

## The Silver Sword Summary

This first novel of an epic fantasy trilogy reintroduces readers to the beloved and bestselling world of Deverry, blending magic, politics, and adventure in an unforgettable setting. The bards are the people's voice--and their sword. All over the kingdom of Deverry, the common people are demanding reform of the corrupt law courts. In Aberwyn, the situation catches fire when Gwerbret Ladoic, second in authority only to the High King, allows a bard to starve to death rather than hear their grievances. Guildwoman Alyssa, a student at the local scholars' collegium, and Lady Dovina, the gwerbret's own daughter, know that evidence exists to overthrow the so-called traditional legal system, if they can only get it into the right hands. The powerful lords will kill anyone who threatens their privileges. To retrieve the proof, Alyssa must make a dangerous journey that will either change her life forever--or end it.

Ren Kolins, a magic wielder in hiding, strikes a deal with a broody rebel plotting to overthrow the tyrant king, while king's guard member Adley Farre is hunting down the rebels one by one. But time is running out for all of them.

The auburned-haired O'Connor women share a bond far deeper than their striking physical appearance: These courageous, high-spirited women all push against societal limits in this exciting historical, romantic novel that spans generations and countries. It is said that as Cahira, daughter of the great Irish king Rory O'Connor, lay dying of a wound from a Norman blade, she beseeched God that others would follow her calling. To Kathleen O'Connor, Cahira's story was nothing more than a fable--until research divulged that the tale was true. As a stunned Kathleen realizes that she herself bears the mark of Cahira, she wonders if she is destined to continue the legacy. To uncover the answers, Kathleen delves into the past to find the truth about the Heirs of Cahira O'Connor. It is a journey that carries her across generations, from the battlefields of 13th-century Ireland to the castles of 15th-century Prague, and through a past filled with peril, courage, vengeance, love, and sacrifice beyond anything she has ever known. John Daker dreams of other worlds, and a name: Erekosë. He finds the strength to answer the call, travelling to a strange land ruled by the aging King Rigenos of Necranal. Humanity is united in a desperate fight against the inhuman Eldren, and he must fight with them. But the actions of his brethren turns his loyalties, and as Erekosë he will take a terrible revenge.

Meet Will Swyfte—adventurer, swordsman, rake, swashbuckler, wit, scholar and the greatest of Walsingham's new band of spies. His exploits against the forces of Philip of Spain have made him a national hero, lauded from Carlisle to Kent. Yet his associates can barely disguise their incredulity—what is the point of a spy whose face and name is known across Europe? But Swyfte's public image is a carefully-crafted façade to give the people of England something to believe in, and to allow them to sleep peacefully at night. It deflects attention from his real work—and the true reason why Walsingham's spy network was established. A Cold War seethes, and England remains under a state of threat. The forces of Faerie have preyed on humanity for millennia. Responsible for our myths and legends, of gods and fairies, dragons, griffins, devils, imps and every other supernatural menace that has haunted our dreams, this power in the darkness has seen humans as playthings to be tormented, hunted or eradicated. But now England is fighting back! Magical defences have been put in place by the Queen's sorcerer Dr. John Dee, who is also a senior member of Walsingham's secret service and provides many of the bizarre gadgets utilised by the spies. Finally there is a balance of power. But the Cold War is threatening to turn hot at any moment... Will now plays a constant game of deceit and death,

holding back the Enemy's repeated incursions, dealing in a shadowy world of plots and counter-plots, deceptions, secrets, murder, where no one... and no thing... is quite what it seems.

Winner of the PEN/Open Book Award Winner of The Story Prize Spotlight Award A kaleidoscopic portrait of five generations scattered across Asia and the United States, *Inheritors* is a heartbreakingly beautiful and brutal exploration of a Japanese family fragmented by the Pacific side of World War II. A retired doctor is forced to confront the moral consequences of his wartime actions. His brother's wife, compelled to speak of a fifty-year-old murder, reveals the shattering realities of life in Occupied Japan. Half a century later, her estranged American granddaughter winds her way back East, pursuing her absent father's secrets. Decades into the future, two siblings face the consequences of their great-grandparents' war as the world shimmers on the brink of an even more pervasive violence. Grappling with the legacies of loss, imperialism, and war, *Inheritors* offers an intricate tapestry of stories illuminating the complex ways in which we live, interpret, and pass on our tangled histories.

During World War II a community called Manzanar was hastily created in the high mountain desert country of California, east of the Sierras. Its purpose was to house thousands of Japanese American internees. One of the first families to arrive was the Wakatsukis, who were ordered to leave their fishing business in Long Beach and take with them only the belongings they could carry. For Jeanne Wakatsuki, a seven-year-old child, Manzanar became a way of life in which she struggled and adapted, observed and grew. For her father it was essentially the end of his life. At age thirty-seven, Jeanne Wakatsuki Houston recalls life at Manzanar through the eyes of the child she was. She tells of her fear, confusion, and bewilderment as well as the dignity and great resourcefulness of people in oppressive and demeaning circumstances. Written with her husband, Jeanne delivers a powerful first-person account that reveals her search for the meaning of Manzanar. *Farewell to Manzanar* has become a staple of curriculum in schools and on campuses across the country. Last year the *San Francisco Chronicle* named it one of the twentieth century's 100 best nonfiction books from west of the Rockies. First published in 1973, this new edition of the classic memoir of a devastating Japanese American experience includes an inspiring afterword by the authors.

In a world where magic has vanished, rival nations vie for power in a continent devastated by war. When a young woman demonstrates magical talent for the first time in decades there are those that will kill to obtain her power. But the girl finds that guardians can come from the most unlikely places.

Master writer Margi Preus treats readers to an amazing adventure in 1853 Japan. This lyric novel follows Yoshi, a Japanese boy who dreams of becoming a samurai. Unfortunately, as part of the serving class, Yoshi can never become a warrior. He is taken up by Manjiro, the protagonist of Preus's *Heart of a Samurai*, and becomes his servant and secret watchdog. Meanwhile, Commodore Matthew Perry and his USS *Susquehanna* squadron of steamships arrive in Edo Bay demanding that Japan open its ports to foreign trade. Aboard the commodore's flagship is Jack, a cabin boy who becomes separated from his American companions. He and Yoshi set out on a grand adventure to return Jack to his ship before he is discovered by the shogun's samurai.

"David Gemmell tells a tale of very real adventure, the stuff of true epic fantasy." --R. A. Salvatore, *New York Times*  
Bestselling author *The Goths* followed a bloodthirsty new leader, one who sought to open the Gates of Hell: Wotan. His immortal power stemmed from human sacrifice and dark sorcery, and no sword could touch him. He rode the winds on a leather-winged steed, while his armies cut a deadly swath across the northern kingdoms. Even death's icy hand could not stop them. Only Uther Pendragon could save Britannia. To do so he must wield his birthright--Cunobelin's blade, the legendary Sword of Power. But Uther was chained in Hell, the sword lost in swirling Chaos. All hope lay with the warrior known as Revelation, with the magic of the Sipstrassi Stones, and with Anduine, a blind girl possessed of arcane powers. Only if these unlikely allies united could they hope to stop the invincible foe before the world plunged into darkness. Threatened by a tide of invaders, the last of the Roman Auxiliaries are to leave Britain forever. But Aquila, a young legionnaire, chooses to stay behind, in order to join the fight to save his native land. *The Lantern Bearers* is the winner of the 1959 Carnegie Medal in Literature.

Winner, American Library Association Booklist's Top of the List, 2019 Adult Nonfiction Acclaimed writer Marie Arana delivers a cultural history of Latin America and the three driving forces that have shaped the character of the region: exploitation (silver), violence (sword), and religion (stone). "Meticulously researched, [this] book's greatest strengths are the power of its epic narrative, the beauty of its prose, and its rich portrayals of character...Marvelous" (*The Washington Post*). Leonor Gonzales lives in a tiny community perched 18,000 feet above sea level in the Andean cordillera of Peru, the highest human habitation on earth. Like her late husband, she works the gold mines much as the Indians were forced to do at the time of the Spanish Conquest. Illiteracy, malnutrition, and disease reign as they did five hundred years ago. And now, just as then, a miner's survival depends on a vast global market whose fluctuations are controlled in faraway places. Carlos Buergos is a Cuban who fought in the civil war in Angola and now lives in a quiet community outside New Orleans. He was among hundreds of criminals Cuba expelled to the US in 1980. His story echoes the violence that has coursed through the Americas since before Columbus to

the crushing savagery of the Spanish Conquest, and from 19th- and 20th-century wars and revolutions to the military crackdowns that convulse Latin America to this day. Xavier Albó is a Jesuit priest from Barcelona who emigrated to Bolivia, where he works among the indigenous people. He considers himself an Indian in head and heart and, for this, is well known in his adopted country. Although his aim is to learn rather than proselytize, he is an inheritor of a checkered past, where priests marched alongside conquistadors, converting the natives to Christianity, often forcibly, in the effort to win the New World. Ever since, the Catholic Church has played a central role in the political life of Latin America—sometimes for good, sometimes not. In this “timely and excellent volume” (NPR) Marie Arana seamlessly weaves these stories with the history of the past millennium to explain three enduring themes that have defined Latin America since pre-Columbian times: the foreign greed for its mineral riches, an ingrained propensity to violence, and the abiding power of religion. *Silver, Sword, and Stone* combines “learned historical analysis with in-depth reporting and political commentary...[and] an informed and authoritative voice, one that deserves a wide audience” (The New York Times Book Review).

*Silver Wolf* In this new historical romantic fantasy of stunning originality and scope, Alice Borchardt breathes life into a bygone age, brilliantly recreating a sensuous, violent world--and the men and women whose grand ambitions, betrayals,

and passions shape the era in which they live and die. Decadent Rome at the dawn of the Dark Ages is mired in crumbling grandeur. Now, into the Eternal City comes Regeane, a beautiful young woman distantly related, through her dead mother, to Charlemagne. Regeane's regal blood renders her an unwilling pawn in the struggle for political power. But unknown to those plotting against her, the blood she has inherited from her murdered father makes her much more than a child of royalty. Possessed of preternatural agility and strength, primal memories extending back thousands of years, and senses so keen they can pierce the veil of death itself, Regeane is a shapeshifter: woman and wolf, hunter and hunted. Betrothed by Charlemagne's command to a barbarian lord she has never seen, Regeane is surrounded by enemies. The most notorious, her depraved uncle and guardian, will not scruple to betray her to the Church unless she aids him in his sinister schemes. And if the Church discovers her secret, Regeane will burn at the stake. Yet Regeane finds allies as well: Lucilla, rumored to be the private courtesan of Pope Hadrian himself; Antonius, a wise and gentle soul trapped within a body grotesquely disfigured by disease; and the little Saxon girl Elfgifa, brave beyond her years, with a tongue as sharp as a blade. Outside the gates of Rome, baying on the moonlit expanses of the Campagna, there is a mysterious dark wolf whose scent makes the animal in Regeane tremble with desire. Now, as an infamous stranger prepares to claim his bride, deadly plots and counter plots tighten like a noose around her neck, Regeane must fight to live with dignity as the proud creature she is: civilized and savage, woman and wolf, partaking of both yet infinitely more than either . . . Lyrical, fast-paced, sensual, and rich with historical detail and deep insights into the heart, *The Silver Wolf* catapults Alice Borchardt squarely into the front rank of contemporary women writers. Her intricate plot and hypnotic voice will cast a spell that few will be able to resist.

*Night of the Wolf* The fearsome legions of Julius Caesar have crushed resistance to Roman rule. Watching the tragic aftermath through yellow eyes afire with curiosity and intelligence is Maeniel, a gray wolf . . . and a shapeshifter unaware of his preternatural duality. But a new Maeniel is about to be born from the ruins. The sight of the beautiful Imona fills Maeniel with unfamiliar feelings and desires, triggering his transformation from wolf to man. In her arms he learns what it means to love. It is a knowledge that will change him forever. When Imona vanishes, Maeniel follows her trail--unaware that he is being pursued by a warrior-woman sworn to kill him. But the hunt upon which the two adversaries embark will lead them farther than they can imagine: to the gates of Rome itself--to the gates of their very souls . . .

An intimate, gripping novel of the antebellum Underground Railroad, based on the true story of a valiant Philadelphia freedwoman -- the first novel we have had from the author of *Black Ice*, the "stunning memoir" (New York Times) of a

black student's experience at a New England prep school in the 1970S. The Price of a Child opens in the fall of 1855. A Virginia planter is on his way to assume a diplomatic post in Nicaragua, accompanied by his cook, Ginnie, and two of her children (one of whom is his). Temporarily stranded in Philadelphia when they miss their steamboat, Ginnie makes a thrilling leap of the imagination: it is the moment she has been desperately waiting for, the moment she decides to be free. In broad daylight, under the furious gaze of her master, she walks straight out of slavery into a new life -- and into a whole new set of compromising positions. We follow Ginnie as she settles with a respectable and rambunctious black family, as she reinvents herself, christens herself Mercer Gray, dodges slave catchers, lectures far and wide in the cause of abolition, and falls in love with a man whose own ties are a formidable barrier to their happiness. And we see her agonizing all the while about the baby boy she had to leave behind on the plantation, whom she is determined to rescue. In a remarkable feat of historical empathy, Lorene Cary has created an authentic American heroine -- a woman who finds voice for the appalling loss and bitterness of her past, and who creates within herself a new humanity and an uncompromising freedom.

The Silver Child is book 1 in a heart-stopping new sequence.

Listen! For I sing of Owen Thorskard: valiant of heart, hopeless at algebra, last in a long line of legendary dragon slayers. Though he had few years and was not built for football, he stood between the town of Trondheim and creatures that threatened its survival. There have always been dragons. As far back as history is told, men and women have fought them, loyally defending their villages. Dragon slaying was a proud tradition. But dragons and humans have one thing in common: an insatiable appetite for fossil fuels. From the moment Henry Ford hired his first dragon slayer, no small town was safe. Dragon slayers flocked to cities, leaving more remote areas unprotected. Such was Trondheim's fate until Owen Thorskard arrived. At sixteen, with dragons advancing and his grades plummeting, Owen faced impossible odds--armed only with a sword, his legacy, and the classmate who agreed to be his bard. Listen! I am Siobhan McQuaid. I alone know the story of Owen, the story that changes everything. Listen!
