“Searching for Grace invites you into the kind of relationship that we all long for deep in our hearts. The relationship between Scotty and Russ is scary, vulnerable, painful, but gorgeously loving and drenched in grace.” —Paul David Tripp, author of *New Morning Mercies* *Anxious? Burnt out? Weary?* Why is it so hard for our souls to find rest? In *Searching for Grace*, Russ and his mentor, Scotty Smith, explore the contours of their lives and why embracing God’s grace unreservedly is so difficult for many of us. Their honest conversations offer priceless lessons for parched souls everywhere. Many of us feel anxious and unfulfilled by our everyday existence, yet deeply long for a purposeful, meaningful, and peace-filled life. That tension creates a background buzz of profound discontentment behind everything we do. There is a better way. *Searching for Grace* reveals the conversations between Russ and Scotty that transformed Russ’s life forever, helping him identify the mindsets that contributed to his restlessness. Straight from his little black journal, Russ shares the seven life-giving principles he learned from Scotty that unleashed him to a refreshingly new life, radically built on God’s grace. The authors document how four forces--exponential technologies, the DIY innovator, the Technophilanthropist, and the Rising Billion--are conspiring to solve our biggest problems. *"Abundance"* establishes hard targets for change and lays out a strategic roadmap for governments, industry and entrepreneurs, giving us plenty of reason for optimism. A brilliant, authoritative, and fascinating history of America’s most puzzling era, the years 1920 to 1933, when the U.S. Constitution was amended to restrict one of America’s

favorite pastimes: drinking alcoholic beverages. From its start, America has been awash in drink. The sailing vessel that brought John Winthrop to the shores of the New World in 1630 carried more beer than water. By the 1820s, liquor flowed so plentifully it was cheaper than tea. That Americans would ever agree to relinquish their booze was as improbable as it was astonishing. Yet we did, and *Last Call* is Daniel Okrent's dazzling explanation of why we did it, what life under Prohibition was like, and how such an unprecedented degree of government interference in the private lives of Americans changed the country forever. Writing with both wit and historical acuity, Okrent reveals how Prohibition marked a confluence of diverse forces: the growing political power of the women's suffrage movement, which allied itself with the antiliquor campaign; the fear of small-town, native-stock Protestants that they were losing control of their country to the immigrants of the large cities; the anti-German sentiment stoked by World War I; and a variety of other unlikely factors, ranging from the rise of the automobile to the advent of the income tax. Through it all, Americans kept drinking, going to remarkably creative lengths to smuggle, sell, conceal, and convivially (and sometimes fatally) imbibe their favorite intoxicants. *Last Call* is peopled with vivid characters of an astonishing variety: Susan B. Anthony and Billy Sunday, William Jennings Bryan and bootlegger Sam Bronfman, Pierre S. du Pont and H. L. Mencken, Meyer Lansky and the incredible—if long-forgotten—federal official Mabel Walker Willebrandt, who throughout the twenties was the most powerful woman in the country. (Perhaps most surprising of all is Okrent's account of Joseph P. Kennedy's legendary, and long-misunderstood, role in the liquor business.) It's a book rich with stories from nearly all parts of the country. Okrent's narrative runs through smoky Manhattan speakeasies, where relations between the sexes were

changed forever; California vineyards busily producing “sacramental” wine; New England fishing communities that gave up fishing for the more lucrative rum-running business; and in Washington, the halls of Congress itself, where politicians who had voted for Prohibition drank openly and without apology. Last Call is capacious, meticulous, and thrillingly told. It stands as the most complete history of Prohibition ever written and confirms Daniel Okrent’s rank as a major American writer.

Tune into the news and you'll hear stories of war, disease, natural disasters, corruption, violence, poverty, crime, nuclear proliferation, terrorism and political dysfunction in Washington. Polls show many believe the American dream is fading, our children face limited opportunities, and the country is decidedly on the wrong track. Yet this dour perspective – one recycled 24/7 by the national media – is a gross distortion of the world we live in today. As national investment expert and bestselling author Alexander Green reveals in this engrossing and provocative new book, the human race has never had it so good. In the West today, we work shorter hours, have more purchasing power, enjoy goods and services in almost limitless supply, and have more leisure time than ever before. Living standards are the highest they have ever been. The human life span has nearly doubled over the past hundred years. Literacy and education levels – even I.Q.'s – are at all-time highs. Technology and medicine are revolutionizing our lives. All forms of pollution – with the exception of greenhouse gases – are in decline. Access to the arts has never been greater. Crime is in a long-term cycle of decline. And the risk of death by violence has never been smaller for most of humanity. By almost every measure, our lives today are wealthy beyond measure. We are all heir to an embarrassment of riches. Yet – thanks in large part the drumbeat of negative media coverage – most of us don't realize it. Green compares the average citizen to "a lottery winner whose ticket is lost in some upstairs drawer." The consequences of adopting the cynical but popular worldview are many, including needless pessimism, missed investment opportunities, and – surprisingly – even poorer health. Yet *An Embarrassment of Riches* provides a powerful antidote. Green begins with a robust survey of the many ways our lives

are becoming longer, easier, safer, healthier and more prosperous. He then embarks on a wide-ranging exploration of the ideas and the many men and women – both living and dead – that are still enriching our lives today. Among the many subjects explored are American exceptionalism, the extraordinary power of economic freedom, the lifesaving role of medicine and technology, the life-extending benefits of optimism, the radical theology of Thomas Jefferson, the keys to civility and greatness, the wisdom of Confucius and Aristotle, the ability of beauty to enrich our lives, and even one artist's thought-provoking take on "how to defeat death." In *An Embarrassment of Riches*, New York Times bestselling author Alexander Green offers a holistic approach to wealth – and offers a welcome perspective that allows us to live fuller, richer lives.

Using the metaphor of an Indiana Jones-type archeology professor on a quest, Michael Masterson describes specific techniques and overall strategies on how to improve and construct a powerful sales letter.

Seven Years to Seven Figures The Fast-Track Plan to Becoming a Millionaire John Wiley & Sons

This is the first book of lifestyle and financial strategies fashioned expressly for those who want to retire in fifteen years or less but have little or no money saved to do so. Late-start investors are the 51 million baby boomers who don't have nearly enough money put aside for retirement. They envision life after work differently--to some it is those years to be spent playing with grandchildren on the beach, to others it's the freedom to travel or enjoy a hobby that may bring in a few dollars. There is one certainty however: Those Golden Years sure can't be lived on a mere \$3,000, which is the average amount fifty-year-olds in this country have saved. But there is no need to panic. With its unique combination of facts, wisdom, questionnaires, and real-life anecdotes, *The Late-Start Investor* is the key to a future of secure fulfillment for those playing catch-up. John Wasik's optimistic and effective advice does more than simply guide readers through the lifestyle assessment and planning; it also helps them create the "perfect" investment program for their vision of the future. His pointers reflect this group's need for limited risk, but keeps their dollars outpacing the ever-present enemy--inflation. *The Late-Start Investor* outlines what Social Security and pension funds contribute to the picture and how best to supplement them with stocks, bonds, and mutual funds. This book will give readers the confidence and knowledge to stop living in fear of the future and start saving for their dreams.

Being your own boss can lead to incredible profits - here's how... Mary Faust, a brilliant scientist, has developed a machine that can allow the conscious human soul to explore the cosmos! Her promising young assistant Miriam Mayne has accidentally transferred her consciousness to Saturn, where she falls under the enchantment of an evil sorcerer! Jack Paladin, her love, sets out after her on a thrilling celestial journey to the ringed planet! Swashbuckling adventure and high romance await in Julian Hawthorne's *The Cosmic Courtship*! While most are at least somewhat familiar with Nathaniel Hawthorne as one of the great American authors, less well known is that his son Julian was an incredibly prolific writer in his own right. Julian wrote on a wide variety of subjects, ranging from literary analysis of his father's works to poetry to period romances and adventures. Late in his career, Julian even dabbled in the emerging genre of Science Fiction. *The Cosmic Courtship* was serialized in Frank A. Munsey's *All-Story Weekly* across four issues, beginning with the November 24, 1917 issue and running through the December 15, 1917 issue. While this story has been in the public domain for some time, it has never been collected or published elsewhere until now.

Anyone can make enough to save \$1,000,000 in 3-7 years. Most self-made millionaires are made through business ownership. Many people think about it but never take action, they do not have an idea, they do not have the money, and flat just do not know how. This is a practical book to teach you how to find, start, finance, and get free advice to own and grow your own business. For example, a yardman with no money was worth over \$9,000,000 in 7 years after buying a nursery and growing his business. There are many more stories and lessons, to include how the author went from

At twenty-two, Alan Corey left his mom's basement in Atlanta and moved to New York City with one goal in mind: to become a millionaire by the time he was thirty. His parents and friends laughed, but six years later they were all celebrating his prosperous accomplishment—at a bar Corey owned in one of Brooklyn's hippest neighborhoods. No, Corey didn't climb the corporate ladder to build his fortune. In fact, he worked the same entry-level 9-to-5 job for six years straight. But by pinching his pennies and making sound investments, he watched a pittance blossom into a seven-digit bank account. In *A Million Bucks by 30*, Corey recounts his rags-to-riches journey and shares his secrets to success. **WARNING: DO NOT ATTEMPT TO USE THIS BOOK UNLESS YOU ARE PREPARED TO BECOME FILTHY RICH.** "What a steal . . . All Presidents have nightmares. This one is about to come true. A rocket ride of a thriller—the new blockbuster by President Bill Clinton and James Patterson, “the dream team” (Lee Child). Every detail is accurate—because one of the authors is President Bill Clinton. The drama and action never stop—because the other author is James Patterson. Matthew Keating, a one-time Navy SEAL—and a past president—has always defended his family as staunchly as he has his country. Now those defenses are under attack. A madman abducts Keating’s teenage daughter, Melanie—turning every parent’s deepest fear into a matter of national security. As the world watches in real time, Keating embarks on a one-man special-ops mission that tests his strengths: as a leader, a warrior, and a father. The authors’ first collaboration, *The President Is Missing*, a #1 New York Times bestseller and the #1 bestselling novel of 2018, was praised as “ambitious and wildly readable” (New York Times Book Review) and “a fabulously entertaining thriller” (Pulitzer Prize–winning author Ron Chernow).

is thought-provoking, cage-rattling and mind blowing all in one. Alchemy isn't writing slightly better copy or tweaking your marketing to take advantage of some new media or some other hot trend. Instead, it's about reinventing the way you think about your business, recognizing the "brutal realities" that few dare to embrace or refuse to even recognize... and turning information into ACTION and PROFIT. In its mythical context, Alchemy was about one thing and one thing only: transforming ordinary metals into gold. And like thousands of others, you may start this book thinking you're in an ordinary business and finish realizing you instead have a different, bigger, better, more valuable one.
