

Unexplained Zodiac

Will luck be a lady tonight? Or must we play the hand we're dealt? There is no need to use tarot cards to learn what the future holds: a regular deck of playing cards will do the trick - as long as you know how to read them. *Fortune Telling Using Playing Cards* teaches readers how to translate the four suits of the tarot into the more familiar hearts, diamonds, spades, and clubs found in the common playing card deck. Readers will learn the meaning of the cards, their individual symbolism, keywords, astrological associations, and the significance of their numbers. There are even suggestions on how to do a quick reading when you're short on time - so you will always know what's in the cards.

Who was the Zodiac Killer who terrorized residents of California during the 1960s and 1970s? The answer is still unknown. Readers take an in-depth look at the investigation that continues to fascinate Americans, discovering the details of the crimes and the search for the person who committed them. Additional information is presented through engaging sidebars and eye-catching fact boxes. Historical and contemporary photographs, including primary source images, help readers place themselves in the middle of one of the most famous unsolved mysteries in American history.

In this comprehensive book, bestselling author John Randolph Price takes us back to 9500 b.c., when the Grand Magicians came forth, on to 500 b.c., when the "Great Ones" appeared, and continues to trace the life-changing Principles of New Thought right up to the present time.

Though familiar to all, the twelve-strong Western Zodiac remains an enigmatic artifice of the archaic past. To date, no scholar has been able to determine who conjured up its constellations and when this might have happened. Nor do we know what the grand design behind this innovative endeavor might have been. This book, however, goes a long way towards answering those questions by combining together a variety of clues from multiple disciplines, including astronomy, archaeology, and linguistics. It provides a comprehensive framework that greatly expands our understanding of the genesis and purposes of this remarkable intellectual relic of our cultural heritage. The book's overarching outcome that the zodiacal necklace in the sky appeared gradually over time in three different stages, with each reflecting the immanent social and spiritual concerns of its time provides a fundamental impact to reconsider our understanding of prehistory. No special knowledge is necessary to understand this captivating writing.

Are you an emotional Scorpio who needs to pour out your latest drama to your friends and relatives? Perhaps you're an uptight Capricorn who keeps all your feeling to yourself? Are you a flirtatious Libran, a brave but thoughtless Arian or a careful Cancerian? Whatever your characteristics are, *The Magic of Astrology* will help explain the unexplainable in your life, give advice on your relationships, careers and much, much more. Since the dawn of humanity, we have always looked up to the stars for guidance, whether we are lost at sea or lost in life. Astrology is an ancient science, with tried and tested advice from various cultures all across the world over thousands of years. Are you anxious in a new relationship? Are you stuck in an unsatisfying job? Has an opportunity arisen, but you find it hard to make a decision? Astrology can show you the way. This book shows you how you can unlock your hidden potential and reveal your true personality. It offers an engaging, in-depth analysis of every zodiac sign, so you can compare with your friends and family, and it also explains how astrology can influence and improve every area of your life. Packed with detailed compatibility charts and advice, this practical guide channels the secret of the stars to help you to live life to the fullest.

If you think your astrological fate is sealed by your Sun sign, think again! Your emotions, instincts, intuition, and most private passions are dominated by your Moon sign. In this eye-opening volume, world-famous astrologer and therapist Donna Cunningham unravels the often bewildering effects of lunar influence: a person's potential for intimacy, sense of security, family ties, susceptibility to indulgence in food or drink, career ambition, as well as how men and women respond differently to the same lunar promptings in love and life. Cunningham provides all the information you need to determine your own and others' Moon signs—and analyze their power. *Moon Signs* also charts the daily, monthly, and yearly courses of the moon, which create those predictable mood swings—our “emotional weather.” The time-honored tradition of astrology has come into its own as a resource for human development and spiritual insight. For astrological novices and veterans alike, Cunningham's invaluable guide will pave the way to a more profound understanding of the uncharted and sometimes dark side of the soul.

The greatest unsolved problems that are, or are thought to be, codes or ciphers.

Gianni Sarcone offers an approachable how-to for graphic designers, teachers, and artists who want to explore illusions that are distorted in size or create the perception of movement. Amateur illusionists are invited to draw curves that diverge and converge, diamonds that vibrate and flicker, hypnotic spirals, ghosts, and ambiguous figures, and many other visual tricks.

Fight for your country, and fight to the last... The Falklands, 1999 – a vital strategic stronghold and oil-rich gem in the South Atlantic. For RAF pilot Sean Riever it is a place of ghosts. For Jane Clark, his co-pilot, a place of tough decisions. An air of menace hangs over the desolate, battle-scarred landscape; present dangers and past mysteries lurk in the shadows on the skyline. Then a Royal Navy nuclear submarine disappears, and Argentine jet fighters penetrate the Exclusion Zone. As Sean and his companions stave off wave after wave of enemy attacks, their defense becomes an epic battle for survival – in which victory can only be achieved at a terrible price... A pulse-pounding, high-octane action thriller, *Exclusion Zone* is a tour de force, perfect for fans of Frederick Forsyth, Mark Greaney and Kyle Mills. Praise for *Exclusion Zone* 'Fresh and compelling ... as good as anything written by Jeffrey Archer or Dick Francis' Daily Mail 'A cracking combat thriller with a delicate love story' Mail on Sunday

An individualized, detailed astrological analysis of compatibility, based on each person's birthchart, includes instructions on how to create astrological charts using your birthdate and birthtime. Reprint.

In this fascinating volume, Osho reclaims astrology from the pop psychologists and “fortune tellers” and shares the deep insights that first brought this unique science of the stars into being. From ancient India to the lost civilization of Sumeria, from Pythagoras to Paracelsus to Piccardi, we discover that for thousands of years there has been a thread of awareness of how all things in the universe are interconnected – an awareness that modern physics is still struggling to define in scientific terms today. As Osho says: The universe is a living body, an organic unity. In it, nothing is isolated, all is connected. Whatever is far away is connected to that which is near; nothing is separate. So no one should remain in

the fallacy that he is an island: isolated, separate, aloof. Everything is connected to the whole, and everything is all the time affecting others and being affected by others. Astrology aficionados and skeptics alike will find something in this small volume to provoke a new way of looking at what really “makes the world go round.”

Combining an understanding of astrological symbolism and the psychological processes involved in the pursuit of individuality, the author shares insights about how the concept of fate evolves. Through myths, fairy tales, and zodiacal signs, she shows us this mythological journey.

Fans of Abir Mukherjee and Sarah Waters will love this gloriously macabre romp racing through the glitzy Versailles Palace by way of the shady criminal underworld of Paris on the brink of the revolution. Everyone has secrets. Especially the king. When a gruesomely mutilated body is found on the squalid streets of Paris in 1759, the Inspector of Strange and Unexplained Deaths is called to the scene. The body count soon begins to rise and the Inspector is brought even further into a web of deceit that stretches from criminals, secret orders, revolutionaries and aristocrats to very top of society. In the murky world of the court of King Louis XV, finding out the truth will prove to be anything but straightforward.

For decades, modern seekers have experimented and studied with many diverse teachers and religions, but Stuart Wilde says in that toward the end of a long spiritual journey we all seek the same thing: redemption. None of us is perfect, and yet through embracing that imperfection and reconciling it, we become a complete being - encompassing both the light and the dark. As Stuart says: "Many mystics, holy people, and even the Hopi Indians have predicted a new age of enlightenment, and they are not wrong in my view. It has arrived, and with it has come a whole host of fascinating phenomena never seen before. We are stepping into a magical new era . . . the age of forgiveness." It is when the ivory tower of the ego's ideas falls that we can then embrace a new humility, allowing us to become ever more genuine, compassionate, and real. In this fascinating book, Stuart makes the point that the process of redemption and forgiveness comes from incorporating the Three Graces in one's heart: tenderness, generosity, and respect.

The clash of faith and science in Napoleonic France The Dendera zodiac—an ancient bas-relief temple ceiling adorned with mysterious symbols of the stars and planets—was first discovered by the French during Napoleon's campaign in Egypt, and quickly provoked a controversy between scientists and theologians. Brought to Paris in 1821 and ultimately installed in the Louvre, where it can still be seen today, the zodiac appeared to depict the nighttime sky from a time predating the Biblical creation, and therefore cast doubt on religious truth. The Zodiac of Paris tells the story of this incredible archeological find and its unlikely role in the fierce disputes over science and faith in Napoleonic and Restoration France. The book unfolds against the turbulence of the French Revolution, Napoleon's breathtaking rise and fall, and the restoration of the Bourbons to the throne. Drawing on newspapers, journals, diaries, pamphlets, and other documentary evidence, Jed Buchwald and Diane Greco Josefowicz show how scientists and intellectuals seized upon the zodiac to discredit Christianity, and how this drew furious responses from conservatives and sparked debates about the merits of scientific calculation as a source of knowledge about the past. The ideological battles would rage until the thoroughly antireligious Jean-François Champollion unlocked the secrets of Egyptian hieroglyphs—and of the zodiac itself. Champollion would prove the religious reactionaries right, but for all the wrong reasons. The Zodiac of Paris brings Napoleonic and Restoration France vividly to life, revealing the lengths to which scientists, intellectuals, theologians, and conservatives went to use the ancient past for modern purposes.

Unexplained Zodiac: The Inside Story to Your Sign Charlesbridge Publishing

An African-American perspective on astrology is tailored to the experience, interests, and culture of the African-American community, offering profiles of each sign as well as lighthearted advice on an array of subjects. Original. 25,000 first printing.

Can we see into the future to tell if we are going to be happy or rich? What does fate have in store for us? These are the kinds of questions that come up when most people think of divination, making it seem like mere fortune-telling or, worse, just plain superstition. Rather than predicting the future, however, divination provides insight and guidance to help a person create the future. It is a way of contacting part of the human mind that resides in the unconscious, providing greater perspective and access to psychic abilities. Astrology and Divination is an overview of the history and forms of divination that have existed in human culture around the world since prehistoric times. Delving into the reasoning and psychology of divination, it looks at divination methods including Tarot, astrology, palmistry, and other body readings, the I Ching, and other oracular methods. Chapters include: Confronting the Divine, Omens, Astrology, Divination Games and The Tarot.

An Unexplained Death is an obsessive investigation into a mysterious death at the Belvedere—a once-grand hotel—and a poignant, gripping meditation on suicide and voyeurism “The poster is new. I notice it right away, taped to a utility pole. Beneath the word ‘Missing,’ printed in a bold, high-impact font, are two sepia-toned photographs of a man dressed in a bow tie and tux.” Most people would keep walking. Maybe they’d pay a bit closer attention to the local news that evening. Mikita Brottman spent ten years sifting through the details of the missing man’s life and disappearance, and his purported suicide by jumping from the roof of her own apartment building, the Belvedere. As Brottman delves into the murky circumstances surrounding Rey Rivera’s death—which begins to look more and more like a murder—she contemplates the nature of and motives behind suicide, and uncovers a haunting pattern of guests at the Belvedere, when it was still a historic hotel, taking their own lives on the premises. Finally, she fearlessly takes us to the edge of her own morbid curiosity and asks us to consider our own darker impulses and obsessions.

Responding to the surging interest among students for information on topics relating to magic, witchcraft, the supernatural and other mysterious phenomena, Gale presents this in-depth, comprehensive 3-vol. set. Information is arranged in an objective manner, presenting varying viewpoints when appropriate, and is written at a level that younger students and researchers can understand. Chapters offer a thorough look at the history of each topic and cover the people and practices, as well as popular literature, television programs and movies, related to the subject. Other features include: Approximately 300 photos and illustrations "Making the Connection," a detailed glossary "Delving Deeper," a helpful further readings section Cumulative index Sidebars highlighting unusual facts, features, and people, as well as related books, films, Web sites, and other sources of relevant information

In Focus Astrology provides all you need to know about the characteristics and workings of the zodiac signs, along with instructions on how to create your own astrology chart. Included inside the back cover is a beautifully illustrated 18 x 24-inch wall chart detailing the main characteristics of each astrological sign. Who is your perfect mate? A Capricorn, Libra, or Virgo? Why are you not getting along with your coworker, who is a Gemini? Why are you constantly making the same mistakes? In Focus Astrology will give you a deeper understanding of

your own nature, as well as those closest to you—and, perhaps, those you should keep at arm's length. No one ever understood the mythology and Ritual of Ancient Egypt so well as Gerald Massey since the time of the Ancient Philosophers of Egypt. This book is one of the best when it comes down to Egyptian mythology, occultism and interpretation. It's a standard work no one wants to miss. Contents: Sign-Language And Mythology As Primitive Modes Of Representation. Totemism, Tattoo And Fetishism As Forms Of Sign-Language Elemental And Ancestral Spirits, Or The Gods And The Glorified. Egyptian Book Of The Dead And The Mysteries Of Amenta The Sign-Language Of Astronomical Mythology Egyptian Wisdom. The Drowning Of The Dragon The Sign-Language Of Astronomical Mythology (Part II) Horus Of The Double Horizon. The Making Of Amenta The Irish Amenta The Upper Mount Of Glory. Egyptian Wisdom And The Hebrew Genesis The Egyptian Wisdom In Other Jewish Writings

Are you intrigued by the unexplained? Then look no further. This book is a compilation of mysterious topics that will open your eyes and expand your mind. For example, did you know there is evidence that man might actually be millions of years older than what is currently taught? Or that ancient cultures knew of, and possibly utilized, aviation? Or that there is evidence giants may have literally once inhabited the earth? This book covers all that is mentioned, and more!

Many strange events defy explanation. This book is a compendium of some of the world's most mystifying conundrums, which are guaranteed to bewilder and intrigue. From the mysterious disappearance of Lord Lucan, by way of paranormal powers, to bizarre phenomena thrown up by nature, this fantastic collection of off-the-wall investigations also features scary curses, uncanny prophecies, weird medical marvels, alien abductions, lost worlds, and much more.

The winner of the Man Booker Prize, this "expertly written, perfectly constructed" bestseller (The Guardian) is now a Starz miniseries. It is 1866, and Walter Moody has come to stake his claim in New Zealand's booming gold rush. On the stormy night of his arrival, he stumbles across a tense gathering of 12 local men who have met in secret to discuss a series of unexplained events: a wealthy man has vanished, a prostitute has tried to end her life, and an enormous cache of gold has been discovered in the home of a luckless drunk. Moody is soon drawn into a network of fates and fortunes that is as complex and exquisitely ornate as the night sky. Richly evoking a mid-nineteenth-century world of shipping, banking, and gold rush boom and bust, *The Luminaries* is at once a fiendishly clever ghost story, a gripping page-turner, and a thrilling novelistic achievement. It richly confirms that Eleanor Catton is one of the brightest stars in the international literary firmament. Two opposing views of the future in the Middle Ages dominate recent historical scholarship. According to one opinion, medieval societies were expecting the near end of the world and therefore had no concept of the future. According to the other opinion, the expectation of the near end created a drive to change the world for the better and thus for innovation. Close inspection of the history of prognostication reveals the continuous attempts and multifold methods to recognize and interpret God's will, the prodigies of nature, and the patterns of time. That proves, on the one hand, the constant human uncertainty facing the contingencies of the future. On the other hand, it demonstrates the firm believe during the Middle Ages in a future which could be shaped and even manipulated. The handbook provides the first overview of current historical research on medieval prognostication. It considers the entangled influences and transmissions between Christian, Jewish, Islamic, and non-monotheistic societies during the period from a wide range of perspectives. An international team of 63 renowned authors from about a dozen different academic disciplines contributed to this comprehensive overview.

Everybody loves a good mystery and sometimes the questions can be more interesting than the answers. Will Pearson investigates twenty unique mysteries with their broad spectrum of strangeness. Some, like the sudden disappearance of the sailing ship *Mary Celeste's* passengers and crew have gained universal currency. Was the Wow! Signal a radio transmission from deep space, or was it the ambient resonating frequency of a passing comet? Cryptids like Bigfoot and the Loch Ness Monster teeter on the boundaries of probable and improbable, hoax and reality, fact and fiction. Whether it be the intrigue of lost civilisations, like Göblekli Tepe in Turkey, sensationalist interest in *The Zodiac Killer*, or the elusive Shugborough Code that neither Dickens nor Darwin could crack, each unsolved mystery presents a challenge in its own way. Occasionally, it can feel as if there's a conspiracy at work - one in which scientists, journalists and 'professional explainers' want to put an end to anything and everything mysterious in life. Thankfully, not everything can be nailed down, sucked dry of its secrets and turned into a factoid. Mysteries do still exist - and continue to tease us. Sceptic or believer, the fun lies in probing them.

A fresh introduction to astrology that will provide a contemporary perspective on this age-old practice. Where have we been? Where are we going? There is no greater roadmap than the stars for helping us to recognize habitual patterns, discovering our gifts, and figuring out how to move toward greater joy and contentment. *A Modern Guide to Astrology* provides readers with a fresh perspective on the fundamentals of astrology and how to read their own birth charts. With accessible depictions of the astrological signs and symbols, this guide opens up the rich world of astrology as a tool to deepen self-awareness and lead a more fulfilling life. The book highlights the basic concepts of astrology that provide entryways into an understanding of the factors that shape our lives in fundamental ways. This book weaves together the whole tapestry, showing readers that reading and understanding astrology charts is within reach.

Explore the mesmerizing depths of the esoteric and unexplainable with this outstanding A to Z reference guide. *Catalog of the Unexplained* provides fascinating entries on 450 topics, from angels and herbalism to tarot and vampires. Magical practitioners, holistic healers, ghost hunters, spiritual seekers, and trivia fans alike will marvel at the knowledge this book contains. Authors Leanna and Beleta Greenaway provide brief and in-depth entries on: Acupuncture Animal Totems Astral Projection Candles Color Therapy Curses Dreams Dowsing ESP Exorcism Fairies Feng Shui Fortune-Telling Hypnosis I Ching Kundalini Lucid Dreaming Numerology Palm Reading Psychic Development Reiki Spellcasting UFOs Voodoo Witchcraft Yoga

Your Sun sign (often referred to simply as your sign) is the zodiac sign the Sun was traveling through at the time of your birth. Your Sun sign is the most important and pervasive influence in your horoscope and in many ways determines how others see you. It governs your individuality, your distinctive style, and your drive to fulfill your goals. It symbolizes the role you are given to play in this life. It's as if at the moment of your birth you were pushed onstage into a drama called *This Is My Life*. In this drama, you are the starring actor—and your sign is the character you play. This elegant little volume is packed with what your Sun sign tells you about you. You'll read about your many positive qualities as well as your negative issues and inclinations. You'll find insights into your power, potentials, and pitfalls; advice about relationships, love, and sex; clarification on erogenous zones and how you combine romantically with other signs; guidance regarding career, health, and diet; and information about myriads of objects, places, concepts, and things to which you're attached. You'll also find topics not usually included in other astrology books—such as how you fit in with Chinese astrology and with numerology.

The Zodiac Killer was a serial killer who operated in the northern California and San Francisco Bay areas in the late 1960's and 70's. He sent a number of codes, letters, and a map to taunt the police and frighten the public. Only one of his codes was ever solved and may yet hold

untold secrets. If you are the kind of person who likes crossword puzzles and brain teasers but you are bored of the same old things that in the end don't mean anything after you solve them, and want to try out your talent on something real; then this is the book for you. My name is Randall Clemons and I have been researching the Zodiac and his codes for the last ten years. In this book, I will show you how his codes are not what they seem. I will show you how they work with his map in a series of overlays and how they may connect to an unsolved murder of a girl named Susan Nason. He sent two bomb drawings, one of which is also a map overlay and one shows signs it is to be folded. The one that matches the map in an overlay is a threat against a school, and the place it marks is a school. It also marks a section of highway with a string of bombs. In this book I tell you the basic story, introduce you to the kinds of codes and puzzles I think Zodiac copied as well as where he got the idea from. Then you will be familiarized with the codes and what I have found which will amaze you. The puzzle still isn't finished and I need your help to solve the Zodiac Killer Enigma. I will show you how his codes are all connected to one another and how they are not just limited to his known codes but how they are hidden all throughout his letters for people to discover. In this Part 1 of a two-part series, you will read and learn all of that while being fascinated at the same time. In part two of this two-part series, you will see all of his letters in their entirety for you to read and study so you can do your own code-breaking and puzzle solving. Zodiac meant for all of these letters to be published in the papers so the people in the general public could find his riddles and solve his puzzle and maybe even catch him. The majority of his letter was kept from the public for years, so the codes were never solved like he intended. They couldn't be because the people trying to solve them did not have all of the puzzle pieces. I will show you a whole new take on the Zodiac codes and that anyone, even you are capable of figuring them out and solving the rest of the puzzle. Part two of this series also exhibits all of the crime scene and victim photos, and they have been colorized. It also has a Department Of Justice Special Report, handwriting comparisons and more for the reader to study and investigate. You can become an amateur sleuth and code breaker after you see what I have to show you. So if you like mystery, puzzles, codes, true crime, then you need to read this book and maybe you can even solve the rest of the puzzle, and remember, Zodiac was never captured. He could still be out there today. He could be your next-door neighbor, he could be the man standing behind you at the grocery store, he could be your one of your friends or family. So take a look at what I have to show you and try the codes for your self, who knows what you will find? May you even find him?

Internationally respected astrologer, Sasha Fenton explains far beyond the basics of the zodiac signs and explores the true nature of our ties to astrology. There is a lot more to the story than just Sun signs and Fenton tells it here, gleaned from more than four decades of experience. You'll see the other side of the signs that suffered from "bad press" as well as those that are supposedly "soft"; learn some of the various ways the zodiac can be charted; discover what those born under different signs really think of each other; and get numerous fun factoids, tips, and trivia. Of course, charts appear throughout and each sign receives a rich and full analysis, with myths debunked, information on body and health, and lists of favorite colors, gems, metals, and romantic attraction. With the unexplained explained, and the inside story revealed, you'll finally understand the signs and how they affect every facet of your loved ones' being and your own.

New mysteries, as well as variations on recurring ones, continue to surface on a weekly basis around the globe, from showers of frogs over Hungary to birds falling to earth in Arkansas. This compendious round-up of unexplained phenomena examines everything from the experiments being done with the Large Hadron Collider to classic maritime mysteries involving inexplicably missing crews, via UFOs, mediums, cryptozoology, panics, paranoia and a universe proving stranger in fact than we'd imagined.

First published in 2005. Routledge is an imprint of Taylor & Francis, an informa company.

A fun and sassy no-nonsense invitation to the practice of astrology with easy-to-understand tools for self-development and conscious living. Astrology books are typically either overly simplistic sun-sign books or overly complicated chart calculations filled with astro jargon. Astrology for Real Life goes beyond simple sun-sign interpretation and at the same time cuts through the complications of horoscope analysis to make understanding your chart in depth, simple and easy. The goal is to make astrology accessible to total newbies and provide a working reference guide for intermediates. The book is presented in workbook format exploring each part of chart interpretation—signs, planets, houses, aspects—with exercises following each chapter and fill-in-the-blank lessons that take the reader through all the just-learned steps. The tone is warm, fun, and personal, and the exercises give the reader experiential hands-on practice. The end result: once you learn the basics in Astrology for Real Life, you can easily navigate the cosmos by making them work for you. It's kind of like a roadmap where we begin by understanding the terrain and the tools available. From there, the planets will guide you in making brave, excellent choices in love, work, and life. It's profound, fun, and practical. You'll learn how to interpret your chart with confidence and use astrology in a practical, proactive way, with no astro excuses (blaming the stars for your issues).

A 'sun sign' or 'star sign' is the sign of the zodiac that you are born under; Everyday Astrology For A Better Life shows how sun-sign astrology, the most straightforward form of ancient science, can unlock your hidden potential and reveal your true personality. This unique book offers an engaging, in-depth analysis of every zodiac sign. It also explains how astrology can influence and improve every area of your life, from health and well-being to working life, money and home. Packed with detailed compatibility charts that will help you achieve your potential in love, passion and friendship, this practical, illustrated guide channels the secrets of the stars to help you to live life to the fullest. Longtime astrologers Shiva Das and Mercy Ananda take readers through every aspect of astrology, from its history, principles, components, and meanings, to its use as a tool to raise awareness and to understand possibilities in cause and effect. With nearly 180 black and white illustrations, including zodiac, primary wheel, and sign relationship depictions, Divine Love Astrology provides a thorough education in this ancient system. This essential guide embraces the immediate personal and practical applications of astrology and encompasses the broadest philosophical and universal values, guiding us from Earthly mundane to the celestial Divine. Not only do the authors teach readers the basics of the field, but they also provide them with tools to reflect and develop intuitive understanding that will aid in reading astrology charts and living a conscious life. Divine Love Astrology will benefit those interested in becoming astrologers and help them—through the use of astrology as a contemplative science—develop their intuition. Rather than proposing that we live our lives by astrological events or learn to stereotype people, Das and Ananda help readers get in touch with their inner knowing, enabling them to make conscious choices for themselves in the present. With its spiritual and applicable lens, Divine Love Astrology will help both professional astrologers and laypeople alike take charge of their lives from the inside out. From the Trade Paperback edition.

Chinese Astrology is a beautifully illustrated guide with easy to use instructions to help you understand the fundamental ideas and determine the more advanced aspects. Each page includes a newly commissioned artwork of a Chinese character, from the animals of the Zodiac to the Five Phases and Elements to the 60 Year Lunar Calendar and the 24 Solar Terms. This is accompanied by an explanation of each character and its significance within Chinese astrology.
