My writing is the road map of my life—things that I have seen, heard, and experienced. I have been fortunate to have traveled a lot during my life. I have learned one thing above all else: The world is the same no matter where we go. The only difference is the language and the taste of the water. I have been, and still, am blessed to have seen so much.

Brutified is a collection of poetry written by the author Robert Benefiel. The poems contained within it are from a larger cache of poems written in 2019. The pieces themselves range from narrative to abstract, bibliographical to fictionalized, allowing for a fuller range of expression and voice. What each piece carries is the idea of surviving the brutality of the world, others, and even one's self, in hopes of gaining insight and retaining one's compassion. Whether the piece is addressing the idea of finding one's own art at a junk store, or stumbling across a love note written before, but after, a lover has left them, or even watching a young midget be chased through the mall, the author never ceases to try and present the emotion and meaning at the core of each piece in a blatant yet subtle way.

A Gary Revel Memoir: Details of the birth, youth, education, music, US Navy service, experiences in; San Diego/Hollywood, California, Memphis/Nashville, Tennessee. More: Playing poker with men in a rough and tumble southern juke joint is not the typical activity of a 10 year old boy but it was for Gary Revel. Dancing with waitresses to Rock & Roll, Blues and Country music coming from the jukebox was also part of his usual child's play. Once he accepted the request to assist in the investigation of the MLK assassination he started his journey that would eventually take him into Brushy Mountain Prison in Petros Tennessee to meet the supposed killer of Martin Luther King Jr., James Earl Ray. Danger, intrigue and murder followed as he entered the darkness of the investigation of the Martin Luther King Jr. assassination.

There are three things you need to know about Ashley Winston: 1) She has six brothers and they all have beards, 2) She is a reader, and 3) She knows how to knit. Former beauty queen, Ashley Winston's preferred coping strategy is escapism. She escaped her Tennessee small town, loathsome father, and six brothers eight years ago. Now she escapes life daily via her one-click addiction. However, when a family tragedy forces her to return home, Ashley can't escape the notice of Drew Runous—local Game Warden, bear wrestler, philosopher, and everyone's favorite guy. Drew's irksome philosophizing in particular makes Ashley want to run for the skyscrapers, especially since he can't seem to keep his exasperating opinions—or his soulful poetry, steadfast support, and delightful hands—to himself. Pretty soon the girl who wanted nothing more than the escape of the big city finds she's lost her heart in small town Tennessee. Beauty and the Mustache is book #4 in the Knitting in the City series, and book #0.5 in the Winston Brothers series. Each book is a standalone, full length (110k words), contemporary romantic comedy novel, and follows the misadventures and exploits of seven friends in Chicago, all members of the same knitting group.

The Quirky Devotion Book uses real life stories and examples to inspire, motivate, and entertain. Proceeds are shared with a local church and rescue mission. Appropriate for all ages (but you probably need to be at least thirteen to get most of the references). This is not your grandfather's devotion book, unless you buy him a copy, in which case I suppose it would be.

The poems of two of China's most influential classical poets: Tu Fu, called "China's Shakespeare" (BBC), and Li Po, the subject of Ha Jin's The Banished Immortal and "China's most beloved poet" (The New Yorker) A Penguin Classic Li Po (AD 701–62) and Tu Fu (AD 712–70) were devoted friends who are traditionally considered to be among China's greatest poets. Li Po, a legendary carouser, was an itinerant poet whose writing, often dream poems or spirit-journeys, soars to sublime heights in its descriptions of natural scenes and powerful emotions. His sheer escapism and joy is balanced by Tu Fu, who expresses the Confucian virtues of humanity and humility in more autobiographical works that are imbued with great compassion and earthy reality, and shot through with humour. Together these two poets of the T'ang dynasty complement each other so well that they often came to be spoken of as one – 'Li-Tu' – who covers the whole spectrum of human life, experience and feeling. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

What are we? The Damned childer of caine? The grotesque lords of humanity? The pitiful wretches of eternal hell? We are vampires, and that is enough. I am a vampire, and that is far more than enough. I am that which must be feared, worshipped and adored. The world is mine -- now and forever. No one holds command over me. No man. No god. No prince. What is a claim of age for ones who are immortal? What is a claim of power for ones who defy death? Call your damnable hunt. We shall see whom I drag screaming to hell with me. The role of the Storyteller is

daunting, and this book is an invaluable aid for those who orchestrate Vampire chronicles. It includes myriad information, including enigmas best left out of players' hands, from creating stories to creating the casts of epic tales.

The recent revolution in Egypt has shaken the Arab world to its roots. The most populous Arab country and the historical center of Arab intellectual life, Egypt is a linchpin of the US's Middle East strategy, receiving more aid than any nation except Israel. This is not the first time that the world and has turned its gaze to Egypt, however. A half century ago, Egypt under Nasser became the putative leader of the Arab world and a beacon for all developing nations. Yet in the decades prior to the 2011 revolution, it was ruled over by a sclerotic regime plagued by nepotism and corruption. During that time, its economy declined into near shambles, a severely overpopulated Cairo fell into disrepair, and it produced scores of violent Islamic extremists such as Ayman al-Zawahiri and Mohammed Atta. In *The Struggle for Egypt*, Steven Cook--a Senior Fellow at the Council on Foreign Relations--explains how this parlous state of affairs came to be, why the revolution occurred, and where Egypt might be headed next. A sweeping account of Egypt in the modern era, it incisively chronicles all of the nation's central historical episodes: the decline of British rule, the rise of Nasser and his quest to become a pan-Arab leader, Egypt's decision to make peace with Israel and ally with the United States, the assassination of Sadat, the emergence of the Muslim Brotherhood, and--finally--the demonstrations that convulsed Tahrir Square and overthrew an entrenched regime. Throughout Egypt's history, there has been an intense debate to define what Egypt is, what it stands for, and its relation to the world. Egyptians now have an opportunity to finally answer these questions. Doing so in a way that appeals to the vast majority of Egyptians, Cook notes, will be difficult but ultimately necessary if Egypt is to become an economically dynamic and politically vibrant society.
