Heat islands are urban and suburban areas that are significantly warmer than their surroundings. Traditional, highly absorptive construction materials and a lack of effective landscaping are their main causes. Heat island problems, in terms of increased energy consumption, reduced air quality and effects on human health and mortality, are becoming more pressing as cities continue to grow and sprawl. This comprehensive book brings together the latest information about heat islands and their mitigation. The book describes how heat islands are formed, what problems they cause, which technologies mitigate heat island effects and what policies and actions can be taken to cool communities.

Internationally renowned expert Lisa Gartland offers a comprehensive source of information for turning heat islands into cool communities. The author includes sections on cool roofing and cool paving, explains their benefits in detail and provides practical guidelines for their selection and installation. The book also reviews how and why to incorporate trees and vegetation around buildings, in parking lots and on green roofs.

Traditionally, university students have gained access to world religions by reading primary texts. *Discovering World Religions at 24 Frames Per Second* takes students beyond the written page, offering an exploration of the same religious traditions through the study of feature films. The many definitions of religion are examined along with its various components, including doctrine, myth, ethics, ritual, and symbol. Specific religious traditions, including Hinduism, Sikhism, Zoroastrianism, Buddhism, Confucianism, Daoism, popular religion, and Shinto are examined. Biographical sketches of directors whose films tend to focus on a particular religious tradition are also included, such as Zhang Yimou, Hayao Miyazaki, Deepa Mehta, and Akira Kurosawa. *Discovering World Religions at 24 Frames Per Second* is unique in the area of religion and film studies in that it isn't just a collection of essays. Instead it provides the introductory student with the necessary background information on the various religions before looking at how their ideas can be understood not through texts but through the cinematic medium. To keep the conversation fresh, most of the films used in the book were made within the last decade.

Furthermore, examples range from popular, mainstream fare, such as *Star Wars* and the *Lord of the Rings* trilogy to lesser-known foreign films, such as *The Wooden Man's Bride* and *The Great Yokai War*. Several films with a 'cult-like' following are also discussed, including *Fight Club*, *Princess Mononoke*, *Spirited Away*, and *Jacob's Ladder*. This book is also unique in that instead of drawing upon the Judeo-Christian tradition, it draws from Eastern traditions.

WordPress: Design & Development uses the same graphical approach that was adopted in HTML & CSS which has proven very popular with readers. The examples and sample themes used in the book are of the same quality as commercial themes (not just proof-of-concept examples), and achieve the same kinds of things that WordPress users pay for in commercial themes. The title also makes use of lifestyle photography to inspire the reader and make the skills taught by this book feel aspirational. Along the way, readers are given tips on developing WordPress sites for clients, and managing the ongoing needs of the client. The Ridgemonts are wealthy and influential New Mexico Territory landowners. Their status purportedly is purchased by seemingly inexhaustible capital provided by their reputed Deadmen Hills' gold mine. It is only human nature that others want to share in their bounty. That these others have to die has less to do with keeping the "mine" location a secret than with concealing other mysteries bequeathed by the long-lived and elusive native-American shaman Calenza. Secrets even the Ridgemonts can likely never fully comprehend. #1 in A New World Shaman series

Beside them was a pistol with Barratt's fingerprints on it, and torn up letters in the handwriting of Barratt and Mrs Callis were scattered around. Arrangements for the elopement had apparently been complete. Why had their plans

fallen through? Why had they turned their backs on the railway station with tickets to London in their pockets? Sir Clinton Driffield is not so sure that the obvious solution is the right one ...
