Africa continues to be a region with strong commitments to religious freedom and religious pluralism. These, however, are rarely mere facts on the ground ? they are legal, political, social, and theological projects that require considerable effort to realise. This volume ? compiling the proceedings of the third annual conference of the African Consortium for Law and Religion Studies ? focuses on various issues which vastly effect the understanding of religious pluralism in Africa. These include, amongst others, religious freedom as a human right, the importance of managing religious pluralism, and the permissibility of religious practice and observance in South African public schools.

THE woful practice of calling evil good, and good evil; of putting darkness for light, and light for darkness, bitter for sweet, and sweet for bitter, has been the main source of delusion and slavery in all ages. Isai. v, 20. But, as it has now involved the world in very great perplexities, it is hoped that this brief essay, to open the nature and evidence of CHRISTIANITY, will be candidly received; and that our dear Countrymen will be as noble as the Bereans were; and search the scriptures daily for light in this matter, which is of infinite concernment to us all. In this thoroughly revised edition, James Cox provides an easily accessible introduction to the phenomenology of religion, which he contends continues as a foundational method for the academic study of religion in the twenty-first century. After dealing with the problematic issue of defining religion, he describes the historical background to phenomenology by tracing its roots to developments in philosophy and the social sciences in the early twentieth century. The phenomenological method is then outlined as a step-by-step process, which includes a survey

of the important classifications of religious behaviour. The author concludes with a discussion of the place of the phenomenology of religion in the current academic climate and argues that it can be aligned with the growing scholarly interest in the cognitive science of religion.

Christian Dispensationalism, the Taiping Revolution, cargo cults in Oceania, the Baha'i Faith, and the Raelian Movement would seem to have little in common. What they share, however, is a millennial orientation--the audacious human hope for a collective salvation, which may be heavenly or earthly or both. Although many religions feature a belief in personal salvation, millennial faiths are characterized by the expectation that salvation will be accomplished for an

entire group by a superhuman agent, with or without human collaboration. The Oxford Handbook of Millennialism offers readers an in-depth look at both the theoretical underpinnings of the study of millennialism and its many manifestations across history and cultures. While the term "millennialism" is drawn from Christianity, it is a category that is used to study religious expressions in diverse cultures, religious traditions, and historical periods. Sometimes, millennial expectations are expressed in peaceful ways. Other times, millennialists become involved in violence. The Oxford Handbook of Millennialism begins with a section that examines four primary types of millennialism. Chapters in the next section examine key issues such as charismatic leadership, use of scripture, prophetic failure, gender roles, children, tension with society, and violence. The rest of the book explores millennialism in a wide variety of places and times, from ancient Near Eastern movements to contemporary apocalyptic and new age movements, including the roles played by millennialism in national and international conflicts. This handbook will be a valuable resource for scholars of religious studies, sociology, psychology, history, and new religious movements.

In August, 2007, something extraordinary happened in the life of Mrs. Jennifer Isabirye (not her real names), a short, slender, middle-aged career teacher whom I had not met until that day. It was at a conference organized annually in Kamuli, a small town district in the eastern region of Uganda. The conference was held at Bethel Church. It was the first time I attended this prophetic event upon invitation to speak. Seated in the crowded room were people from the surrounding area and beyond, about 200 of them. This was not your usual event; strange things were happening as I singled out individuals, uncannily describing facts about their lives with amazing accuracy. Mrs. Isabirye happened to be one of them. You are angry at a certain man for financial reasons, I said to her. Forgive him, for if you dont you will hold back your progress. I also see a problem with your fibroids, I added. I see you had an operation about them, but it wasnt successful. I see a swelling around your lower abdomen (that part of her body was fully covered by her dress) and its because of those fibroids. I was not through with Mrs. Isabirye. Today you will experience a strange discharge from your body, but have no fear about it, for it will be God dealing with you. However, make sure you neither let your doctor nor your daughter know about it. If you do this if you keenly follow my

revelatory directions you will receive a miraculous healing shortly. In her subsequent testimony, a day later, Mrs. Isabirye verified everything. Astounded at how I could know these things, she said, The man I was bitter with was my employer, because for six months I had not received my salary. Also, I have fibroids, and a few months ago I had an operation about them that wasnt successful. However, what surprised me even more was when he (implying me) said I should neither tell my doctor nor my daughter after the strange discharge from my body. I only see one doctor and I only have one daughter for a child; how he could have known that is beyond any earthly explanation. I experienced the strange discharge from my body that day, but unfortunately I told my doctor and daughter about it. Because she did not keenly follow the revelatory directions, Mrs. Isabirye did not receive her miraculous healing. However, the following year I was back there and I was taken to her house where I prayed for her. I called the experience extraordinary because that is what it was for Mrs. Isabirye and for several other people who got to witness or experience the mystical for the first time. But to me, such uncanny comprehension and the supernatural world are, for the lack of a better word, commonplace. And they can be for you too, if you are daring enough to read through. Atheist or agnostics may dismiss Mrs. Isabiryees story as spiritual mumbo-jumbo. They will undoubtedly have a perfectly logical argument why such supernatural occurrences are not possible. Denominational Christians who think of faith as nothing more than a set of dos and donts might similarly dismiss it, perhaps with less fervour.

They too would have sound arguments in support of their positions. What I am presenting in this book, however, are experiences. The world abounds with arguments, every man or woman has one to back their position and most of them make good sense. But in her time of need, Mrs. Isabirye didnt need an argument, she needed an experience. Someone with an experience is never at the mercy of someone with just an argument. So whatever your disposition; believer, agnostic, atheist or anything in between, I dare you to read this with an open mind, you will undoubtedly find this text eerily challenging. Early experiences The mysterious world of the supernatural is not a reality I discovered in my latter years. Growing up as a child in Bugolobi, a middle-class suburb of Kampala, I frequently experienced close enc

The 2007 general elections in Kenya led to major unrest. The aim of this book is to examine and analyse the events that set the country on fire for several weeks. The situation has largely stabilised since April 2008, when the articles collected in this book were first individually published. Some political information has been updated post April 2008. The coalition government took shape with Mwai Kibaki remaining President while Raila Odinga became the Prime Minister. The country however remains in suspense, as do the donors who had made it possible for Kenya to restore a semblance of peace. But to what point will they be interested in investing in the country and to protect their place in it? The collection comprises a translation of a special issue of *Les Cahiers d'Afrique de l'Est*, no. 37, the journal of the Institut Français de Recherche en Afrique (IFRA) and a collection of articles from *Politique Africaine*, no. 109. Whilst the tone of the book is not highly optimistic, the thrust is not intended to dampen the unanimous sense of hope in the country that the political and social situation will once more be more than just tolerable.

In the contemporary church, there has been an upsurge of those who claim to receive direct communication through visions and dreams. But their claim contradicts the testimony of scripture. This book will expose and analyze false prophecies made by two well-known American and Kenyan "prophets". According to Apostle Paul, the purpose of prophetic gift was for edification in the early church, so in the end it would not be carried about with every wind of doctrine (1 Corinthians 14:3, 5; Ephesians 4:12, 14). As the New Testament drew to completion, the same apostle taught that the role of prophetic gift was coming to an end, being superseded by completed and inspired Holy Scripture. Today the prophetic claims by contemporary charismatic "prophets" are never tested for veracity by any witnesses, contrary to apostolic admonition. These untested visions and dreams cannot compete with the inspired and tested words of Paul in edifying the church, which was the main purpose of prophetic gift in Bible times. "We need people like you who can give REASON for their faith objectively and consistently. Thank you." - George Odero, Nairobi, Kenya "This is just awesome! For lack of words of how to describe such a God-given insight into the truth ... It's about time someone was raised of God to counter some of these hypocritical religions." - Martin Kilungu, Nairobi, Kenya Charles O. Ndege of Kenya undertook an in-depth study of the Bible after his conversion in 1982. He wrote this book so "the people of God may not continue to be deceived by the contemporary 'prophets' and their outlandish false claims." Publisher's Website: <http://sbpra.com/CharlesONdege>

This book explores the interconnections between Christianity, sexuality and citizenship in sub-Saharan Africa, chronicling the ways in which citizenship in the region has undergone profound changes in recent decades as a result of growing interaction between Christianity and politics, the impact of the HIV epidemic, debates about women's reproductive rights, and the growing visibility of lesbian, gay, bisexual and transgender (LGBT) communities. Case studies examine the emergence of Christianity, especially in its Pentecostal-Charismatic forms, as a public religion, and how this emergence has meant that Christian actors, beliefs and practices have increasingly come to manifest themselves in the public sphere. The contributors assess how many political and religious leaders are invested in a popular ideology of the heterosexual family as the basis of nation-building, and how this defines narratives of nationhood and shapes notions of citizenship. Additional case studies focus on the emergence of sexuality as a critical site of citizenship and nationhood in postcolonial Africa, and address the difficulties that LGBT communities face in claiming recognition from the state. Offering case studies from across sub-Saharan Africa and spanning several academic disciplines and critical perspectives, this book will be of interest to researchers seeking to understand the complex intersections of religion, sexuality, politics and citizenship across the region. This book was originally published as a special issue of *Citizenship Studies*.

This book contains the opening words of a New Message from God. In the pages that follow, God is speaking to humanity anew, providing a warning, a blessing and a preparation for the great change that is coming to the world. God has spoken again at a time of great need and difficulty worldwide. This is a Divine answer to the growing crises of war, unrelenting climate change, religious conflict, and human suffering and deprivation now escalating around the world. The New Message from God is a living communication from God to the heart of every man, woman and child on Earth. The Word and the Sound are in the world again. We are living at a time of Revelation.

Occasioned by reflections on the 50th anniversary of the publication of Festinger et al.'s *When Prophecy Fails*, this book examines social scientific prophecy research in the second half of the twentieth century, with particular attention to the question of the dynamics that inspired people to engage actively in such end-time activities.

The impact of *The Late Great Planet Earth* cannot be overstated. The *New York Times* called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The

years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

October 17, 2012 started as any other day for Navy airman and fitness trainer Brett Parks until he heard screams for help. Without hesitation, he ran towards the sound and apprehended the mugger, unaware that the criminal had a gun. Moments later, the attacker fired a devastating shot directly into Brett's body. The bullet shredded Brett's kidney, pierced his intestines, and destroyed several inches of the largest vein in his body. Three sets of surgeons' hands applied pressure inside Brett's open stomach to stop the bleeding while nurses delivered coolers full of blood to the operating room every 15 minutes. As the medical team worked fervently to save Brett's life, his wife received the bleak news that their unborn daughter and young son may grow up without a father. But the God whom Brett had given his life to years before had other plans. After a medical battle that included a 20-day coma, multiple surgeries, and an unexpected amputation, Brett emerged from his coma to begin a long and challenging recovery—medically and spiritually. Miracle Man details Brett Parks recovery as he experienced it and the miracles and greatness of our God in heaven; however, Miracle Man is less about

Brett and more about what God has done through his story. *Miracle Man: A Bullet that Ignited a Purpose-Filled Life* shows readers how to: • prepare (by doing what God puts in front of you), • set goals (by being who God wants you to be), and • never give up (because God has a purpose for your life that only you can fulfill).

In 2006, the contemporary American Pentecostal movement celebrated its 100th birthday. Over that time, its African American sector has been markedly influential, not only vis-à-vis other branches of Pentecostalism but also throughout the Christian church. Black Christians have been integrally involved in every aspect of the Pentecostal movement since its inception and have made significant contributions to its founding as well as the evolution of Pentecostal/charismatic styles of worship, preaching, music, engagement of social issues, and theology. Yet despite its being one of the fastest growing segments of the Black Church, Afro-Pentecostalism has not received the kind of critical attention it deserves. Afro-Pentecostalism brings together fourteen interdisciplinary scholars to examine different facets of the movement, including its early history, issues of gender, relations with other black denominations, intersections with popular culture, and missionary activities, as well as the movement's distinctive theology. Bolstered by editorial introductions to each section, the chapters reflect on the state of the movement, chart its trajectories, discuss pertinent issues, and anticipate future developments. The collection showcases new research in the field of cultural and historical narratology. Starting from the premise of the 'semantisation of narrative forms' (A. Nünning), it explores the cultural situatedness and historical transformations of narrative, with contributors developing new perspectives on key concepts of cultural and historical narratology, such as unreliable narration and multiperspectivity. The volume introduces original approaches to the study of narrative in culture, highlighting its pivotal role for attention, memory, and resilience studies, and for the imagination of crises, the Anthropocene, and the Post-Apocalypse. Addressing both fictional and non-fictional narratives, individual essays analyze the narrative-making and unmaking of Europe, Brexit, and the Postcolonial. Finally, the collection features new research on narrative in media culture, looking at the narrative logic of graphic novels,

In a suffering world reeling from global pandemics and health disparities, it is high time

to think theologically about the devastating experience of disease, and to address our God-inspired responsibility to understand its origins and engage in its management. In a fragmented world, we need a unifying and integrated perspective on people in communities embedded in a fractured ecology. In an academic world blind to the spiritual world and imbalanced toward technical solutions, the global church must articulate a contemporary metanarrative that is moral, practical, and deeply transformational. All Creation Groans brings together multiple perspectives for a compelling global-health approach to the pathologies of the world as a part of the *missio Dei*. The authors paint a unifying perspective on God's healing intentions in creation, redemption, and consummation, and the opposing nature-corrupting effects of the rebellion of created moral agents. It is a fresh call for the global church to engage in aligning with God's healing action for eternally sustainable global health.

Who was William Branham (1909-1965) and what were his claims? He was an American pastor and evangelist credited for spearheading the post World War II healing revivals of the 1940s and 50s. In the 1960s, he began to view himself as Elijah the prophet of Malachi 4:5-6, who restores the elect to the word of God as a forerunner of Christ's return; the seventh angel messenger of Revelation 3:14 and 10:7, who reveals

every hidden mystery of the Bible in the end time; and the fulfillment of the Son of man ministry of Luke 17:30, who reveals Christ to the last generation as a prophet. He also believed his message was the "shout" of Christ's second coming in 1 Thessalonians 4:16. Currently, an estimated two million people believe Branham's claims. Nonetheless, this full-sized book of 17 chapters and 320 pages challenges his claims and teachings from an insider's perspective through an eight months investigative research. In doing so, the author provides a convincing compilation of more than 3,000 excerpts, credible references, official documents, archived newspaper articles, historical facts, and insightful scriptures. This compilation uncovers wide-ranging plagiarisms, disproven and embellished supernatural vindications, failed visions, failed prophecies, failed "Thus saith the Lord," failed predictions, and vast unscriptural doctrinal errors. Among Branham's most celebrated claims, the revealing of the seven seals in the book of Revelation are considered the pinnacle of his teachings. He supposedly did what the Old Testament prophets, New Testament apostles, church reformers, or any other clergy throughout history had never achieved. He claimed that seven angels revealed these hidden mysteries. However, this timely book examines, diligently compares, and provides nearly 100 pages of evidences that suggest Branham almost certainly got his understanding of the seven seals and 20 other significant revelatory teachings--supposedly revealed by God--from several well-known biblical writers of the past. These teachings include the seven church ages and messengers, seventh angel

of Revelation 3:14 and 10:7, two comings of Elijah, the beast of Revelation 13, Mystery Babylon and daughters; the image, mark, and number of the beast; United States in prophecy, Daniel's seventy weeks, historical applications of four beasts, Godhead doctrines, serpent seed, water baptism, and several more. The authors of these commentaries and books are mostly Clarence Larkin (1850-1924), a very distinguished and knowledgeable Bible teacher; Uriah Smith (1832-1903), an educator and theologian of the Seventh Day Adventist; Charles Taze Russell (1852-1916), a restorationist and founder of a movement that later became the Jehovah's Witnesses organization; John Gill (1697-1771), a noted biblical scholar and theologian; and Albert Barnes (1798-1870), a noted theologian. We shall also consider other noted biblical scholars of the same eras (e.g. Cyrus Scofield and Henry Halley). Moreover, this research provides extensive scriptural evidences uncovering vast errors in Branham's teachings, including a false gospel of salvation. How? During the latter years, Branham believed his message was necessary or the evidence for salvation, the Holy Spirit baptism, the new birth, and rapture to heaven; rather than the gospel of Christ preached by the apostles. This book also examines the inaccuracies and repeated revisions in Branham's visions of 1933, whereby God allegedly revealed seven major events that would transpire before Christ's return in 1977. This research pinpoints developing historical trends and occurrences between the 1920s and 1960s that possibly influenced those seven prophecies and revisions. The final updated version of

these visions appears in his 1965 book on the seven church ages, where the obvious errors from earlier sermons had been cleverly removed. Thus, when facts are weighed, Branham's teachings and claims are conclusively proven wrong.

This book on Jeremiah seeks to place before a broad audience of students and lay readers one of the truly great Hebrew prophets and extraordinary individuals of the ancient world. It lifts up major themes preserved in the book bearing Jeremiah's name, one of the most prominent being Jeremiah's understanding of himself as "the prophet like Moses." Jeremiah remained faithful to his calling during the final days of Israelite nationhood, when the remnant of a once great nation fell to Nebuchadnezzar and the Babylonians in 586 BC. He suffered along with everyone else, but was nevertheless numbered among the survivors. From his confinement in the court of the guard he gave a dispirited remnant, many of whom would subsequently make the long journey into faraway exile, unambiguous hope for the future, announcing just before the nation's fall a new covenant that God would make with his people in future days.

Nobel Laureate Desmond Tutu has long been admired throughout the world for the heroism and grace he exhibited while encouraging countless South Africans in their struggle for human rights. In *God Has a Dream*, his most soul-searching book, he shares the spiritual message that guided him through those troubled times. Drawing on personal and historical examples, Archbishop Tutu reaches out to readers of all religious backgrounds, showing how individual and global suffering can be transformed

into joy and redemption. With his characteristic humor, Tutu offers an extremely personal and liberating message. He helps us to “see with the eyes of the heart” and to cultivate the qualities of love, forgiveness, humility, generosity, and courage that we need to change ourselves and our world. Echoing the words of Martin Luther King, Jr., he writes, “God says to you, ‘I have a dream. Please help me to realize it. It is a dream of a world whose ugliness and squalor and poverty, its war and hostility, its greed and harsh competitiveness, its alienation and disharmony are changed into their glorious counterparts. When there will be more laughter, joy, and peace, where there will be justice and goodness and compassion and love and caring and sharing. I have a dream that my children will know that they are members of one family, the human family, God’s family, my family.’” Addressing the timeless and universal concerns all people share, God Has a Dream envisions a world transformed through hope and compassion, humility and kindness, understanding and forgiveness.
