your yoga, meditation, or other daily practice.

FOR SALE IN SOUTH ASIA ONLY

Meditation exercises for listening to the four levels of sound, to still the body, quiet the mind, open the heart, and connect with the Divine • Details the teachings on nada yoga from the Hatha Yoga Pradipika with clear, step-by-step instructions to find and hear the inner sacred sound of nada • Explains the 4 levels of sound through a series of practical meditation exercises • Includes instructions for a daily nada yoga meditation practice as well as ways to strengthen your advanced practice The ancient practice of nada yoga is not complex. It is the yoga of listening. It is a journey from the noise of the external world inward to a place of peace and bliss, to the source of the transformational power of sound--the nada. By meditating on the inner sacred sound of the nada, we can release ourselves from mind chatter and obsessive thinking. We can still the body, quiet the mind, and open the heart to create a state of mind where joy naturally arises. Sharing his experiential understanding of the classic Hatha Yoga Pradipika, Baird Hersey offers precise, step-by-step instructions on how to find the inner sound of the nada. He explains the first three levels of sound--first, how to truly hear the ordinary sounds of the world around us (vaikhari); second, how to quiet the sounds of the mind (madhyama), such as sound memories and internal dialogue; and third, how to access visual sounds (pashyanti), tapping in to our ability to see sounds and hear colors. Mastering the first three levels prepares one for the fourth level of sound (para), the heart of the practice that connects one to the inner sound of the nada. The author provides detailed exercises to guide you through each level of sound and instructions for a daily nada yoga meditation practice. Hersey explains that by focusing our minds on this internal sound we reunite our essential self with the eternal and infinite. In this re-union we find bliss in both body and mind, an uplifted spirit, and heightened states of consciousness.

Hailed by Tony Robbins as the “definitive breathwork handbook,” Just Breathe will teach you how to harness your breath to reduce stress, increase productivity, balance your health, and find the path to spiritual awakening. Big meeting jitters? Anxiety over a test or taxes? Hard time focusing? What if you could control your outcomes and change results simply by regulating your breath? In this simple and revolutionary guide, world-renowned pioneer of breathwork Dan Brulé shares the Breath Mastery technique that has helped people in more than fifty countries reduce anxiety, improve their health, and tap infinite stores of energy. Just Breathe reveals the truth that elite athletes, champion martial artists, Navy SEAL warriors, first responders, and spiritual yogis have always known—when you regulate your breathing, you can moderate your state of well-being. So if you want to clear and calm your mind and spark peak performance, the secret is just a breath away. Breathwork gives you the tools to achieve benefits in a wide range of issues including: managing acute/chronic pain; helping with insomnia, weight loss, attention deficit, anxiety, depression, trauma, and grief; improving intuition, creativity, mindfulness, self-esteem, and leadership; and much more. Recommended “for those who wish to destress naturally” (Library Journal), Just Breathe will help you utilize your breath to benefit your body, mind, and spirit.

"The Rig Veda is not only one of the oldest sacred scriptures of the world, but also one of the most misunderstood. Past scholarship has dismissed the hymns of the Rig Veda as being expressions of a primitive animistic mentality that only rarely rose to true spiritual and philosophical heights. David Frawley's book demonstrates that this judgmental view is ill-founded. His fine renderings of select Vedic hymns bear witness to the fact that their composers were sages and seers--powerful poets who knew the art of symbolic and metaphoric communication. The Vedic hymns give us a unique glimpse not into a primitive mentality but a mentality and culture that revolved around the highest spiritual values and visions. This is an important and riveting book, ushering in a new and sounder tradition of Vedic interpretation and scholarship." Georg Feuerstein

“Singing is as human as breathing, and this book tells us why.” —Mark Guarino, contributing music writer, The Guardian Popular yogi-musician Girish opens new possibilities for transforming your life through song, combining the ancient art of singing mantra with twenty-first century neuroscience research. For as long as he can remember, Girish has created rhythm to accompany life. His first experience of music as sacred art came in college, playing with jazz bands. “During improvisational sessions,” he recalls, “there were these unexplainable moments of synchronicity and intuition that felt like magic.” This led Girish to an unexpected journey—a seeming detour to live as a monk in an ashram for five years that inadvertently nourished his musical artistry. Here, he studied Sanskrit as a means to understand the deeper meanings of ancient chants, which sparked a life-changing event that led him back to music—and to combining music with Sanskrit chants. Now he shares what he’s learned to help people of all ages, backgrounds, and traditions to transform body, brain, and life through mantra and music. With Music and Mantras, Girish has created a toolkit for personal transformation through singing, sharing his own experience as a musician, yogi, and former Hindu monk. Weaving simple, elegant mantras from ancient traditions with neuroscience, Girish shows us how to achieve greater peace of mind, clarity, calm, focus, and even improved health and wealth through "kirtan," the yogic art of chanting—an inspiration that anyone can sing their way to

happiness, health, and prosperity.

Presents the Ayurvedic treatment of common diseases, covering over eighty different ailments from the common cold to cancer.

Unveiled in this book are the secrets of the occult sciences of Yantra, Mantra and Tantra to help the reader achieve worldly success and spiritual enlightenment. Detailed instructions are given for the preparation and application of Yantras for specific purposes: to win favours, defeat for selecting and using Mantras to attain miraculous powers, and fulfilment of one's desires, are explained in detail. In the Tantra section of the book, methods of treatment of diseases by herbs are given. Information is provided about Tantric articles and where to obtain them.

Soma in Yoga & Ayurveda cracks the secret code of "Soma" and de-mystifies the myth and logic about its practical application. Dr. Frawley has clearly outlined that the real fountain of Soma is well within you and tapping into that nourishment will make your life enlightened and blissful.

A complete introduction to using the sounds of the voice to promote healing • Explains the emotional meanings and healing attributes of human vocal expression, from vowels and consonants to natural sounds such as laughter or sighs • Includes easy-to-follow vocal and breathing exercises • Contains chants and mantras from cultures around the world As infants and children we use our vocalizations to express our needs and emotions. As we grow older these vocalizations become confined to language. The suppression of emotional sounds because they may be considered childish or undignified is quite commonplace in Western cultures. Yet when done with vigor, the sounds made by laughing, groaning, humming, keening, and sighing hold within them great power for healing. In The Healing Power of the Human Voice James D'Angelo introduces the concepts behind sound healing and provides simple, practical exercises for beginners. He explains in detail the meanings and healing attributes of the whole range of human vocal expression, from vowels and consonants to the natural sounds of laughter or sighs. He praises the power of singing and reveals the ways in which group singing can contribute to physical and mental health. He also presents authentic classical chants and mantras from cultures around the world and shows how we can combine various vocal sounds to form our own mantra to help clear chakra blockages. All of the sounds discussed, as well as the techniques for producing overtones, are placed in a ritualized context and are accompanied by simple movements to enhance tuning the body toward inner harmony, health, and peace.

As yoga gains popularity across the U.S., many people are becoming interested in its traditional Vedic roots. While Buddhist meditation is well represented on bookshelves, there has been little Vedantic philosophy written in lay terms until now. Author David Frawley guides readers through the challenges of cultivating awareness, calming the mind, and practicing meditation according to Vedanta and Hinduism. He examines how cultural knowledge systems in the West lead individuals to disillusionment, and speaks about how meditation can aid in understanding the true nature of one's thoughts, emotions, and perceptions. Frawley explores meditation support practices such as yoga, mantras, kundalini, and pranayama, as well as the role of gurus, and concludes with a short, more technical essay on self-inquiry.

A sampling of Swami Rama's anecdotes on fearlessness, miracles of healing and the astonishing ability of the one-pointed mind.

This collection contains four of the most cherished Tibetan Buddhist commentaries on the practices of visualization, mantra recitation, and meditative absorption—elements that form the core of development stage meditation, one of the most important practices of Buddhist Tantra. The texts within this volume—Ladder to Akani??ha, Clarifying the Difficult Points in the Development Stage, The Four Stakes That Bind the Life-Force, and Husks of Unity—are among the most widely studied commentaries on this topic and have formed the basis for spiritual study and practice for centuries. In these eloquent and inspiring translations, Jigme Lingpa, Patrul Rinpoche, and Getse Mah?pa??ita explain the fundamental philosophy of the development stage, illuminating its profound insights into the nature of reality and how to utilize these insights through the practice of meditation.

'Inner Tantric Yoga' presents the deeper tradition of Tantra, its multidimensional vision of the Divine and its transformative practices of mantra and meditation that take us far beyond the outer models of how Tantra is usually presented today.

Organisations the world over today are paying more and more attention to how to prevent their workforce from getting burnt out due to an unrelenting pace of work. Views are radically changing on these practices to ensure that employees perform consistently well over many years. In this book, Sri Sri offers valuable tips for managers and leaders to become more effective in their roles and also on how to develop a work environment that is conducive for both the employees and the organisation to add value to each other. The Path of the Rishi is one of the first and most detailed books published in the West on the ancient Vedic origins of Yoga, including all aspects of its philosophy and practice. The book reveals secrets of the Vedic Yoga from the teachings of Sri Aurobindo, Ganapati Muni, Brahmarshi Daivarat, and Swami Veda Bharati as well as Vamadevas own insights. It challenges popular ideas of the meaning of Yoga and brings Yoga back to the vision of the ancient Himalayan Rishis.

This is the first book that details how to choose Yoga asanas (Yoga poses) most appropriate for your unique body type according to the five thousand year old system of Ayurvedic medicine. These two systems of healing and energy management have long been regarded as effective methods of relieving stress, creating personal balance, eliminating ailments, and relieving chronic pain. Yoga for Your Type presents a fundamental understanding of both Yoga and Ayurveda and provides the information needed for you to balance your energy and feel healthy.

Go beyond the physical exercise of yoga with the founder of the American Viniyoga Institute While there is no denying yoga's popularity as a form of physical exercise, the other life-enhancing aspects of this tradition remain obscure to many Westerners. In Yoga for Transformation, Gary Kraftsow introduces techniques that treat not only the physical body but also the emotions, mind, heart, and soul of the practitioner-the places where real transformation can take place. There are breathing techniques to control energy levels, exercises to train and sharpen the intellect, and meditative practices to help increase self-awareness. With more than 350 black and white photographs throughout, this unique and accessible book is dedicated to strengthening the whole self-body, mind, and spirit.

Contains a full description of Ayurveda on all levels from diet and herbs to yoga and meditation, explaining both Ayurvedic diagnostic and treatment methods.

The Art and Science of Vedic Counseling is the best counseling guide available for students, teachers, and practitioners of Ayurveda, Yoga, and related healing arts. The book is an ever-cherished collection of knowledge, wisdom and a practical, clinical reference. I highly recommend the book to all those who love Yoga & Ayurveda. -Vasant Lad, B.A.M.&S., M.A.Sc - Ayurvedic Physician

Yogini: Unfolding the Goddess Within is a unique record of personal experiences that portray in its various fascinating episode the secrets of the magical world of Tantra. It shows how the gods and goddesses can manifest themselves within our daily lives, taking us from the mundane to the sublime and making our days and nights a dance of wonder and delight.

For thousands of years Hindu spirituality has understood the profound effect that sound has on our well-being. From this tradition comes The Yoga of Sound, which draws on yoga's long history of applying sound to reduce stress, maintain health, and invoke spiritual awakenings. In lucid exercises presented both in the book and on accompanying downloadable audio tracks, Russill Paul shows how everyone can learn the art of mantra and how these practices can help to optimize the flow of energy within the body and enhance emotional well-being.

The Yoga of Consciousness examines how our consciousness, identity and prana change through waking, dream and deep sleep - and more importantly how we can follow this process to higher levels of awareness behind the ordinary human state. The book proposes specific yogic insights and approaches to take us beyond these three ordinary states to the transcendent state of pure unity consciousness beyond both body and mind.

Included is a foreword on the life and teachings of Swami Satyadharma, who passed away while writing the commentary on Dhy?nabindu. Her commentary on N?dabindu is complete. The Dhy?na and N?dabindu Upani?ads were probably composed between the ninth and fourteenth centuries CE. The bindu is a psychic centre located in the brain at the top back of the head. These upani?ads focus on meditation on the bindu, the source point or origin of individual creation, where begins the primal sound or first vibration, the mantra Om. They define and describe in detail the mantra Om, the effects of meditating on it until one attains perfect liberation, merging with the Divine. N?dabindu describes the components of Om, that is, its three and a half measures (m?tr?) which are the sounds a u m, and the half measure, the echo of m. Always meditating on Om, the yogin is liberated from worldly life, unaffected by his/her karmas. The n?da is first heard through the right ear, and many other inner sounds are heard. Eventually the yogin hears no other sounds and transcends duality. Dhy?nabindu, an expansion of N?dabindu, confirms that meditation on Om can destroy all karmas. The yogin should meditate on the lotus of the heart, then at the eyebrow centre, then on the Sun, Moon and Agni, leading to the ?tman. The six parts of yoga, the cakras, n????s and pr??as are described. Ku??alin? ?akti can be awakened by the repetition of the mantra ha?sa, ham spontaneously accompanying the inhalation, and sa the exhalation, as well as u??iy?na and j?landhara bandhas, khecar? mudr? and mah?mudr?. The ?tman is described in detail. Finally, the teacher recommends meditating on the bija mantras of the five elements, the five pr??as and the n?da.

Dr. N. C. Panda Examines Yoga-Nidra As A Scientific Discipline The Theory, Its Psychological Basis, Its Techniques And Applications To Reveal Its Significance As A Means Of Strengthening The Body S Immune System And Preventing And Curing Diseases And Regulating One S Life Patterns. It Involves Comparative Analyses Like That Of Yogic Trance And Hypnotic Trance And Yoga-Vedanta And Freudian Psychologies.

SHAKTI MANTRAS Tapping into the Great Goddess Energy Within • Enhance your spiritual gifts • Lighten your karmic burden • Improve your health and increase prosperity • Live in harmony with the universe Now, with Shakti Mantras, we can all benefit from this ancient practice. Thomas Ashley-Farrand, a Vedic priest, is an American expert in the intricacies of Sanskrit mantra. With nearly thirty years and thousands of hours of experience in chanting, he is supremely well-equipped to write the first book that teaches women (and men as well) to tap into the dynamic feminine energy of love in all its manifestations. By sharing enchanting Hindu myths and astonishing true stories from his own practice, Ashley-Farrand helps us to understand the real power that this age-old art awakens in those who perform it. Through dozens of actual mantras—each one presented with phonetic spelling for easy pronunciation and recommendations for specific applications—he enables us to increase our “shakti” (power) and use it to solve problems, ensure abundance, create health and well-being, summon protection, and invoke personal and universal peace. Whether you're new to chanting or an old hand, Shakti Mantras will take you places you've never been before . . . and measurably enrich your life.

This book explores the ancient and deeper aspects of Mantric Ayurveda and the secrets of the ancient Tantric Tradition of Ayurveda that Mantra-Yoga forms an integral aspect of. Here one learns the traditional considerations before using mantras as well as special rituals for protection, energisation of deities, gemstones and working with the deities on an inner level for healing applications.

Thomas Ashley-Farrand is the preeminent authority on yogic mantras. In Chakra Mantras, he brings previously hidden knowledge from India and Tibet and teaches us through the use of mantras how to activate our secret chakras, which contain the keys to our spiritual progress. Located along the spine, the chakras process energy for all of our waking activities, and during sleep they provide energy for healing and cleansing the physical body. But there is another, higher octave of functioning that these chakras can achieve, if they are given higher states of spiritual energy in which to operate. This higher octave provides paths for spiritual development that ultimately lead to spiritual liberation or freedom from karma. A powerful method for charging the chakras with higher energy is through the use of Sanskrit mantras. With energy-invoking tools, stories from India's ancient tales, and amusing anecdotes, Chakra Mantras provides the information needed for fueling spiritual advancement through the use of healing sounds and chakra mantras.

"Sound is more than simply a medium of artistic expression. Sound has practical and powerful applications in the real world." Mantras, or simple chants, are short phrases packed with energy and intention--specifically designed to generate powerful sound waves that promote healing, insight, creativity, and spiritual growth. Healing Mantras is the practical, how-to guide that makes

the strengths and benefits of mantras available to everyone. The transformative power of sound has been passed down to the present from the sages of India, the classical scientists of ancient Greece, and the medieval monks of Europe. Mantras, sounds, and chants have inspired, comforted, and mended the lives of individuals, religious orders, and even entire cultures. Even though the science and discipline of chanting and formal prayer are practiced in every religion around the world, this is the first time that ancient Sanskrit mantras have been explained and adapted to Western needs. One of the few Western experts in Hindu and Buddhist mantras, Thomas Ashley-Farrand has practiced mantra-based spiritual disciplines for twenty-five years. In this illuminating book, he explains how and why mantras work and shows how to use them for everything from controlling habits to overcoming fear, from curing specific ailments to finding inner peace. In each of the more than fifty mantras, all translated from the original Sanskrit, Ashley-Farrand unlocks the power of every word, explains its appropriate application, and tells you how to pronounce it in easy-to-follow phonetic symbols. Inside, you'll find mantras for - Health - Worldly Success - Habit Control - Protection - Grief - Anger - Controlling Fear - Personal Attraction - Wisdom - Concentration and Mental Clarity - Healing Life Issues - and more! These mantras can be repeated aloud or in silence and can be used by people of any religion or spiritual practice, "as you wash dishes, as you drive on the freeway, as you meditate, or as you cook." Sound can help and sound can heal, and Healing Mantras now makes this sound medicine available to everyone.

Modern science and ancient wisdom traditions agree that the universe is a symphony of vibrational frequencies. In this beautiful, comprehensive, and unique work, Dr. Frawley elaborates the essential truths about cosmic sound, and how we can employ important mantras for healing, transformation and inner awakening.

Early Tantric Medicine looks at a traditional medical system that flourished over 1,000 years ago in India. The Garuda Tantras had a powerful influence on traditional medicine for snakebite, and some of their practices remain popular to this day. Snakebite may sound like a rare and exotic phenomenon, but in India it is a problem that affects 1.4 million people every year and results in over 45,000 deaths. Michael Slouber offers a close examination of the Garuda Tantras, which were deemed lost until the author himself discovered numerous ancient titles surviving in Sanskrit manuscripts written on fragile palm-leaves. The volume brings to life this rich tradition in which knowledge and faith are harnessed in complex visualizations accompanied by secret mantras to an array of gods and goddesses; this religious system is combined with herbal medicine and a fascinating mix of lore on snakes, astrology, and healing. The book's appendices include an accurate, yet readable translation of ten chapters of the most significant Tantric medical text to be recovered: the Kriyakalaganottara. Also included is a critical edition based on the surviving Nepalese manuscripts.

The mantra and kirtan (call-and-response devotional chants) of yoga practice sometimes get short shrift in the West because they aren't well understood. These chants are an integral part of most every Eastern spiritual practice because they are designed to provide access into the psyche while their underlying mythology helps us understand how our psychology affects daily life. Sacred Sound shares the myths behind the mantras, illuminating their meaning and putting their power and practicality within reach of every practitioner. Each mantra and kirtan includes the Sanskrit, the transliteration, and the translation. Clear retellings of the pertinent myths highlight modern-day applications so that readers discover their own personal connection to the practice. Alanna Kaivalya has refined her teaching over a decade with tens of thousands of diverse audience members. Her unique and popular approach to human connection and self-knowledge turns a time-tested tradition into a versatile and potent tool.

'A Mantra is a mystical energy encased in a sound structure . . . It steadies the mind and leads to the stillness of meditation.' The modern lifestyle with its excesses and worldly desires, the constant need to be connected, and the rapid development in technology, has made stress and lifestyle-related diseases the norm. The need for meditation thus is more acute. Meditation calms the mind, brings focus and enhances the senses, resulting in a better quality of life and work. And with the right Mantras, meditation becomes a highly effective tool in unleashing the immense potential within oneself. This book from the Sivananda Ashram explains what meditation and Mantras are and how they can be effectively used to recharge oneself with divine energy.

This book provides an excellent introduction to the essence of Hindu Tantrism, discussing all the major concepts and correcting many existing misconceptions.

Lord Shiva is the personification of all the main practices of Yoga, as the origin and ruling power over asana, prana, mantra, inner seeing and meditation. The current book unfolds the presence, light, energy and consciousness of the Supreme Shiva to take us beyond all death and duality.
