These kindergarten sight word sentences are designed to help kids build confidence with early literacy skills. A high level of picture support is provided. The 55 focus words in this pack are: I, like, my, see, can, the, go, a, to, we, you, look, at, big, is, with, for, he, she, little, have, here, are, and, play, said, put, come, they, this, help, in, me, on, up, down, away, jump, of, where, do, it, be, went, or, had, but, how, walk, am, now, so, into, an & very. Because of the highly supportive format, these sight word activities can be read during small group instruction, chorally with your whole class and/or in literacy centers. These sight words 1st grade sentences are designed to be introduced at school, and then sent home for repeated practice. I encourage kids to color in a star each time they read the page at home, and to return each sheet to me when they complete it. I often offer a small treat when kids return these completed sheets. (If a child does not have the necessary support at home, he/she reads with a partner or parent volunteer at school. However, because these sheets are quick and straight-forward, most of my students do complete them at home.) I have included 2 versions of the parent letter I send home with the first sheet. One of the letters asks for students to return the sheet for a small treat when all the stars are filled in. The other version shares information about the program without offering a treat for completed work. Repeated reading of these passages helps students master these first sight words prek worksheets and

also develop fluency in reading. The second set of sight words preschool books for kindergarten is now available. You can take a look at it by clicking [here](#). Many thanks for stopping by and taking a look! Sincerely, Enjoy :) Sight Word Activities Educate School

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people' (Claudia Rankine). Referring to the

defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Tips and techniques for teachers to use for teaching in small group situations.
