Although the world is saturated with extraordinary methods, innovation, and technology, the Caribbean seems to have been left behind in the sustainable growth of global development. While the majority of the world defines the Caribbean as "paradise," the reality of life for Afro-Caribbean culture is defined by an unrelenting hardship. This book comprehensively analyzes this phenomenon from a unique and intimate perspective in order to offer a viable pathway to sustainable growth. By examining the historic progression of the Caribbean region and the African culture within, the author explores the relationship between creative practice and socioeconomic crisis and questions whether limited access to environments that facilitate original and conceptual ideas correlates with socioeconomic crisis. The outcomes and methods of analysis developed in this book are a useful tool for other cultures or organizations seeking to diffuse socioeconomic crisis and implement a pathway of sustainable growth. This innovative book will be of great interest to students and scholars of cultural and sustainability studies, Caribbean and African Studies, as well as Development and Sustainable Development

Viewpoint is an innovative course that's based on extensive research into the Cambridge English Corpus, taking students to a higher level of proficiency to become effective communicators. Viewpoint Level 1 Student's Book A is for young adult and adult students who have reached an upper-intermediate level of English proficiency (B2). Units 1-6 in this level teach the language, skills, and strategies that students need to progress beyond intermediate level and to speak and write in English naturally, effectively, and appropriately. From the same author team as the ground-breaking Touchstone series, Viewpoint 1A also draws on the Cambridge International Corpus which underpins a highly effective approach to teaching English language.
