"Brief were my days among you, and briefer still the words I have spoken. But should my voice fade in your ears, and my love vanish in your memory, then I will come again, And with a richer heart and lips more yielding to the spirit will I speak. Yea, I shall return with the tide, And though death may hide me, and the greater silence enfold me, yet again will I seek your understanding. And not in vain will I seek. If aught I have said is truth, that truth shall reveal itself in a clearer voice, and in words more kin to your thoughts...Forget not that I shall come back to you. A little while, and my longing shall gather dust and foam for another body. A little while, a moment of rest upon the wind, and another woman shall bear me." - Kahlil Gibran

You ask me how I became a madman. It happened thus: One day, long before many gods were born, I woke from a deep sleep and found all my masks were stolen—the seven masks I have fashioned and worn in seven lives—I ran maskless through the crowded streets shouting, “Thieves, thieves, the cursed thieves.” Men and women laughed at me and some ran to their houses in fear of me. And when I reached the market place, a youth standing on a house-top cried, “He is a madman.” I looked up to behold him; the sun kissed my own naked face for the first time. For the first time the sun kissed my own naked face and my soul was inflamed with love for the sun, and I wanted my masks no more. And as if in a trance I cried, “Blessed, blessed are the thieves who stole my masks.” Thus I became a madman. And I have found both freedom and safety in my madness; the freedom of loneliness and the safety from being understood, for those who understand us enslave something in us. But let me not be too proud

of my safety. Even a thief in a jail is safe from another thief.

Introducing us to the most famous poems of the Lebanese poet Kahlil Gibran, Osho takes the reader into a mystical world, addressing essential issues in everybody's life. The famous verse that gives the title to this book is about "love"—but not the ordinary love we know from novels and movies. Speak to us of Love gives a taste of a contemporary mystic at work, trying to disrupt our dreams, illusions, and the state of unconsciousness that prevents us from enjoying life to the fullest. This is about and for the millions of people in the world who have killed their love with their own hands, and who are now miserable. They never wanted to kill it, there was no intention to kill their love, but in their unconsciousness they started possessing. Husbands possess their wives, wives possess their husbands, and parents possess their children. Teachers are trying in every possible way to possess their students. Politicians are trying to possess countries. Religions are trying to possess millions of people and control every aspect their lives. This book shows that life can only thrive in freedom. Love never allows anyone to possess it, because love is our very soul. For Osho, the basis of all our neuroses or psychoses is simple: our souls are not nourished. Love, the basic nourishment, is missing. Osho comprehensively trounces the so-called religious and philosophical approaches to life. All that is of worth is to be found, not in the extraordinary, but in the ordinary; not in fantastical ideas of the "other world" beyond death, but in this very world that we find ourselves in here and now. In short, this book shows that making a simple yet utterly basic shift in our lives will awaken the silence in our beings and bring joy into our every moment.
