Beyer Opera 101 Scuola Preparatoria Allo Studio Del Pianoforte

The author proposes, through this book, an alternative approach to the piano, which completes, perfects and updates traditional methods.

This collection, designed to allow the beginner student to be able to perform a piece of music from the first lessons, intends to provide valuable help to transform the piano into a pleasant travel companion through a progressive and rewarding approach. The 55 pieces, captivating and modern, deal with the most varied technical and musical aspects. The collection includes 41 two-handed pieces, 9 three-handed and 5 four-handed. The volume also includes audio tracks, downloadable for free from the author's website, with all the songs in the book.

Vorschule Im Klavierspiel, Op. 101, by Ferdinand Beyer (1803--1863) was first published in 1860. Since that time, it has been used by piano students throughout the world, especially in Asian countries. When compared with piano methods written in the 20th and 21st centuries, it appears more like a technique book than a piano method. This edition has been edited to be useful for today's piano students, either as a method (with teacher guidance) or as a supplementary book.
